The Visionary Queen Theresa Brock,2023-10-13 The Visionary Queen affirms Marguerite de Navarre s status not only as a political figure author or proponent of nonschismatic reform but also as a visionary In her life and writings the queen of Navarre dissected the injustices that her society and its institutions perpetuated against women We also see evidence that she used her literary texts especially the Heptameron as an exploratory space in which to generate a creative vision for institutional reform The Heptameron s approach to reform emerges from statistical analysis of the text s seventy two tales which reveals new insights into trends within the work including the different categories of wrongdoing by male institutional representatives from the Church and aristocracy as well as the varying responses to injustice that characters in the tales employ as they pursue reform Throughout its chapters The Visionary Queen foregrounds the trope of the labyrinth a potent symbol in early modern Europe that encapsulated both the fallen world and redemption two themes that underlie Marguerite s project of reform

now *The Battle of the Otranto Straits* Paul G. Halpern, 2004-06-15 Called by some a Mediterranean Jutland the Battle of the Otranto Straits involved warships from Austria Germany Italy Britain and France Although fought by light units with no dreadnoughts involved Otranto was a battle in three dimensions engaging surface vessels aircraft and subsurface weapons both submarines and mines An attempt to halt the movement of submarines into the Adriatic using British drifters armed with nets and mines led to a raid by Austrian light cruisers The Austrians inflicted heavy damage on the drifters but Allied naval forces based at Brindisi cut off their withdrawal The daylight hours saw a running battle with the Austrians at considerable risk Heavier Austrian units put out from Cattaro in support and at the climactic moment the Allied light forces had to turn away permitting the Austrians to escape In the end the Austrians had inflicted more damage than they suffered themselves The Otranto action shows the difficulties of waging coalition warfare in which diplomatic and national jealousies override military efficiency **The Rushing** Don Alberts, 2010-05-17 The tough sub culture of drugs and the 60 s and the jazz experience And now it flows the trickle of conscious participation as rivers flow to the cold pristine mix of the sea and as the earth bleeds openly for brother and son so goes the madness so goes the war un won so goes the man undone and so goes the Rushing The love of life propelled by music and the mounting struggle with self control and addiction the inner conflict of the heart and the tempting pangs of oblivion Into the catacombs the dark desperation of the heroin addict Louis Parker assailed by a power beyond his control never lost site of his dream believing that no matter what he would somehow find his way find the path that would lead him back to the music and playing jazz The inspiring story of the tough underground of drugs and jazz music in the 60 s and the Crooked Road to the Big Time Through the depths of heroin addiction and jazz music one man made it back and survived Find out how he did it **Computer Gaming World** , *The Indonesian Tragedy* Brian May, 2024-01-01 First published in 1978 The Indonesian Tragedy is a controversial book that argues that Indonesia s lack of economic development is due to the blind attempt to force a Western economic model on a population whose culture and psychology are unsuited to it The author demonstrates the Indonesian Tragedy not so much by argument as by depicting the country as he experienced it day to day In developing his conclusion he draws on history and the works of sociologists some of whom he disagrees with In this way he sheds light on the predicament of Indonesia and helps to illuminate a problem common to much of the Third World This book will be of interest to students of history sociology journalism and Southeast Asian studies
