Rebel In Radio The Story Of Wqxr:

Rebel in Radio Elliott M. Sanger, 1973 *Rebel in Radio* Elliott M. Sanger, 2023-12-22 *Rebel in Radio* 1973 looks at the story of WQXR the rebel New York commercial radio station It examines WQXR s place in broadcasting history and how at a time when American commercial radio had become but a pawn of the advertising industry it showed that a radio station could be competitive and still maintain high programme and advertising standards Encyclopedia of Radio 3-Volume Set Christopher H. Sterling, 2004-03-01 Produced in association with the Museum of Broadcast Communications in Chicago the Encyclopedia of Radio includes more than 600 entries covering major countries and regions of the world as well as specific programs and people networks and organizations regulation and policies audience research and radio s technology This encyclopedic work will be the first broadly conceived reference source on a medium that is now nearly eighty years old with essays that provide essential information on the subject as well as comment on the significance of the particular person organization or topic being examined *The Museum of Broadcast Communications Encyclopedia of Radio* Museum of Broadcast Communications, 2004 A premise of this unique encyclopedia is that radio broadcasting is so pervasive that its importance can be easily overlooked More than 600 articles provide ample illustration of the role this medium plays throughout the world From radio s invention to radio on the Internet the cross referenced and thoroughly indexed articles analyze over 100 years of topics programs issues people and places and provide leads to further reading Some 250 photographs give visual context to an often unseen world Scholars old time radio admirers and curious readers will appreciate the unparalleled comprehensiveness of this source The Top 20 Reference Titles of the Year American Libraries May 2004 *The Library Journal Book Review* , 1977 **The Concise Encyclopedia of American Radio** Christopher H. Sterling, Cary O'Dell, 2010-04-12 The Concise Encyclopedia of American Radio is an essential single volume reference guide to this vital and evolving medium Comprised of more than 300 entries spanning the invention of radio to the Internet this reference work addresses personalities music genres regulations technology programming and stations the golden age of radio and other topics relating to radio broadcasting throughout its history The entries are updated throughout and the volume includes nine new entries on topics ranging from podcasting to the decline of radio Sounds of Change Christopher H. Sterling, Michael C. Keith, 2009-09-15 When it first appeared in the 1930s FM radio was a technological marvel providing better sound and nearly eliminating the static that plagued AM stations It took another forty years however for FM s popularity to surpass that of AM In *Sounds of Change* Christopher Sterling and Michael Keith detail the history of FM from its inception to its dominance for now at least of the airwaves Initially FM s identity as a separate service was stifled since most FM outlets were AM owned and simply simulcast AM programming and advertising A wartime hiatus followed by the rise of television precipitated the failure of hundreds of FM stations As Sterling and Keith explain the 1960s brought FCC regulations allowing stereo transmission and requiring FM programs to differ from those broadcast on co owned AM stations

Forced nonduplication led some FM stations to branch out into experimental programming which attracted the counterculture movement minority groups and noncommercial public and college radio By 1979 mainstream commercial FM was finally reaching larger audiences than AM The story of FM since 1980 the authors say is the story of radio especially in its many musical formats But trouble looms Sterling and Keith conclude by looking ahead to the age of digital radio which includes satellite and internet stations as well as terrestrial stations suggesting that FM s decline will be partly a result of self inflicted wounds bland programming excessive advertising and little variety

The Airwaves of New York Bill Jaker, Frank Sulek, Peter Kanze, 2015-05-07 From its inception in New York City radio dramatically changed the city The five boroughs became in some ways more united through the medium as common concerns were aired and given wider attention But as radio focused more on entertainment the city lost the last of its small town origins as people left the front stoop for the living room This heavily illustrated history traces the development and influence of AM radio in the New York metropolitan area as well as providing technical data and program schedules of the stations

Music Radio Jim Cox, 2024-10-17 Long before the invention of talk radio music was the heart and soul of radio programming whether standing alone filling in the time between features or identifying to widespread audiences the shows coming on and signing off the air Jim Cox s *Music Radio* encompasses the entire range of musical programming from the early 1920s to the early 1960s Jazz country classical gospel pop big band western and semi classical forms are covered as are the vocalists instrumentalists and disc jockeys who made them available to listeners Virtually all the major series and artists are explored in depth and lesser known shows and performers are touched on as well Some of the series included are The Bing Crosby Show The Chamber Music Society of Lower Basin Street The Fred Waring Show Grand Ole Opry The Bell Telephone Hour The Cities Service Concerts Your Hit Parade The Kate Smith Show The Railroad Hour and The Voice of Firestone

Routledge Revivals: Radio Broadcasting from 1920 to 1990 (1991) Diane Foxhill Carothers, 2016-11-10 First published in 1991 this book presents a comprehensive annotated bibliography of radio broadcasting Its eleven chapter categories cover almost the entire range of radio broadcasting with the exception of radio engineering due to its technical complexity although some of the historical volumes do encompass aspects thus providing background material Entries are primarily restricted to published books although a number of trade journals and periodicals are also included Each entry includes full bibliographic information including the ISBN or ISSN where available and an annotation written by the author with the original text in hand

On the Air John Dunning, 1998-05-07 Now long out of print John Dunning s *Tune in Yesterday* was the definitive one volume reference on old time radio broadcasting Now in *On the Air* Dunning has completely rethought this classic work reorganizing the material and doubling its coverage to provide a richer and more informative account of radio s golden age Here are some 1 500 radio shows presented in alphabetical order The great programs of the 30s 40s and 50s are all here Amos n Andy Fibber McGee and Molly The Lone Ranger Major Bowes Original Amateur Hour and The March of Time to name only a few For each

Dunning provides a complete broadcast history with the timeslot the network and the name of the show s advertisers He also lists major cast members announcers producers directors writers and sound effects people even the show s theme song There are also umbrella entries such as News Broadcasts which features an engaging essay on radio news with capsule biographies of major broadcasters such as Lowell Thomas and Edward R Murrow Equally important Dunning provides a fascinating account of each program taking us behind the scenes to capture the feel of the performance such as the ghastly sounds of Lights Out a horror drama where heads rolled and bones crunched and providing engrossing biographies of the main people involved in the show A wonderful read for everyone who loves old time radio On the Air is a must purchase for all radio hobbyists and anyone interested in 20th century American history It is an essential reference work for libraries and radio stations

Broadcasting ,1978-04 **The Rise of Radio, from Marconi Through the Golden Age** Alfred Balk,2006 A sweep of radio history from its birth as Marconi s wireless telegraph through its status under deregulation this book analyzes the changing medium s social political and cultural impact It casts light on many topics including the roles of women and African Americans programming sources outside the Hollywood Broadway nexus and more *Fireside Politics* Douglas B. Craig,2003-05-01 An impressively researched and useful study of the golden age of radio and its role in American democracy Journal of American History In Fireside Politics Douglas B Craig provides the first detailed and complete examination of radio s changing role in American political culture between 1920 and 1940 the medium s golden age when it commanded huge national audiences without competition from television Craig follows the evolution of radio into a commercialized networked and regulated industry and ultimately into an essential tool for winning political campaigns and shaping American identity in the interwar period Finally he draws thoughtful comparisons of the American experience of radio broadcasting and political culture with those of Australia Britain and Canada The best general study yet published on the development of radio broadcasting during this crucial period when key institutional and social patterns were established

Technology and Culture *Broadcasting Yearbook* ,1978 **Handbook of American Popular Culture** M. Thomas Inge,1978 Library has Volumes 1 and 2 **The Greenwood Guide to American Popular Culture: Pulp and dime novels through Young adult fiction** M. Thomas Inge,Dennis Hall,2002 Handbook of American Popular Culture: Propaganda-women: Propaganda M. Thomas Inge,1989 This handbook seeks to assemble in one place the basic bibliographical data needed to begin the study of most of the major areas of popular culture Each chapter provides a brief chronological survey of the development of the medium or topic a critical guide in essay form to the standard reference works bibliographies histories critical studies and journals a description of research centers and collections of primary and secondary materials and a bibliography of works cited in the text The revised edition includes new material and chapters on topics such as business catalogs computers dance fashion gardening and graffiti ISBN 0 313 25406 0 set lib bdg 150 00 For use only in the library **The Mighty Music Box** Thomas A. DeLong,1980 **American Broadcasting** Lawrence Wilson

Lichty, Malachi C. Topping, 1975
