Rebellion And Its Enemies In Late Imperial China Militarization And Social Structure 1796 1864

LL Leslie

Rebellion And Its Enemies In Late Imperial China Militarization And Social Structure 1796 1864:

Rebellion and Its Enemies in Late Imperial China Philip A. Kuhn,1970 **Rebellion and Its Enemies in Late Imperial China** Philip A. Kuhn,1980 China John King Fairbank,Merle Goldman,2006-04-30 John King Fairbank was the West s doyen on China and this book is the full and final expression of his lifelong engagement with this vast ancient civilization The distinguished historian Merle Goldman brings the book up to date and provides an epilogue discussing the changes in contemporary China that will shape the nation in the years to come The Age of Revolutions in Global Context, c. 1760-1840 David Armitage,Sanjay Subrahmanyam,2009-12-18 A distinguished international team of historians examines the dynamics of global and regional change in the late eighteenth and nineteenth centuries Providing uniquely broad coverage encompassing North and South America the Caribbean Europe Africa the Middle East South and Southeast Asia and China the chapters shed new light on this pivotal period of world history Offering fresh perspectives on The American French and Haitian Revolutions The break up of the Iberian empires The Napoleonic Wars The volume also presents ground breaking treatments of world history from an African perspective of South Asia s age of revolutions and of stability and instability in China The first truly global account of the causes and consequences of the transformative Age of Revolutions this collection presents a strikingly novel and comprehensive view of the revolutionary era as well as rich examples of global history in practice **The Phony Reformer** Luke S. K. Kwong,2018-06-15 This engaging translation presents an authentic period document that reflects aspects of Chinese life and society as seen through a contemporary s eyes Portraying a phony reformer who rode the tide of the Qing court s post Boxer reform initiatives to career success and personal wealth this satire conveys the author s hope for a new improved China one that could stand proudly alongside Western nations and Meiji Japan in the modern world His vivid descriptions of various situations shed light on late Qing elite behavior and Chinese foreign relations capture the clash between tradition and modernity the old and new as educated Chinese stood at a cultural and political crossroads

Eminent Chinese of the Qing Period Arthur W. Hummel Sr.,2018-01-01 Eminent Chinese of the Qing Period was first developed under the auspices of the US Library of Congress during World War II This much loved work edited by Arthur W Hummel Sr was meticulously compiled and unique in its scope and quickly became the standard biographical reference for the Qing dynasty which lasted from 1644 to 1911 2 Amongst the contributors are John King Fairbank T ng Ss y L Carrington Goodrich C Martin Wilbur F ng Chia sh ng Knight Biggerstaff and Nancy Lee Swann The 2018 Berkshire edition contains the original eight hundred biographical sketches as well as the original front and back matter including the preface by Hu Shih a scholar who had been China s ambassador to the United States An introduction by Pamela Crossley places this classic work in historical context and discusses its origins authors and editors themes style and contemporary relevance Chinese names in English have been converted to the pinyin transcription system changing the book s title from Ch ing to Qing but the

traditional Chinese characters have been retained Additional materials added by Berkshire include a general bibliography a Wade Giles to pinyin conversion table and a list of Qing dynasty emperors Arthur W Hummel Sr 1884 1975 was a missionary sinologist and the first director of the Orientalia Division at the Library of Congress Pamela Crossley is a professor at Dartmouth College and a specialist on the Qing empire and modern Chinese history as well as the software author and scholarly editor of the ECCP Reader a digital companion to the original Eminent Chinese of the Ching Period

The Profits of Nature Peter B. Lavelle, 2020-03-03 In the nineteenth century the Qing empire experienced a period of profound turmoil caused by an unprecedented conjunction of natural disasters domestic rebellions and foreign incursions The imperial government responded to these calamities by introducing an array of new policies and institutions to bolster its power across its massive territories In the process Qing officials launched campaigns for natural resource development seeking to take advantage of the unexploited lands waters and minerals of the empire's vast hinterlands and borderlands In this book Peter B Lavelle uses the life and career of Chinese statesman Zuo Zongtang 1812 1885 as a lens to explore the environmental history of this era Although known for his pacification campaigns against rebel movements Zuo was at the forefront of the nineteenth century quest for natural resources Influenced by his knowledge of nature geography and technology he created government bureaus and oversaw state funded projects to improve agriculture sericulture and other industries in territories across the empire His work forged new patterns of colonial development in the Qing empire's northwest borderlands including Xinjiang at a time when other empires were scrambling to secure access to resources around the globe Weaving a narrative across the span of Zuo's lifetime *The Profits of Nature* offers a unique approach to understanding the dynamic relationship among social crises colonialism and the natural world during a critical juncture in Chinese history between the high tide of imperial power in the eighteenth century and the challenges of modern state building in the twentieth century

Discovering History in China Paul A Cohen, 2010-04-29 Since its first publication Paul A Cohen's *Discovering History in China* has occupied a singular place in American China scholarship Translated into three East Asian languages the volume has become essential to the study of China from the early nineteenth century to today Cohen critiques the work of leading postwar scholars and is especially adamant about not reading China through the lens of Western history To this end he uncovers the strong ethnocentric bias pervading the three major conceptual frameworks of American scholarship of the 1950s and 1960s the impact response modernization and imperialism approaches In place of these Cohen favors a China centered approach in which historians understand Chinese history on its own terms paying close attention to Chinese historical trajectories and Chinese perceptions of their problems rather than a set of expectations derived from Western history In an important new introduction Cohen reflects on his fifty year career as a historian of China and discusses major recent trends in the field Although some of these developments challenge a narrowly conceived China centered approach insofar as they enable more balanced comparisons between China and the West and recast the Chinese and their history in more human less exotic terms

they powerfully affirm the central thrust of Cohen's work Encyclopedia of Chinese History Michael Dillon, 2016-12-01

China has become accessible to the west in the last twenty years in a way that was not possible in the previous thirty. The number of westerners travelling to China to study for business or for tourism has increased dramatically and there has been a corresponding increase in interest in Chinese culture, society and economy and increasing coverage of contemporary China in the media. Our understanding of China's history has also been evolving. The study of history in the People's Republic of China during the Mao Zedong period was strictly regulated and primary sources were rarely available to westerners or even to most Chinese historians. Now that the Chinese archives are open to researchers there is a growing body of academic expertise on history in China that is open to western analysis and historical methods. This has in many ways changed the way that Chinese history, particularly the modern period, is viewed. The *Encyclopedia of Chinese History* covers the entire span of Chinese history from the period known primarily through archaeology to the present day. Treating Chinese history in the broadest sense, the *Encyclopedia* includes coverage of the frontier regions of Manchuria, Mongolia, Xinjiang and Tibet that have played such an important role in the history of China. Proper and will also include material on Taiwan and on the Chinese diaspora. In A-Z format with entries written by experts in the field of Chinese Studies, the *Encyclopedia* will be an invaluable resource for students of Chinese history, politics and culture. *Chinese and Indian Warfare - From the Classical Age to 1870* Kaushik Roy, Peter Lorge, 2014-12-17 This book examines the differences and similarities between warfare in China and India before 1870, both conceptually and on the battlefield. By focusing on Chinese and Indian warfare, the book breaks the intellectual paradigm requiring non-Western histories and cultures to be compared to the West and allows scholarship on two of the oldest civilizations to be brought together. An international group of scholars compare and contrast the modes and conceptions of warfare in China and India, providing important original contributions to the growing study of Asian military history. **The Cambridge History of China** Roderick MacFarquhar, John King Fairbank, 1987 War, Religion and Empire Andrew Phillips, 2010-12-23 What are international orders, how are they destroyed and how can they be defended in the face of violent challenges? Advancing an innovative realist constructivist account of international order, Andrew Phillips addresses each of these questions in *War, Religion and Empire*. Phillips argues that international orders rely equally on shared visions of the good and accepted practices of organized violence to cultivate cooperation and manage conflict between political communities. Considering medieval Christendom's collapse and the East Asian Sinosphere's destruction as primary cases, he further argues that international orders are destroyed as a result of legitimation crises punctuated by the disintegration of prevailing social imaginaries, the break up of empires and the rise of disruptive military innovations. He concludes by considering contemporary threats to world order and the responses that must be taken in the coming decades if a broadly liberal international order is to survive. Chinese Foreign Relations: Reflections On Knowledge Production Ming Wan, 2024-11-12 With China's global ascendancy, Chinese foreign policy has become a popular area of study.

for scholars around the world Rather than simply contributing to this subject this book sets out to reflect on the field itself using as samples some of the author s previous work both published and unpublished covering different areas of Chinese foreign policy and adopting different approaches In doing so it examines how knowledge about Chinese foreign policy has developed focusing on areas such as traditions values perspectives and regionalism The field of Chinese foreign policy has evolved along with international relations and foreign policy analysis Studies on specific topics have generally been of high quality thanks to the competitive and extensive nature of academic research and exchange despite a perceived failure to predict Beijing s current assertive foreign policy orientation Looking forward this book reflects on how certain current tendencies excessive focus on national security narrowing of academic exchange and access between China and the West and a shift to rivalry driven analysis threaten to lower the quality of future Chinese foreign policy studies in Western countries

Studying the Enemy Christiane Reinhold,2018-10-24 Unlike the majority of contemporary scholarly works that examine Sino Japanese relations between 1925 and 1945 this study de emphasizes the story of conflict and war in favor of one that revolves around the way in which the Chinese intellectually encountered the enemy the Japanese **What Remains** Tobie Meyer-Fong,2013-03-27 The Taiping Rebellion was one of the costliest civil wars in human history Many millions of people lost their lives Yet while the Rebellion has been intensely studied by scholars in China and elsewhere we still know little of how individuals coped with these cataclysmic events Drawing upon a rich array of primary sources What Remains explores the issues that preoccupied Chinese and Western survivors Individuals families and communities grappled with fundamental questions of loyalty and loss as they struggled to rebuild shattered cities bury the dead and make sense of the horrors that they had witnessed Driven by compelling accounts of raw emotion and deep injury What Remains opens a window to a world described by survivors themselves This book transforms our understanding of China s 19th century and recontextualizes suffering and loss in China during the 20th century *Revolution and Its Past* R. Keith Schoppa,2019-07-10 *Revolution and Its Past* is a comprehensive study of China from the last quarter of the eighteenth century through to 2018 A fascinating and dramatic narrative the book compels interest both as a history of an ancient civilization developing into a modern nation state and as an account of how the Chinese as a people have struggled and continue to work to find their identity in the modern world Beginning in the last two decades of the reign of the Qianlong emperor 1736 1795 the book provides a baseline that allows readers to understand China s rapid decline in the nineteenth and part of the twentieth century and extends into the present day a time when China has the second largest economy in the world and aims to become a leading global power by 2050 The vast changes that have swept over China between these times are probed through the lens of the broad and important theme of identities This fourth edition has been updated throughout providing a more thorough examination of recent history since 1960 and increasing coverage of such topics as new Qing history frontier and ethnicity women and their roles environmental concerns and issues and globalization Supported by maps images tables online

eResources and suggestions for further reading and written in an engaging concise and authoritative style Revolution and Its Past is the ideal textbook for all students of the history of modern China

Clothing, Food, and Travel Liu Xiaoyi, 2023-09-15 This book explores the material and cultural history of the Ming Dynasty based on the Chinese magnum opus Xingshi Yinyuan Zhuan literally The Story of a Marital Fate to Awaken the World written under the pseudonym of the seventeenth century writer Xizhou Sheng The novel weaves into its narrative through the characters personalities and the events it illustrates important details of Ming material life Through the literary snapshot of the Ming material culture as reflected in Xingshi Yinyuan Zhuan this work investigates the practices and customs of clothing food and travel three of the four major concerns of the people's livelihoods known as yishizhuxing in Chinese While frequenting economic dimensions and probing the impact that Ming politics had on the ethos and social economy of the period it sheds significant light on folk customs legal and religious practices and the status of women among other issues This work aims to enrich the current Western scholarship done primarily by Timothy Brook Craig Clunas and Glen Dudbridge on Ming material culture The book will be of great value to students and scholars of East Asian Studies Chinese literature and those interested in the history of material culture in general

The Rural Modern Kate Merkel-Hess, 2016-08-17 Discussions of China's early twentieth century modernization efforts tend to focus almost exclusively on cities and the changes both cultural and industrial seen there As a result the communist peasant revolution appears as a decisive historical break Kate Merkel Hess corrects that misconception by demonstrating how crucial the countryside was for reformers in China long before the success of the communist revolution In The Rural Modern Merkel Hess shows that Chinese reformers and intellectuals created an idea of modernity that was not simply about what was foreign and new as in Shanghai and other cities but instead captured the Chinese people's desire for social and political change rooted in rural traditions and institutions She traces efforts to remake village education economics and politics analyzing how these efforts contributed to a new inclusive vision of rural Chinese life Merkel Hess argues that as China sought to redefine itself such rural reform efforts played a major role and tensions that emerged between rural and urban ways deeply informed social relations government policies and subsequent efforts to create a modern nation during the communist period

Maiden Voyage Joshua A. Fogel, 2014-09-19 Japanese from varied domains as well as shogunal officials Nagasaki merchants and an assortment of deck hands made the voyage along with a British crew spending a total of ten weeks observing and interacting with the Chinese and with a handful of Westerners Roughly a dozen Japanese narratives of the voyage were produced at the time recounting personal impressions and experiences in Shanghai The Japanese emissaries had the distinct advantage of being able to communicate with their Chinese hosts by means of the brush conversation written exchanges in literary Chinese For their part the Chinese authorities also created a paper trail of reports and memorials concerning the Japanese visitors which worked its way up and down the bureaucratic chain of command This was the first official meeting of Chinese and Japanese in several centuries

Whispering the Strategies of Language: An Mental Quest through **Rebellion And Its Enemies In Late Imperial China Militarization And Social Structure 1796 1864**

In a digitally-driven world where screens reign great and instant communication drowns out the subtleties of language, the profound techniques and mental nuances hidden within phrases frequently move unheard. Yet, situated within the pages of **Rebellion And Its Enemies In Late Imperial China Militarization And Social Structure 1796 1864** a charming literary prize blinking with raw thoughts, lies an extraordinary quest waiting to be undertaken. Composed by a skilled wordsmith, this wonderful opus attracts viewers on an introspective journey, delicately unraveling the veiled truths and profound influence resonating within ab muscles cloth of each and every word. Within the psychological depths of this touching evaluation, we shall embark upon a heartfelt exploration of the book is primary styles, dissect their fascinating publishing model, and yield to the powerful resonance it evokes serious within the recesses of readers hearts.
