Rebellious Nuns The Troubled History Of A Mexican Convent 1752 1863:

Rebellious Nuns Margaret Chowning, 2006 Nuns are hardly associated with rebellion and turmoil However convents have often been the scenes of conflict and the author has discovered documents that allow an intimate look at two crises that destroyed a convent in Mexico Chowning highlights the complicated dynamics of having committed your life to God and community

Rebellious Nuns Margaret Chowning, 2006 Indigenous Writings from the Convent Mónica Díaz, 2017-12-01 Sometime in the 1740s Sor Mar a Magdalena an indigenous noblewoman living in one of only three convents in New Spain that allowed Indians to profess as nuns sent a letter to Father Juan de Altamirano to ask for his help in getting church prelates to exclude Creole and Spanish women from convents intended for indigenous nuns only Drawing on this and other such letters as well as biographies sermons and other texts Mónica Díaz argues that the survival of indigenous ethnic identity was effectively served by this class of noble indigenous nuns While colonial sources that refer to indigenous women are not scant documents in which women emerge as agents who actively participate in shaping their own identity are rare Looking at this minority agency or subaltern voice in various religious discourses exposes some central themes It shows that an indigenous identity recast in Catholic terms was able to be effectively recorded and that the religious participation of these women at a time when indigenous parishes were increasingly secularized lent cohesion to that identity Indigenous Writings from the Convent examines ways in which indigenous women participated in one of the most prominent institutions in colonial times the Catholic Church and what they made of their experience with convent life This book will appeal to scholars of literary criticism women's studies and colonial history and to anyone interested in the ways that class race and gender intersected in the colonial world

Kiddle, 2024-07-02 Tracing the historical development of Mexico from the pre Hispanic period to the present the Historical Dictionary of Mexico Third Edition is an excellent resource for students teachers researchers and the general public This reference work includes a detailed chronology an introduction surveying the country s history and an extensive bibliography The dictionary section includes cross referenced entries on the historical actors who shaped Mexican history as well as entries on politics government the economy culture and the arts Domesticating Empire Karen Stolley, 2021-04-30 Why has the work of writers in eighteenth century Latin America been forgotten During the eighteenth century enlightened thinkers in Spanish territories in the Americas engaged in lively exchanges with their counterparts in Europe and Anglo America about a wide range of topics of mutual interest responding in the context of increasing racial and economic diversification Yet despite recent efforts to broaden our understanding of the global Enlightenment the Ibero American eighteenth century has often been overlooked Through the work of five authors Jose de Oviedo y Banos Juan Ignacio Molina Felix de Azara Catalina de Jesus Herrera and Jose Martin Felix de Arrate Domesticating Empire explores the Ibero American Enlightenment as a project that reflects both key Enlightenment concerns and the particular preoccupations of Bourbon Spain and its territories in the Americas At a crucial moment in Spain s imperial trajectory these authors domesticate topics central to empire conquest Indians nature God and gold by making them familiar and utilitarian As a result their works later proved resistant to overarching schemes of Latin American literary history and have been largely forgotten Nevertheless eighteenth century Ibero American writing complicates narratives about both the Enlightenment and Latin American cultural identity

Preaching Power Charles A. Witschorik, 2013-10-21 This book uses a gender perspective to examine sermons and other officially endorsed discourses of the Catholic Church in eighteenth and nineteenth century Mexico City Analyzing the different ways that over time gendered images metaphors and hagiographical examples were used in sermons and other documents the book examines how the church negotiated challenges to its cultural and ideological hegemony Beginning with sermons from the early eighteenth century the author follows the evolution of church discourses as preachers reveled in Baroque analogies embraced ideals of

the Enlightenment targeted women's alleged moral vices at times of political crisis and ultimately turned to notions of women as the devout sex in order to combat incipient liberalism. Put another way, liberals after independence were not the only ones to assert a kind of republican motherhood; preachers countered with a vision of Catholic motherhood that had great resonance in Mexico even into the twentieth century.

Women in Colonial Latin America, 1526 to 1806, 2018-09-15 This outstanding collection makes available for the first time a remarkable range of primary sources that will enrich courses on women as well as Latin American history more broadly. Within these pages are captivating stories of enslaved African and indigenous women who protest abuse of women who defend themselves from charges of witchcraft, cross dressing and infanticide of women who travel throughout the empire or are left behind by the men in their lives and of women's strategies for making a living in a world of cross cultural exchanges. Jaffary and Mangan's excellent Introduction and annotations provide context and guide readers to think critically about crucial issues related to the intersections of gender with conquest, religion, work, family and the law. Sarah Chambers, University of Minnesota.

Abandoning Their Beloved Land Alberto García, 2023-01-17 *Abandoning Their Beloved Land* offers an essential new history of the Bracero Program, a bilateral initiative that allowed Mexican men to work in the United States as seasonal contract farmworkers from 1942 to 1964. Using national and local archives in Mexico, historian Alberto García uncovers previously unexamined political factors that shaped the direction of the program, including how officials administered the bracero selection process and what motivated campesinos from central states to migrate. Notably, García's book reveals how and why the Mexican government's delegation of Bracero Program related responsibilities, the powerful influence of conservative Catholic opposition groups in central Mexico and the failures of the revolution's agrarian reform all profoundly influenced the program's administration and individuals' decisions to migrate as braceros.

A Flock Divided Matthew D. O'Hara, 2010 A history examining the interactions between church authorities and Mexican parishioners from the late colonial era into the early national period shows how religious thought and practice shaped Mexico's popular politics.

To Sin No More David Rex Galindo, 2018-02-27 For 300 years Franciscans were at the forefront of the spread of Catholicism in the New World. In the late seventeenth century, Franciscans developed a far-reaching systematic missionary program in Spain and the Americas. After founding the first college of propaganda fide in the Mexican city of Querétaro, the Franciscan Order established six additional colleges in New Spain, ten in South America and twelve in Spain. From these colleges, Franciscans proselytized Indians in frontier territories as well as Catholics in rural and urban areas in eighteenth-century Spain and Spanish America. *To Sin No More* is the first book to study these colleges, their missionaries and their multifaceted sweeping missionary programs. By focusing on the recruitment of non-Catholics to Catholicism as well as the deepening of religious

fervor among Catholics David Rex Galindo shows how the Franciscan colleges expanded and shaped popular Catholicism in the eighteenth century Spanish Atlantic world This book explores the motivations driving Franciscan friars their lives inside the colleges their training and their ministry among Catholics an often overlooked duty that paralleled missionary deployments Rex Galindo argues that Franciscan missionaries aimed to reform or reawaken Catholic parishioners just as much as they sought to convert non Christian Indians
