Rebels And Romantics:

A Narrative of Rebels and Romantics Joseph Freeman, 1938 **The Romantic Rebels** Frances Winwar, 1935 A study of Byron Shelley and Keats *Claude McKay, Rebel Sojourner in the Harlem Renaissance* Wayne F. Cooper, 1996-02-01 Cooper paints a meticulous and absorbing portrait of McKay's restless artistic intellectual and political odyssey The definitive biography on McKay Choice Although recognized today as one of the genuine pioneers of black literature in this century the author of *If We Must Die* *Home to Harlem* *Banana Bottom* and *A Long Way from Home* among other works Claude McKay 1890-1948 died penniless and almost forgotten in a Chicago hospital In this masterly study Wayne Cooper presents a fascinating detailed account of McKay's complex chaotic and frequently contradictory life In his poetry and fiction as well as in his political and social commentaries McKay searched for a solid foundation for a valid black identity among the working class cultures of the West Indies and the United States He was an undeniably important predecessor to such younger writers of the Harlem Renaissance as Langston Hughes and Countee Cullen and also to influential West Indian and African writers such as C. L. R. James and Aimé Césaire Knowledge of his life adds important dimensions to our understanding of American radicalism the expatriates of the 1920s and American literature Mr Cooper's most original contribution is his careful and perceptive analysis of McKay's nonfiction writing especially his social and political commentary which often contained prophetic statements on a range of important social political and historical issues New York Times Book Review *The Masses*, 1913 **Romantics, Rebels and Reactionaries** Marilyn Butler, 1981 Spirits of Fire G. A. Rosso, Daniel P. Watkins, 1990 This work is a compilation of twelve essays on romantic literature by practitioners of a resurgent historical criticism sharing the common assumption that no aspect of the object of literary study escapes the conditioning power of historical change **Romantic Rebels** Kenneth Neill Cameron, 1973 The rebels of the Romantic period speak more directly to the issues of today than any other group of writers of the past Mary Wollstonecraft exposed the problem of women's rights her husband William Godwin protested against war economic and social imbalances and cruel penal practices their daughter Mary Shelley produced the original science fiction *Frankenstein* and introduced into the novel radical social and antireligious views Shelley campaigned in Ireland for Irish separation wrote pamphlets on parliamentary reform and propounded an egalitarian world Byron addressed himself to problems of social injustice and lost his life as a result of his participation in the Greek war of independence Leigh Hunt the first radical crusading journalist battled all forms of injustice from child labor to army flogging Thomas Love Peacock's lively satiric novels excoriated sham Their rebellion carried into their personal lives Mary Wollstonecraft Shelley and Byron openly flouted the laws of marital relations and several adopted unconventional dress The rebels paid dearly for their public and private views Shelley was deprived of his children Byron was driven into exile and Leigh Hunt was imprisoned The lives and works of these major Romantics are sketched in a concise and lively way in these twelve essays which are derived from Shelley and His Circle Volumes I through IV The collection provides a cohesive picture

Reesman,2024-11-22 The emergence of social change in the daily lives of English society appeared most noticeably through the Romantic era response of human emotions to a period of reason that has defined the era of Enlightenment scientifically and philosophically Remarkably the dramatic political shift that occurred in 1789 from a French monarchy to a constitutional democracy foreshadowed social changes to the family unit that were more slowly evolving throughout England during the eighteenth century An intellectual movement to educate all members of society strengthened efforts to loosen ecclesiastical control allowing more secular definitions of social roles to emerge The nature of marriage during this period in England is central to understanding how the marriage covenant became a widely accepted civil contract Examining the sentiments of passion and virtue the dynamics of traditional marriage emerge through newly established perspectives The role of the wife as a Romantic era concept tells the story of two women through their married lives and literary identities The social imagination provides a new perspective on domestic concerns to illuminate a feminine aspect of the literary market through an understanding of the ordinary wife among female writers Moreover a specific focus on marriage virtue and friendship as seen through two relationships examines individuals who define both a traditional and a non conforming approach to their domestic lives Two husbands who were political and religious activists with wives who were atypical domestics were chosen to exemplify the effects of social change on their particular lives and marital roles in an expanding literary world **The**
