Rebuild The Church:

The Rebuilder Christopher Lewis, 2019-06-17 Is there hope for a broken church to be restored Church splits scandals and power struggles are so commonplace that they hardly seem newsworthy anymore But God's desire and plan is for these hurting congregations to be rebuilt into strong healthy churches that showcase His love and power to their communities and beyond Pastor Christopher A Lewis accepted God's call to move from a thriving ministry in Chicago to the broken and struggling Christian Community Church of God in Lauderhill Florida Within just one year of ministry there he saw tremendous spiritual growth interpersonal healing and renewed community outreach Numerical growth and physical repair of the church accompanied repentance and restored fellowship Today the church is thriving and Pastor Lewis shares from his experiences in this highly practical and personal book Drawing rich insights from the book of Nehemiah this manual for church repair will show you how to Prepare your own heart and life to see God work Implement principles of effective personal and corporate prayer Understand and prioritize the problems and concerns facing the church Deal with dysfunctional leadership and rebuild trust in the ministry team Turn the congregation from fighting each other to working together to fulfill God's mission Plus each chapter contains relevant questions and prompts for personal application as well as decisive action steps Pastors and church leaders who have a burden to be used by God in a ministry of rebuilding will find much needed direction and support in these pages If this level of restoration sounds like an impossible dream The Rebuilder will fill your heart with hope vision and determination to see God work Even the most broken church can experience His best

Gerald Robinson, 2020-01-09 Vast changes are sweeping over society We relate to one another in ways unheard of a generation ago and the church too must change if it is going to continue to serve We are not the same people for whom

Victorian churches were designed yet that is the way most present day churches are configured No wonder we are in trouble We need to go back to our first century roots and from there to be born anew Rebuilding the Church on a New Foundation responds to this need by offering guidance to a congregation that wishes to enhance the worship of the church to re focus its worship space to serve its community and to welcome the stranger Here is an exciting and engaging journey one that will give the church the potential to survive into the next century
