Recent Developments in Reading Alan H. Robinson, 1965 **Recent Developments in Reading** Conference on Reading (27, 1965, Chicago, Ill.), 1965 **Recent Developments in Reading** H. Alan Robinson, 1965 *Recent Developments in Readings* H. Alan Robinson, 1965 **Journal of Reading**, 1977 *A Bibliography on Writing and Written Language* Konrad Ehlich, Florian Coulmas, Gabriele Graefen, 2011-06-01 The bibliography offers information on research about writing and written language over the past 50 years No comprehensive bibliography on this subject has been published since Sattler's 1935 handbook With a selection of some 27 500 titles it covers the most important literature in all scientific fields relating to writing Emphasis has been placed on the interdisciplinary organization of the bibliography creating many points of common interest for literacy experts educationalists psychologists sociologists linguists cultural anthropologists and historians The bibliography is organized in such a way as to provide the specialist as well as the researcher in neighboring disciplines with access to the relevant literature on writing in a given field While necessarily selective it also offers information on more specialized bibliographies In addition an overview of norms and standards concerning script and writing will prove very useful for non professional readers It is therefore also of interest to the generally interested public as a reference work for the humanities **The Reading Teacher**, 1968 **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1968 **Principles of Classroom Learning and Perception** Richard J. Mueller, 2017-09-13 Originally published in 1974 this introductory text has been designed specifically for teachers in training and it presents the basic psychological principles governing learning perception motivation and the retention of knowledge at the time The text is carefully tailored for would be teachers in its clear and informal style and in its selective aspects of psychology which the teacher can use to advantage in his efforts to assist the child The book has an eclectic approach to psychological theory drawing upon the insights of behaviourism perceptualism and the Gestalt school as well as the developmental theories of Jean Piaget The author discusses in some detail theories concerning the nature of intelligence and the relationship between creativity and intelligence and he investigates the dynamics of social adjustment introducing the part that may be played by meditation in helping to solve some of the problems of emotional stress within the learning situation In his consideration of the management of learning the author lays much emphasis upon the importance of individual cognitive styles individualizing instruction and independent learning In one chapter Dr Mueller is concerned with factors in the measurement of personality and of performance in the classroom and he reflects upon the specific problem of objectivity in such assessment Finally some consideration is given to the problems and characteristics of the socially disadvantaged child and to the role of the teacher in helping to solve some of the learning problems of these children *Handbook of College Reading and Study Strategy Research* Rona F. Flippo, Thomas W. Bean, 2018-06-12 The most comprehensive and up to date source available for college reading and study strategy practitioners and administrators the Third Edition of the Handbook of College Reading and Study

Strategy Research reflects and responds to changing demographics as well as politics and policy concerns in the field since the publication of the previous edition In this thorough and systematic examination of theory research and practice the Handbook offers information to help college reading teachers to make better instructional decisions justification for programmatic implementations for administrators and a complete compendium of both theory and practice to better prepare graduate students to understand the parameters and issues of this field The Handbook is an essential resource for professionals researchers and students as they continue to study research learn and share more about college reading and study strategies Addressing current and emerging theories of knowledge subjects and trends impacting the field the Third Edition features new topics such as disciplinary literacy social media and gaming theory **University of California Union Catalog of Monographs Cataloged by the Nine Campuses from 1963 Through 1967: Authors & titles** University of California (System).
