Recent Social Trends in Greece, 1960-2000 Dimitris Charalambis, Laura Maratou-Alipranti, Andromachi Hadjiyanni, 2004-02-25 The newest volume in the Comparative Charting of Social Change series highlights the main elements of demographic social political and economic development in Greece during the period 1960 2000 Based on a systematic analysis of available information and data this volume provides an overview of Greece s socio economic profile which changed significantly during the studied period The collapse of the dictatorship in 1974 and Greece s entry into the European Union EU in 1980 have led to a consolidation of democratic institutions and the improvement of living standards During the 1960s and 1970s the country experienced high rates of economic development and relatively low unemployment rates However this increase in economic development has slowed since the early 1980s and the unemployment rate has risen particularly among young people Consistent with recent social trends in other Western societies Greek society has become more tolerant and permissive with more diverse and flexible moral norms However the prevailing family model remains traditional and the Greek Orthodox Church continues to have a strong influence on many aspects of Greek society including social political and cultural life The organization of work also follows traditional patterns despite the introduction of new and flexible forms of employment Female participation in the labour market remains relatively low despite legislation and regulations that promote equality of opportunities between the sexes Consistent with recent social trends in other Western societies Greece s population is aging and the birth rate has stabilized at a relatively low level Contributors include Ioannis Antonopoulos Dimitri Economou University of Thessalia Evi Fagadaki Thomas Maloutas University of Thessalia Alberto Martinelli Ioannis Myrizakis Theodore Papadogonas Apostolos g Papadopoulos University of Ioannina Roy Panagiotopoulou Apostolis Rafailidis economist Paris Tsartas University of Aegean Kostas Yannakopoulos Elisabeth Allison Dionisis Balourdos Nikos Bouzas Kaliroi Daskalaki Amalia Frangiskou Emmy Fronimou Panayiotis Kafetzis Roxanne Kaftantzoglou John Kallas Chrysa Kappi Maria Ketsetzopoulou Helene Kovani Evdokia Manologlou Joannis Micheloyiannakis Alikí Mouriki Panagiota Papadopoulou Ioanna Papatthanassiou Christos Papatheodorou Marina Petronoti Nikos Sarris Theoni Stathopoulou Hara Stratoudaki Haris Symeonidou Maria Thanopoulou Olga Tsakirides Joanna Tsiganou Christina Varouxi Efi Venizelou and Ersi Zacopoulou are all researchers at the National Centre for Social Research EKKE

Recent Social Trends in France, 1960-1990 Michel Forsé, International Research Group on the Comparative Charting of Social Change in Advanced Industrial Societies, 1993 Over the three decades from 1960 to 1990 French society underwent a spectacular transformation due to the baby boom which was particularly broad based and prolonged in France and caused the population to climb by a full one third At the same time the French economy expanded and the pace of modernization picked up with the result that the wealth of the French quadrupled in a single generation The turning point between the reconstruction and development period and the period of profound social change appears to have been 1965 The baby boom was over by then and the

production system was shifting in orientation No longer dominated by the growth of basic industries production was now starting to focus on consumer goods and services

Multicultural Variations Lance W. Roberts, Barry Ferguson, Mathias Bös, 2013-02-01 Contrary to mid twentieth century predictions ethnic pluralism has increased dramatically in North America and significantly in Europe Neither the post 9 11 emphasis on international border security nor anti immigration and anti multiculturalism movements have affected the fifty year trend of increasing labour mobility and sustained levels of migration The ethnic pluralism accompanying this powerful trend has fueled academic research and public debate Contributors report on and develop a conceptualization of ethnic social incorporation and multiculturalism in Canada the United States Germany Greece Bulgaria and Italy This group of countries displays a remarkable variety of both ethnic diversity and public policy responses to ethnic social incorporation over the past four decades It includes two countries Canada and the United States built upon very large scale immigration over the course of more than a century two countries Greece and Italy which until recently were characterized by large scale emigration but now are grappling with immigration one country Bulgaria that was until the 1990s insulated from extensive migration and faces a demographic slump and one Germany that has experimented with isolating temporary populations but is now addressing the responsibilities of permanent immigration Multicultural Variations includes national reports describing each of the six countries under investigation and is book ended by introductory and concluding chapters that present a new understanding of and synthesis on multiculturalism that is distinct from either enthusiastic support or ideological critiques Contributors include Mathias B s Philipps Universit t Marburg Germany Antonio Chiesi Universit degli Studi di Milano Italy Jason Edgerton University of Manitoba Canada Barry Ferguson University of Manitoba Canada Nikolai Genov Freie Universit t Berlin Germany Louis Hicks St Mary s College of Maryland USA Paul Kingston University of Virginia USA Laura Maratou Alipranti National Centre for Social Research Athens Greece Lance W Roberts University of Manitoba Canada Sonia Stefanizzi Universit degli Studi di Milano Bicocca Italy and Susanne von Below Johann Wolfgang Goethe Universit t Frankfurt Germany

Masculinity and Gender in Greek Cinema Achilleas Hadjikyriacou, 2013-10-24 Between the end of the Civil War 1949 and the colonels military coup 1967 Greece underwent tremendous political economic and social transformations which influenced gender identities and relations During the same period Greece also witnessed an unparalleled bloom in cinema productions Based on the recently established paradigm that cinema and popular culture viewed as social institutions can inform a historical study Masculinity and Gender in Greek Cinema explores the relationship between Greek cinema and the society within which it was created and viewed The book s double analytical perspective on cinema and masculinity advances both the study of cinema and popular culture as historical sources and of masculinity and gender relations as valid categories of historical analysis Cinema as a medium of representation not only managed to reflect on these issues it also provided a whole new field for their interpretation This is the first study to explore the dramatic transformation of masculinity and gender roles as represented in Greek cinema during

the turbulent 1950s and 1960s **Sociology in Greece** Spiros Gangas, Georgia Lagoumitzi, 2022-11-21 This Palgrave Pivot provides a concise history of the development of sociology in Greece It provides a compelling narrative of the discipline s embryonic state its promising beginnings that aligned with its contact with the then robust French and German accomplishments in sociology It continues with sociology s entanglement with modern Greece s turbulent history during the Civil War and the junta years It charts Greece s gradual recovery during the mid 1970s which led to sociology s institutionalization Yet such institutional boom was not free of politicization processes many of which proved residual and resilient stemming from the dictatorship years as well as from Greece s dependency during its process of modernization This book completes this historical account by reconsidering sociology s gradual embrace of a multi paradigmatic orientation its opportunities in light of the burgeoning Greek EU membership and extroversion It concludes with charting sociology s position in the 21st century facing challenges like the Great Recession and its impact in Greece as well as the COVID 19 pandemic **Forced Migration and Human Security in the Eastern Orthodox World** Lucian N. The Handbook of European Welfare Systems Sonja Blum, Johanna Kuhlmann, Klaus Schubert, 2009-12-16 This book provides the first comprehensive information and detailed data on the welfare systems of all twenty-seven EU member states and offers the reader an invaluable introduction and basis for comparative welfare research. The introductory chapter summarizes the actual debate about welfare states and welfare state regimes, gives an overview on current welfare state research and analyses the main recent developments necessitating a new focus on European Welfare Systems. The twenty-seven chapters on the welfare systems of the member states are written on the basis of a common structure by experts from the individual states. An additional chapter analyses the current social and welfare policies of the EU and focuses on the interplay and limits between European and national social policies. Two concluding chapters provide a first comparative analysis on the basis of all twenty-seven European Welfare Systems and b a theoretical reflection both arguing for and venturing the idea of politically limited pluralism in European welfare politics.

Mediating Policy Kate Nicholls, 2015-03-24 Amongst the most serious consequences of the 2008 global financial collapse and sovereign debt crisis were a series of unprecedented international bailouts for Greece, Ireland and Portugal between 2010 and 2011. This book analyses the development policies of Greece, Ireland and Portugal between 1990 and 2008, before the Eurozone crisis. It identifies national-level differences between the policy strategies and outcomes that have characterized recent developments in the Greek, Irish and Portuguese political economies. In addition, it provides an explanation for these differences that takes into account variations in political institutions and state-society relations. In doing so, it locates an explanation for policy divergence in the presence or absence of the policy-making institutions and processes that make up a zone of mediation. Overall, it argues there is significant variation in the extent to which Ireland, Portugal and Greece have adapted their developmental goals and strategies in order to address the labour market challenges posed by the post-industrial era. This book will be of key interest to students and scholars of European politics and studies, comparative political economy, public

policy policy studies and democracy studies

Consumption and Gender in Southern Europe since the Long 1960s

Kostis Kornetis, Eirini Kotsoyili, Nikolaos Papadogiannis, 2016-02-11 Consumption and Gender in Southern Europe since the Long 1960s offers an in depth analysis of the relationship between gender and contemporary consumer cultures in post authoritarian Southern European societies The book sees a diverse group of international scholars from across the social sciences draw on 14 original case studies to explore the social and cultural changes that have taken place in Spain Portugal and Greece since the 1960s This is the first scholarly attempt to look at the countries similar political and socioeconomic experiences in the shift from authoritarianism to democracy through the intersecting topics of gender and consumer culture This comparative analysis is a timely contribution to the field providing much needed reflection on the social origins of the contemporary economic crisis that Spain Portugal and Greece have simultaneously experienced Bringing together past and present the volume elaborates on the interplay between the current crisis and the memory of everyday life activities with a focus on gender and consumer practices Consumption and Gender in Southern Europe since the Long 1960s firmly places the Southern European region in a wider European and transatlantic context Among the key issues that are critically discussed are Americanization the cultural revolution of the Long 1960s and representations of the Model Mrs Consumer in the three societies This is an important text for anyone interested in the modern history of Southern Europe or the history of gender and consumer culture in modern Europe more generally *Dangerous Others, Insecure Societies* Michalis

Lianos, 2016-05-13 Dangerous Others Insecure Societies examines the turn in post industrial societies towards a fear of cultural racial or religious externality adopting a ground breaking analysis which considers insecurity a constituent part of otherness rather than something separate or following from it By addressing the link between insecurity and otherness this book sheds light on the contemporary cultures of fear and risk that have made possible the aggressive measures that followed the 2001 terrorist attacks in the US and which continue to dominate contemporary geopolitics The result of particular socio economic and political circumstances a sense of fear in relation to the Other has emerged as a replacement for the social bond as otherness and danger are increasingly associated with one another a development that appears paradoxical in the modern globalized world Bringing together the latest research from scholars in the UK Europe and Australia Dangerous Others Insecure Societies engages with diverse issues surrounding migration authoritarianism and social exclusion to consider the implications of a culture of fear and exclusion for multicultural globalized networked societies As such it will appeal to sociologists geographers social anthropologists and political scientists concerned with questions of identity citizenship exclusion and belonging *Positive Youth Development in Global Contexts of Social and Economic Change* Anne C. Routledge Handbook of European Welfare Systems Sonja

Blum, Johanna Kuhlmann, Klaus Schubert, 2019-11-21 Published ten years after the first edition this new Handbook offers topical and comprehensive information on the welfare systems of all 28 EU member states and their recent reforms giving the reader an invaluable introduction and basis for comparative welfare research. Additional chapters provide detailed information on EU social policy as well as comparative analyses of European welfare systems and their reform pathways. For this second edition all chapters have been updated and substantially revised and Croatia additionally included. The second edition of this Handbook is most timely given the often fundamental welfare state transformations against the background of the financial and economic crises transforming social policy ideas as well as political shifts in a number of European countries. The book sets out to analyse these new developments when it comes to social policy. In the first part all country chapters provide systematic and comparable information on the foundations of the different national welfare systems and their characteristics. In the second part, using a joint conceptual foundation, they focus on policy changes especially of the last two decades in different social policy areas including old age, labour market, family, healthcare and social assistance policies. As the comparative chapters conclude, European welfare system landscapes have been in constant motion in the last two decades. While austerity is not to be seen on the aggregate level, the in-depth country studies show that all policy sectors have been characterised by different reform directions and ideas. The findings not only reveal both change and continuity but also policy reversal as a distinct type that characterises social policy reform. The book provides a rich resource to the international welfare state research community and is also useful for social policy teaching.
