## **Recentring Globalization:**

**Recentring Globalization** Koichi Iwabuchi, 2002-11-08 An examination of the increased presence of Japanese media and popular culture in the rest of Asia and the way it has transformed Japanese self understanding

**Recentring Globalization** , 2009 DIVAn examination of the increased presence of Japanese media and popular culture in the rest of Asia and the way it has transformed Japanese self understanding div

**Tactical Globalization** Aaron Koh, 2010 This book is about a small city state's social experiment with globalization. It examines how Singapore conducts its globalization experiment through the state apparatus of schooling and education policy. The author argues that Singapore engages with globalization by anticipating the problem space of globalization with calculated actions and experimentation termed tactics and tactical globalization in the book. Central to the book is an examination and analysis of the Thinking Schools Learning Nation education policy and reform. While *Tactical Globalization* contributes to the sociology of globalization by foregrounding new narratives on globalization that are emerging, it also takes a contextual and innovative approach to education policy analysis which includes a speech turned policy document and a nationally televised segment of a documentary called *Learning Journeys*.

**Empire of Culture** Waiyee Loh, 2024-06-01 *Empire of Culture* brings together contemporary representations of Victorian Britain to reveal how the nation's imperial past inheres in the ways post-imperial subjects commodify and consume culture in the late twentieth and early twenty-first centuries. The globalization of English literature along with British forms of dress, etiquette and dining in the nineteenth century presumed and produced the idea that British culture is a universal standard to which everyone should aspire. Examining neo-Victorian texts and practices from Britain, the United States, Japan and Singapore from A.S. Byatt's novel *Possession* and its Hollywood film adaptation to Japanese *Lolita* fashion and the *Lady Victorian* manga series, Waiyee Loh argues that the British heritage industry thrives on the persistence of this idea. Yet this industry also competes and collaborates with the US and Japanese cultural industries as they too engage with the legacy of British universalism to carve out their own empires in a global creative economy. Unique in its scope, *Empire of Culture* centers Britain's engagements with the US and East Asia to illuminate fresh axes of influence and appropriation and further bring Victorian studies into contact with various sites of literary and cultural fandom.

**Gagaku** Fabio Rambelli, 2025-03-03 *Gagaku*, the ceremonial music of the imperial court, Buddhist temples and Shinto shrines in Japan, was established in the early 8th century and has been continuously performed since then. Despite its importance in the cultural and religious history of Japan, this is the only book on the cultural history of *Gagaku* published outside of Japan. The chapters, written by the leading experts on *Gagaku* in Japan and elsewhere, address religious, philosophical and socio-cultural aspects of this music, with focus on Buddhism, Confucianism, Shinto and also explore the impact of modernization and globalization. The book discusses developments from the 1600s until the present; most previous works focus on the 8th through 12th centuries, including the samurai appropriation of *Gagaku* and the diffusion of this music.

among learned commoners It also traces the history of the global interest for Gagaku among contemporary composers in the early 20th century This book brings a new understanding of the cultural history of Japan by focusing on music its conceptual system and its impact on religion society and politics A must read for specialists of Japanese religion and culture musicologists and all those who are interested in world music      Cultures and Globalization Helmut K Anheier,Yudhishtir Raj Isar,2008-09-17 The world s cultures and their forms of creation presentation and preservation are deeply affected by globalization in ways that are inadequately documented and understood The Cultures and Globalization series is designed to fill this void in our knowledge In this series leading experts and emerging scholars track cultural trends connected to globalization throughout the world resulting in a powerful analytic tool kit that encompasses the transnational flows and scapes of contemporary cultures Each volume presents data on cultural phenomena through colourful innovative information graphics to give a quantitative portrait of the cultural dimensions and contours of globalization This second volume The Cultural Economy analyses the dynamic relationship in which culture is part of the process of economic change that in turn changes the conditions of culture It brings together perspectives from different disciplines to examine such critical issues as the production of cultural goods and services and the patterns of economic globalization the relationship between the commodification of the cultural economy and the aesthetic realm current and emerging organizational forms for the investment production distribution and consumption of cultural goods and services the complex relations between creators producers distributors and consumers of culture the policy implications of a globalizing cultural economy By demonstrating empirically how the cultural industries interact with globalization this volume will provide students of contemporary culture with a unique indispensable reference tool      Japanese Idols Go to China Xiaofei Tu,Wendy Xie,2022-10-25 This book situates the Chinese acceptance of Japanese popular culture specifically the intriguing and sometimes awkward relationship between the idol groups AKB48 and SNH48 within the broad context of nationalist ideology and international relations in East Asia It aims to enhance the knowledge and understanding of the reader about contemporary East Asian cultural exchanges and nationalist expressions in concrete forms Additionally this book attempts to discover heretofore overlooked aspects of nationalism s metamorphosis in both China and Japan and challenge the existing scholarly and popular understandings of nationalism By interrogating the nationalism factor in popular culture in Chinese and Japanese contexts this books concludes that popular culture fandom can both be a culprit in promoting hegemonic political ideologies and serve as a potential antidote      **Empire of Hope** David Leheny,2018-11-15 Empire of Hope asks how emotions become meaningful in political life In a diverse array of cases from recent Japanese history David Leheny shows how sentimental portrayals of the nation and its global role reflect a durable story of hopefulness about the country s postwar path From the medical treatment of conjoined Vietnamese children victims of Agent Orange the global promotion of Japanese popular culture a tragic maritime accident involving a US Navy submarine to the 2011 tsunami and nuclear disaster this story has

shaped the way in which political figures writers officials and observers have depicted what the nation feels Expressions of national emotion do several things they construct the boundaries of the national body they inform and discipline appropriate expression and they depoliticize messy problems that threaten to produce divisive questions about winners and losers Most important they work because they appear to be natural simple and expected expressions of how the nation shares feeling even when they paper over the extraordinary divergence in how the nation s citizens experience each incident In making its arguments Empire of Hope challenges how we read the relations between emotion and politics by arguing unlike those who build from the neuroscientific turn in the social sciences or those developing affect theory in the humanities that the focus should be on emotional representation rather than on emotion itself *Cinema at the Crossroads* Hyon Joo Yoo,2012-01-01 What does it mean to rethink postcolonial studies through East Asian experience and cinema *Cinema at the Crossroads* Nation and the Subject in East Asian Cinema by Hyon Joo Yoo pursues this question by bringing an East Asian postcolonial framework the notion of film as a manifestation of national culture and the methodology of psychoanalysis to bear on a failed hegemonic subject This is a profound look into how cinema and national culture intertwine with hegemony and power

**Cultures of Development** Jonathan Warren,2016-11-25 The North Atlantic development establishment has had a blemished track record over the past 65 years In addition to a sizeable portfolio of failure the few economic success stories in the developing world such as South Korea and China have been achieved by rejecting the advice of Western experts Despite these realities debates within mainstream development studies have stagnated around a narrow acultural emphasis on institutions or the size and role of government *Cultures of Development* uses a contrapuntal comparison of Vietnam and Brazil to show why it is important for development scholars and practitioners to broaden their conceptualization of economies to include the socio cultural This smartly written book based on original ethnographic research breathes new life into development studies by bringing cultural studies into conversation with development studies with an emphasis on improving rather than merely critiquing market economies The applied deployment of critical development studies i e interpretive economics results in a number of theoretical advances in both development and areas studies demonstrating the economic importance of certain kinds of cultural work carried out by religious leaders artists activists and educators Most importantly the reader comes to fully appreciate how economies are embedded within the subjectivities discourses symbols rituals norms and values of a given society This pioneering book revives development practice and policy by offering fresh insights and ideas about how development can be advanced It will be of special interest to scholars and students of Development Studies Sociology Economics Anthropology and Area Studies **Western Japaneseness: Intercultural Translations of Japan in Western Media** Frank Jacob, Bruno Surace,2021-03-02 Our images of non Western cultures are often based on stereotypes that are replicated over the years These stereotypes often appear in popular media and are responsible for a pre set image of otherness The present book investigates these processes and the media representation of

otherness especially as an artificial construct based on stereotypes and their repetition in the case of Japan Western Japaneseness thereby illustrates how the Western image of Japan in popular media is rather a construct that in a way replicated itself instead of a more serious encounter with a foreign and different cultural context This book will be of great value to students and academics who hold interest in media studies Japanese studies and cultural studies It will also appeal to a broader audience with interests in Japan more generally Boys Love Media in Thailand Thomas

Baudinette,2023-10-05 Over the past several years the Thai popular culture landscape has radically transformed due to the emergence of Boys Love BL soap operas which celebrate the love between handsome young men Boys Love Media in Thailand Celebrity Fans and Transnational Asian Queer Popular Culture is the first book length study of this increasingly significant transnational pop culture phenomenon Drawing upon six years of ethnographic research the book reveals BL s impacts on depictions of same sex desire in Thai media culture and the resultant mainstreaming of queer romance through new forms of celebrity and participatory fandom The author explores how the rise of BL has transformed contemporary Thai consumer culture leading to heterosexual female fans of male celebrities who perform homoeroticism becoming the main audience to whom Thai pop culture is geared Through the case study of BL this book thus also investigates how Thai media is responding to broader regional trends across Asia where the economic potentials of female and queer fans are becoming increasingly important Baudinette ultimately argues that the center of queer cultural production in Asia has shifted from Japan to Thailand investigating both the growing international fandom of Thailand s BL series as well as the influence of international investment into the development of these media The book particularly focuses on specific case studies of the fandom for Thai BL celebrity couples in Thailand China the Philippines and Japan to explore how BL series have transformed each of these national contexts queer consumer cultures *Media Franchising* Derek Johnson,2013-03-22 Johnson astutely reveals that franchises are not Borg like assimilation machines but rather complicated ecosystems within which creative workers strive to create compelling shared worlds This finely researched breakthrough book is a must read for anyone seeking a sophisticated understanding of the contemporary media industry Heather Hendershot author of What s Fair on the Air Cold War Right Wing Broadcasting and the Public Interest While immediately recognizable throughout the U S and many other countries media mainstays like X Men Star Trek and Transformers achieved such familiarity through constant reincarnation In each case the initial success of a single product led to a long term embrace of media franchising a dynamic process in which media workers from different industrial positions shared in and reproduced familiar culture across television film comics games and merchandising In *Media Franchising* Derek Johnson examines the corporate culture behind these production practices as well as the collaborative and creative efforts involved in conceiving sustaining and sharing intellectual properties in media work worlds Challenging connotations of homogeneity Johnson shows how the cultural and industrial logic of franchising has encouraged media industries to reimagine creativity as an opportunity for exchange among

producers licensees and even consumers Drawing on case studies and interviews with media producers he reveals the meaningful identities cultural hierarchies and struggles for distinction that accompany collaboration within these production networks Media Franchising provides a nuanced portrait of the collaborative cultural production embedded in both the media industries and our own daily lives **Cultural, Ethnic, and Political Nationalism in Contemporary Taiwan** J.

Makeham, A. Hsiau, 2005-08-19 This volume analyzes what is arguably the single most important aspect of cultural and political change in Taiwan over the past quarter century the trend toward indigenization bentuhua Focusing on the indigenization of politics and culture and its close connection with the identity politics of ethnicity and nationalism this volume is an attempt to map prominent contours of the indigenization paradigm as it has unfolded in Taiwan The opening chapters concern the origin and nature of the trend toward indigenization with its roots in the unique historical trajectory of politics and culture in Taiwan Subsequent chapters deal with responses and reactions to indigenization in a variety of social cultural and intellectual domains *Fear, Cultural Anxiety, and Transformation* Scott A. Lukas, John Marmysz, 2010-06-22

This collection was inspired by the observation that film remakes offer us the opportunity to revisit important issues stories themes and topics in a manner that is especially relevant and meaningful to contemporary audiences Like mythic stories that are told again and again in differing ways film remakes present us with updated perspectives on timeless ideas While some remakes succeed and others fail aesthetically they always say something about the culture in which and for which they are produced Contributors explore the ways in which the fears of death loss of self and bodily violence have been expressed and then reinterpreted in such films and remakes as *Invasion of the Body Snatchers* *Night of the Living Dead* and *Dawn of the Dead* Films such as *Rollerball* *The Ring* *The Grudge* *The Great Yokai Wars* and *Insomnia* are discussed as well because of their ability to give voice to collective anxieties concerning cultural change nihilism and globalization While opening on a note that emphasizes the compulsion of filmmakers to revisit issues concerning fear and anxiety this collection ends by using films like *Solaris* *King Kong* *Star Trek Doom* and *Van Helsing* to suggest that repeated confrontation with these issues allows the opportunity for creative and positive transformation Manifestations of Queerness in Video Games Gaspard

Pelurson, 2022-07-29 Taking the reader on a journey through queer manifestations in games this book advocates for video games as a rich political and cultural medium which provides us with tools to navigate the future of gaming Situated at the intersection of New Media Game Cultural and Queer Studies the book navigates diverse interspecies relationships queer villains from the past Pok mon memes on border politics fl nerie in post industrial cities and one sided erotic fights It provides new critical engagements with the works of Jose Esteban Mu oz Bonnie Ruberg Guy Debord and Jack Halberstam examining queer representation gaming subcultures and dissident play practices Making the bold claim that video games might be the queerest medium today this book provides organic self reflective and ultimately thought provoking thinking in which both games and gamers are queered This book will be of interest to scholars researching game studies sex gender and

sexuality in new media but also readers interested in literature digital media society participatory culture and queer studies

*LEGO Studies* Mark J.P. Wolf, 2014-11-13 Since the Automatic Binding Bricks that LEGO produced in 1949 and the LEGO System of Play that began with the release of Town Plan No 1 1955 LEGO bricks have gone on to become a global phenomenon and the favorite building toy of children as well as many an AFOL Adult Fan of LEGO LEGO has also become a medium into which a wide number of media franchises including Star Wars Harry Potter Pirates of the Caribbean Batman Superman Lord of the Rings and others have adapted their characters vehicles props and settings The LEGO Group itself has become a multimedia empire including LEGO books movies television shows video games board games comic books theme parks magazines and even MMORPGs *LEGO Studies Examining the Building Blocks of a Transmedial Phenomenon* is the first collection to examine LEGO as both a medium into which other franchises can be adapted and a transmedial franchise of its own Although each essay looks at a particular aspect of the LEGO phenomenon topics such as adaptation representation paratexts franchises and interactivity intersect throughout these essays proposing that the study of LEGO as a medium and a media empire is a rich vein barely touched upon in Media Studies

*Korea at the Center: Dynamics of Regionalism in Northeast Asia* Charles K. Armstrong, Gilbert Rozman, Samuel S. Kim, Stephen Kotkin, 2016-09-16 The common images of Korea view the peninsula as a long standing battleground for outside powers and the Cold War's last divided state But Korea's location at the very center of Northeast Asia gives it a pivotal role in the economic integration of the region and the dynamic development of its more powerful neighbors A great wave of economic expansion driven first by the Japanese miracle and then by the ascent of China has made South Korea an economic powerhouse in its own right the hub of the region once again a natural corridor for railroads and energy pipelines linking Asiatic Russia to China and Japan And over the horizon an opening of North Korea with multilateral support would add another major push toward regional integration Illuminating the role of the Korean peninsula in three modern historical periods the eminent international contributors to this volume offer a fresh and stimulating appraisal of Korea as the key to the coalescence of a broad open Northeast Asian regionalism in the twenty fifth century

*Rethinking Historical Injustice and Reconciliation in Northeast Asia* Gi-Wook Shin, Soon-Won Park, Daqing Yang, 2007-01-24 Despite witnessing phenomenal economic growth and the spread of democratization in recent decades as well as impressive intra regional exchanges and interactions in the economic and cultural spheres the Northeast Asian region still experience wounds from past wrongs that were committed in times of colonialism war and dictatorship Overcoming these historical animosities has become one of the most pressing issues of the future for the region Of all the countries in the Northeast Asia region coping with this historical injustice the Republic of Korea stands out as both a victim and an aggressor Being a nation that has addressed issues of both internal and external injustice Korea becomes the focus of this volume Using examples of injustice from the colonial and the Second World War period the Korean civil War the current stage of Korean transitional justice and broader regional and global perspectives the

book concludes with a section on forward looking approaches for arriving at reconciliation in the Asian region This is a significant book that will be of huge interest to anyone studying East Asian politics history or society     **Anime's Knowledge Cultures** Jinying Li, 2024-03-12 Unlocking the technosocial implications of global geek cultures Why has anime a low tech medium from last century suddenly become the cultural new cool in the information age Through the lens of anime and its transnational fandom Jinying Li explores the meanings and logics of geekdom as one of the most significant sociocultural groups of our time In Anime s Knowledge Cultures Li shifts the center of global geography in knowledge culture from the computer boys in Silicon Valley to the anime fandom in East Asia Drawing from film studies animation studies media theories fan studies and area studies she provides broad cultural and theoretical explanations of anime s appeal to a new body of tech savvy knowledge workers and consumers commonly known as geeks otaku or zhai Examining the forms techniques and aesthetics of anime as well as the organization practices and sensibilities of its fandom Anime s Knowledge Cultures is at once a theorization of anime as a media environment as well as a historical and cultural study of transnational geekdom as a knowledge culture Li analyzes anime culture beyond the national and subcultural frameworks of Japan or Japanese otaku instead theorizing anime s transnational transmedial network as the epitome of the postindustrial knowledge culture of global geekdom By interrogating the connection between the anime boom and global geekdom Li reshapes how we understand the meanings and significance of anime culture in relation to changing social and technological environments

## Reviewing **Recentring Globalization**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is really astonishing. Within the pages of "**Recentring Globalization**," an enthralling opus penned by a highly acclaimed wordsmith, readers set about an immersive expedition to unravel the intricate significance of language and its indelible imprint on our lives. Throughout this assessment, we shall delve into the book's central motifs, appraise its distinctive narrative style, and gauge its overarching influence on the minds of its readers.

### **Recentering Globalization Introduction**

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Recentering Globalization PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal

growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Recentering Globalization PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Recentering Globalization free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

### **FAQs About Recentering Globalization Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Recentering Globalization is one of the best book in our library for free trial. We provide copy of Recentering Globalization in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Recentering Globalization. Where to download Recentering Globalization online for free? Are you looking for Recentering Globalization PDF? This is definitely going to save you time and cash in something you should think about.
