**Victimhood in American Narratives of the War in Vietnam**

Aleksandra Musiał,2020-03-02 This book revisits the American canon of novels memoirs and films about the war in Vietnam in order to reassess critically the centrality of the discourse of American victimization in the country's imagination of the conflict and to trace the strategies of representation that establish American soldiers and veterans as the most significant victims of the war By investigating in detail the imagery of the Vietnamese landscape recreated by American authors and directors the volume explores the proposition that Vietnam has been turned into an American myth demonstrating that the process resulted in a dehistoricization and mystification of the conflict that obscured its historical and political realities Against this background representations of the war's victims Vietnamese civilians and American soldiers are then considered in light of their ideological meanings and uses Ultimately the book seeks to demonstrate how in a relation of power the question of victimhood can become ideologized transforming into both a discourse and a strategy of representation and in doing so to demythologize something of the Vietnam of American cultural narrative

*The My Lai Massacre in American History and Memory* Kendrick Oliver,2006 This book examines the response of American society to the My Lai massacre and its ambiguous place in American national memory The author argues that the massacre revelations left many Americans untroubled It was only when the soldiers most immediately responsible came to be tried that opposition to the conflict grew for these prosecutions were regarded by supporters of the war as evidence that the national leaders no longer had the will to do what was necessary to win

*United States and Asia at War: A Cultural Approach* Philip West,Steven I. Levine,Jackie Hiltz,2015-06-03 This text examines the Pacific War the Korean War and the Vietnam War from the perspective of those who fought the wars and lived through them The relationship between history and memory informs the book and each war is relocated in the historical and cultural experiences of Asian countries

**Culture Wars** Roger Chapman,2010 Although openness and inclusion are cornerstones of life in the United States intolerance and reactionary politics are also very real As the nation prepares to elect a new president The Culture Wars addresses the key defining issues of contemporar *Reimagining the Promised Land* Rodney Wallis,2020-09-17 While Israel has seemingly been a minor presence in Hollywood cinema Reimagining the Promised Land argues that there is a long history of Hollywood deploying images of Israel as a means of articulating an idealized notion of American national identity This argument is developed through readings of The Ten Commandments Cecil B DeMille 1956 Ben Hur A Tale of the Christ William Wyler 1959 Exodus Otto Preminger 1960 Cast a Giant Shadow Melville Shavelson 1966 Black Sunday John Frankenheimer 1977 The Delta Force Menahem Golan 1986 and Munich Steven Spielberg 2005 The mobilization of Israel that pervades this eclectic group of films effectively demonstrates one of the more surreptitious ways in which Hollywood has historically constructed and circulated dominant notions of American national identity Moreover in examining the most notable Hollywood representations of the Jewish state the book offers an informed historical overview of the cultural forces that have contributed to popular understandings within the United States of the state of Israel Israel s Arab neighbours and also the Arab Israeli conflict

**Veteran Narratives and the Collective Memory of the Vietnam War** John A. Wood,2016-04-25 In the decades since the Vietnam War veteran memoirs have influenced Americans understanding of the conflict Yet few historians or literary scholars have scrutinized how the genre has shaped the nation s collective memory of the war and its aftermath Instead veterans accounts are mined for colorful quotes and then dropped from public discourse are accepted as factual sources with little attention to how memory no matter how authentic can diverge from events or are not contextualized in terms of the race gender or class of the narrators Veteran Narratives and the Collective Memory of the Vietnam War is a landmark study of the cultural heritage of the war in Vietnam as presented through the experience of its American participants Crossing disciplinary borders in ways rarely attempted by historians John A Wood unearths truths embedded in the memoirists treatments of combat the Vietnamese people race relations in the United States military male female relationships in the war zone and veterans postwar troubles He also examines the publishing industry s influence on collective memory discussing for example the tendency of publishers and reviewers to privilege memoirs critical of the war Veteran Narratives is a significant and original addition to the literature on Vietnam veterans and the conflict as a whole
