Redescribing Christian Origins Society Of Biblical Literature Symposium Series No 28:

Redescribing Christian Origins Ron Cameron, 2004 **Redescribing Christian Origins** Ronald Dean Cameron, Merrill P. Miller, 2004 These essays challenge the traditional picture of Christian origins Making use of social anthropology they move away from traditional assumptions about the foundations of Christianity to propose that its historical beginnings are best understood as reflexive social experiments Early Christianity in Alexandria M. David Litwa, 2023-12-21 Utilizing the Nag Hammadi codices and early Christian writings this book explores the earliest development of Christianity in Alexandria

Recovering the Original Gospel of Thomas April D. DeConick, 2006-08-15 Explores tough questions that have occupied scholars since the discovery of the Gospel of Thomas in the sands of Nag Hammadi Egypt in the 1940 s Where did this gospel come from When was it written Who wrote it Why was it composed What is its meaning This book examines these issues *Christ Among the Messiahs* Matthew V. Novenson, 2012-04-17 He then traces the rise and fall of the messianic idea in Jewish studies and gives an alternative account of early Jewish messiah language the convention worked because there existed both an accessible pool of linguistic resources and a community of competent language users Whereas it is commonly objected that the normal rules for understanding christos do not apply in the case of Paul since he uses the word as a name rather than a title Novenson shows that christos in Paul is neither a name nor a title but rather a Greek honorific like Epiphanes or Augustus Focusing on several set phrases that have been taken as evidence that Paul either did or did not use christos in its conventional sense Novenson concludes that the question cannot be settled at the level of formal grammar Examining nine passages in which Paul comments on how he means the word christos Novenson shows that they do all that we normally expect any text to do to count as a messiah text *The Rise and Fall of the Christian Myth* Burton L. Mack, 2017-02-07 This book is the culmination of a lifelong scholarly inquiry into Christian history religion as a social institution and the role of myth in the history of religions Mack shows that religions are essentially mythological and that Christianity in particular has been an ever changing mythological engine of social formation from Roman times to its distinct American expression in our time The author traces the cultural influence of the Christian myth that has persisted for sixteen hundred years but now should be much less consequential in our social and cultural life since it runs counter to our democratic ideals We stand at a critical impasse badly splintered by conflicting groups pursuing their own social interests a binding common myth needs to be established by renewing a truly cohesive national and international story rooted in our democratic and egalitarian origins committed to freedom equality and vital human values Always with Us? Theoharis, Liz, 2017 Jesus s words the poor you will always have with you Matthew 26 11 are regularly used to suggest that ending poverty is impossible In this book Liz Theoharis critically examines both the biblical text and the lived reality of the poor to show how this passage is taken out of context and distorted Poverty is not inevitable Theoharis argues It is a systemic sin and all Christians have a responsibility to partner with the poor to end poverty once and for all Jacket Introducing Religion

Willi Braun, Russell T. McCutcheon, 2016-04-08 The study of religion encompasses ordinary human social practice and is not limited to the extraordinary or divine Introducing Religion brings together leading international scholars in the field of religious studies to examine religion as integral to everyday social practice The book establishes a theoretical framework for the study of religion to analyse prayer ritual science morality and politics in relation to the world's major religions It will be of interest to students of theory and method in religious studies seeking a clear introduction to the multifaceted nature of religion

A Social History of Christian Origins Simon J. Joseph, 2022-12-30 A Social History of Christian Origins explores how the theme of the Jewish rejection of Jesus embedded in Paul's letters and the New Testament Gospels represents the ethnic social cultural and theological conflicts that facilitated the construction of Christian identity Readers of this book will gain a thorough understanding of how a central theme of early Christianity the Jewish rejection of Jesus facilitated the emergence of Christian anti Judaism as well as the complex and multi faceted representations of Jesus in the Gospels of the New Testament This study systematically analyzes the theme of social rejection in the Jesus tradition by surveying its historical and chronological development Employing the social psychological study of social rejection social identity theory and social memory theory Joseph sheds new light on the inter relationships between myth history and memory in the study of Christian origins and the contemporary re construction of the historical Jesus A Social History of Christian Origins is primarily intended for academic specialists and students in ancient history biblical studies New Testament studies Religious Studies Classics as well as the general reader interested in the beginnings of Christianity

God and the Faithfulness of Paul Christoph Heilig, J. Thomas Hewitt, Michael F. Bird, 2017-04-01 N T Wright's magnum opus Paul and the Faithfulness of God is a landmark study on the history and thought of the apostle Paul This volume brings together a stellar group of international scholars to critically assess an array of issues in Wright's work Essays in Part I set Wright in the context of other Pauline theologies Part II addresses methodological issues in Wright's approach including critical realism historiography intertextuality and narrative In Part III on context scholars measure Wright's representation of early Judaism Greek philosophy paganism and the Roman Empire Part IV turns to Wright's exegetical decisions regarding law covenant and election the New Perspective justification and redemption Christology Spirit eschatology and ethics Part V at last speaks to the implications of Wright's work for the church's theology sacraments and mission and for global responsibility in a postmodern age The volume includes a critical response from Wright himself
