Reflections And Perspectives:

Fieldwork in Geography: Reflections, Perspectives and Actions Rod Gerber, Goh Kim Chuan, 2013-03-14 Geographers regard fieldwork as a vital instrument for understanding our world through direct experience for gathering basic data about this world and as a fundamental method for enacting geographical education The range of international geography and educational experts who contributed to this volume has demonstrated that the concept of fieldwork has a considerable history in the field of geography They have demonstrated that the theoretical aspects of fieldwork have been interpreted differently in regions around the world but the importance of fieldwork remains strong globally A fresh look at the pedagogic implications for fieldwork in formal education offers ideas both for promoting it in geographical education and for maintaining its place in the geography curriculum Audience Forward looking geographers and educators now recognise that alternative strategies especially those involving the use of information technology should be developed to reaffirm the centrality of fieldwork in geographical and wider education **Reflections and perspectives** Elmer Daniel

Journal, 2006 **The Principles of Architectural Perspective** George Alexander Thomas Middleton, 1919 **Exploring Betty A. Reardon's Perspective on Peace Education** Dale T. Snauwaert, 2019-05-15 This book presents commentaries by a leading international group of peace education scholars and practitioners concerning Reardon's peace education theory and intellectual legacy. The guiding question throughout the book is: How can her foundational work be used to advance the theory and practice of peace education? In an attempt to find answers, the contributing authors explore three general areas of inquiry: 1. Theoretical Foundations of Peace and Human Rights Education; 2. Feminism and the Gender Perspective as Pathways of Transformation Toward Peace and Justice; and 3. Peace Education Pedagogy and Practices. A contemplative commentary by Reardon herself rounds out the coverage.

Communion Ecclesiology and Social Transformation in African Catholicism Idara Otu, 2020-05-15 In this book Idara Otu, one of the new theological voices from Africa, rethinks ecclesiology in the changing context of a wounded and broken world. What does the Catholic Church in Africa look like post-Vatican II? This book creatively illuminates the intrinsic connections between ecclesial communion and social mission in the changing face of the church in Africa. The multiple levels of dialogue in African Catholicism, especially in the reception and contextualization of conciliar teachings, is redefining world Christianity. The author explores how dialogue, synodality, inculturation, leadership, human security, social issues, and social transformation are shaping the identity and mission of the church in Africa. This book also engages recent magisterial teachings and diverse theological voices in developing the praxis for the emergence of particular churches in Africa that are defined by the joys and sorrows of God's people. The book calls for a Triple C church revitalized through Conversion, Communion, and Conversation, as well as fostering integral and sustainable social transformation in Africa's contested march toward modernity.

Good Practices in Doctoral Supervision Mar Reguero, Joan Josep Carvajal, Maria Ercilia García, Mireia Valverde, 2017-01-01 Within the European context, there are many initiatives for PhD supervisory training already in existence, but a more systematic approach to this task would be needed. In this landscape, we took the initiative of organizing an informal meeting for experts with an interest and expertise on PhD supervisory training: the Tarragona Think Tank on PhD supervisory training challenges and good practices, hosted by University Rovira i Virgili (URV) Tarragona. This event allowed both the presentation of individual university experiences and the undertaking of a collective reflection on challenges, impact assessment, and the visualisation of an ideal future for PhD supervisory training. Noting the need for more concerted efforts and practices, the present book is precisely a first tangible outcome of this concerted effort. Looking forward, we expect that this book can help setting the basis for the development of a network or alliance between the participating organisations and an ongoing effort aimed at bringing the professionalization of doctoral supervisors to the forefront in education policy at the university level. In sum, we hope that this contribution can help materialising ideas into actions.

Reflections And Perspectives: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels enthralling the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the fascinating narratives that have enthralled audiences this year. Reflections And Perspectives : Colleen Hoover "It Ends with Us" This heartfelt tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Reflections And Perspectives : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Reflections And Perspectives : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and gripping novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
