

Reflections Of A Jacobite

Mourn, mourn, ye spirits of the brave, for glories passed away;
Mourn that the sceptre of your king should own a stranger's sway;
Mourn that the crown, which graced his brow by sovereign right
divine,
Should e'er in regal mockery adorn an upstart line.

But mourn the more that those, who boast your blood within their
veins,
To such reproaches should submit while any drop remains,
That those, whose names are heroes' names, transmitted from the free,
The subjects of a foreign lord, in cherished chains should be.

Oh! for the days when life was naught except for what it prized! -
When virtue, honour, truth, and right inspired and advised! -
When men such loyalty and love to king and country bore! -
The grand old days of chivalry! - alas! they are no more!

Carnell,2006-08-19 This book considers why narrative realism in literature is seen as a full account of real life and the individual self Unconventionally Carnell shows that the formal conventions of narrative realism emerged in the seventeenth century in response to an explosion of partisan writings that put into play competing versions of political selfhood **The Jacobite Movement in Scotland and in Exile, 1746-1759** D. Zimmermann,2003-10-14 The argument presented in this book arose from an extension to the question whether the suppression of the Jacobite Rising of 1745 46 as represented by a long standing historiographical consensus spelled the end of Jacobite hopes and British fears of another restoration attempt The principal conclusion of this book is that the Jacobite Movement persisted as a viable threat to the British state and was perceived as such by its opponents to 1759
