

Reflections on the Way to the Gallows

Kanno Sugako

1911

This is written as a record of the period from the time the death sentence was pronounced to the time I mount the scaffold. I shall write things down candidly and honestly in a straightforward fashion without any effort at self-justification.

In the women's prison in Tokyo, January 18, 1911. Cloudy. Needless to say, I was prepared for the death sentence. My only concern day and night was to see as many of my twenty-five fellow defendants saved as possible.

I boarded the prison carriage just before noon. From the window of the carriage I could see in the dim sunlight saber-bearing figures solemnly standing guard en route. They seemed to presage the verdicts of the trial, and I waited impatiently for the court proceedings to start at 1:00 p.m.

The time came. We climbed up to the second floor, then to the third floor, and then down again to the second floor to the courtroom of the Supreme Court. The security measures along the corridors and in the courtroom during the proceedings were extremely tight. The court was packed with people — lawyers, newspaper reporters, and spectators. I tend to get dizzy easily, so I felt a bit faint, having climbed many stairs and because of the stifling presence of the crowd in the courtroom. After I calmed down, I looked around at my fellow defendants. They were all sitting circumspectly, looking worried. They looked as if they were afraid to smile at each other. A pride of hungry lions. Their nails and teeth had been filed and smoothed down. There they sat before me. Twenty-five sacrificial lambs.

Soon the judges entered through the left door at the front of the court-house. Will it be life or death? Many of the defendants' hearts must have beat faster. The clerk read the names of the defendants. Chief Justice Tsuru Jōichirō said a few words of instruction. Then, contrary to the usual procedure, he left the verdicts to the end and proceeded to read the lengthy arguments, sipping occasionally from a glass of water. As he continued to read, it became clear that he was arbitrarily linking even those who were clearly innocent to Article 73 of the criminal code. His sophism became increasingly blatant. My concern increased and finally overwhelmed me like a tidal wave. But until he read the verdict for each defendant, I kept hoping against hope that some, even one person, would receive a minimal sentence. But, ah, it was all in vain. ... It was all over. Except for Nitta Tōru, who was sentenced to eleven years in prison, and Niimura Zenbei, who was given eight years, the remaining twenty-four of us were sentenced to death.

From the beginning, I feared that this would be the case, but the trial was conducted in such an unexpectedly meticulous fashion that I began to hope that it would be relatively fair. The verdicts came as a shock. I was so angry and upset that I felt as if my entire body were on fire, and I began to tremble.

Michael Kemp

Reflections On Way To Gallows:

Reflections on the Way to the Gallows Mikiso Hane, 1988-09-04 In this book for the first time we can hear the startling moving voices of adventurous and rebellious Japanese women as they eloquently challenged the social repression of prewar Japan The extraordinary women whose memoirs recollections and essays are presented here constitute a strong current in the history of modern Japanese life from the 1880s to the outbreak of the Pacific War

The Mountain is Moving Patricia Morley, 1999 In Imperial times in Japan women were subservient inferiors in theory they were liberated by the democratic constitution imposed by the US after World War II but in real life Japan change is glacially slow Here that slow changing reality is juxtaposed with the fast moving aspirations of Japanese women The author achieves this through wide ranging interviews with Japanese women and by using a range of contemporary Japanese literature

Hiratsuka Raichō and Early Japanese Feminism Hiroko Tomida, 2003-12-01 This work on Hiratsuka Raich at last fully assesses her key role in the history of the Japanese women's movement It provides a full and contextual analysis of the life 1886-1971 and work of this leading Japanese feminist all in the light of the changes affecting women in Japan At the same time the author compares her working with similar historical shifts and movements in western countries notably Great Britain and the United States International comparisons at the level of personal biography and associated ideas are made to see the influence of Western feminists on Hiratsuka's feminism Hiratsuka is compared with other Japanese feminists whereby her pivotal role in the history of the Japanese women's movement becomes clear With extensive footnotes for further reference and research a number of appendices a detailed bilingual glossary and bibliography a true reference on an important subject

Japanese Women and the Transnational Feminist Movement Before World War II Taeko Shibahara, 2014-04-04 This book traces the development of feminist consciousness in Japan from 1871 to 1941 Taeko Shibahara uncovers some fascinating histories as she examines how middle class women navigated between domestic and international influences to form ideologies and strategies for reform They negotiated a humanitarian space as Japan expanded its nationalist militarist imperialist and patriarchal power Focusing on these women's political awakening and activism Shibahara shows how Japanese feminists channeled and adapted ideas selected from international movements and from interactions with mainly American social activists Japanese Women and the Transnational Feminist Movement before World War II also connects the development of international contacts with the particular contributions of Ichikawa Fusae to the suffrage movement Ishimoto Shidzue to the birth control movement and Gauntlett Tsune to the peace movement by touching on issues of poverty prostitution and temperance The result provides a window through which to view the Japanese women's rights movement with a broader perspective

Kant's Defense of Common Moral Experience Jeanine Grenberg, 2013-07-18 In this book Jeanine Grenberg argues that everything important about Kant's moral philosophy emerges from careful reflection upon the common human moral experience of the conflict between happiness and morality Through careful readings of both the Groundwork

and the Critique of Practical Reason Grenberg shows that Kant typically thought to be an overly technical moral philosopher in fact is a vigorous defender of the common person's first personal encounter with moral demands Grenberg uncovers a notion of phenomenological experience in Kant's account of the Fact of Reason develops a new reading of the Fact and grants a moral epistemic role for feeling in grounding Kant's a priori morality The book thus challenges readings which attribute only a motivational role to feeling and Fichtean readings which violate Kant's commitments to the limits of reason This study will be valuable to students and scholars engaged in Kant studies

Japan and the High Treason Incident

Masako Gavin, Ben Middleton, 2013-08-21 The High Treason Incident rocked Japanese society between 1910 and 1911 when police discovered that a group of anarchists and socialists were plotting to assassinate the Emperor Meiji Following a trial held in camera twelve of the so-called conspirators were hanged but while the executions officially brought an end to the incident they were only the initial outcome as the state became increasingly paranoid about national ideological cohesion In response it deployed an array of new technologies of integration and surveillance and the subsequent repression affected not only political movements but the whole cultural sphere This book shows the far-reaching impact of the high treason incident for Japanese politics and society and the subsequent course of Japanese history Taking an interdisciplinary and global approach it demonstrates how the incident transformed modern Japan in numerous and unexpected ways and sheds light on the response of authoritarian states to radical democratic opposition movements elsewhere The contributors examine the effects of the incident on Japanese history literature politics and society as well as its points of intersection with broader questions of anarchism colonialism gender and governmentality to underline its historical and contemporary significance With chapters by leading Western and Japanese scholars and drawing on newly available primary sources this book is a timely and relevant study that will be of great interest to students and scholars working in the fields of Japanese history Japanese politics Japanese studies as well as those interested in the history of social movements

Telling Lives Ronald P.

Loftus, 2004-06-30 In this fascinating collection of translations Telling Lives looks at the self-writing of five Japanese women who came of age during the decades leading up to World War II Following an introduction that situates women's self-writing against the backdrop of Japan during the 1920s and 1930s Loftus takes up the autobiographies of Oku Mumeo a leader of the prewar women's movement and Takai Toshio a textile worker who later became a well-known labor activist Next is the moving story of Nishi Kyoko whose Reminiscences tells of her life as a young woman who escapes the oppression of her family and establishes her financial independence Nishi's narrative precedes a detailed look at the autobiography of Sata Ineko Sata's Between the Lines of My Personal Chronology recounts her years as a member of a proletarian arts circle and her struggle to become a writer The collection ends with the Marxist Fukunaga Misao's frank and explosive text Memoirs of a Female Communist which is examined as a manifesto condemning the male chauvinism of the prewar Japanese Communist Party
