Sexuality, Law and Legal Practice and the Reformation in Norway Anne Riisøy, 2009-02-23 Based on legislation and legal practice from the period c 1250 1600 the book takes issue with the most important viewpoints in earlier research by early modernists that the Reformation represented a watershed in a development characterized by greater criminalisation of sexual acts increase in the severity of sentences and deterioration of the position of women According to this study in principle all or mostly all factors were already in place in the Middle Ages In Norwegian historiography the period investigated is characterized by paucity of sources and the period has tended to fall between two stools respectively the medievalist and the early modernist The ambition of this book has been to bridge the gap

Developments in Numerical and Experimental Methods Applied to Tribology D. Dowson, C. M. Taylor, M. Godet, 2014-05-20 Developments in Numerical and Experimental Methods Applied to Tribology contains the proceedings of the 10th Leeds Lyon Symposium on Tribology held at the Institut National des Sciences Appliquées in Lyon France on September 6 9 1983 The papers explore developments in numerical and experimental methods used in tribology and cover topics ranging from ferrography and rheology to bearings and bearing dynamics hydrodynamics contact phenomena and plasticity The papers are organized into 13 sessions The first two papers examine the use of ferrography in the analysis of non ferrous particles as well as some of the methods of obtaining approximate numerical solutions to boundary value problems that arise in elastohydrodynamic lubrication The next session is concerned with rheology and contains papers that describe numerical solutions for power law fluids as applied to slider bearings grease lubricated finite length bearings and the use of the ball bearing as rheological test device The papers that follow discuss bearings and their dynamics oil films on lubricated surfaces hydrodynamic lubrication and finite element analysis of transient elastohydrodynamic lubrication The final session considers plastic deformation two body abrasion processes and micropitting and asperity deformation This monograph will appeal to tribologists

Karl Barth's Christological Ecclesiology Kimlyn J. Bender, 2013-10-10 Many of Barth's theological themes such as revelation and election have received numerous scholarly examinations whilst Barth's doctrine of the church has been largely ignored Yet Barth entitled his massive systematic theological opus the Church Dogmatics and the church was a central element of his thought from first to last This book seeks to fill a lacuna in studies of Barth's theology presenting the first comprehensive examination of Karl Barth's doctrine of the church in over three decades Kimlyn J Bender examines Barth's ecclesiological thought from his early theological treatises to his massive unfinished dogmatics in light of his interaction with both Roman Catholicism and Protestant Liberalism A special emphasis is placed upon Barth's mature ecclesiology in the Church Dogmatics

England's Second Reformation Anthony Milton, 2021-10-14 England's Second Reformation reassesses the religious upheavals of mid seventeenth century England situating them within the broader history of the Church of England and its earlier Reformations

Rather than seeing the Civil War years as a destructive aberration Anthony Milton demonstrates how they were integral to and indeed the climax of the Church of England's early history All religious groups parliamentary and royalist alike envisaged changes to the pre war church and all were forced to adapt their religious ideas and practices in response to the tumultuous events Similarly all saw themselves and their preferred reforms as standing in continuity with the Church's earlier history By viewing this as a revolutionary second Reformation which necessarily involved everyone and forced them to reconsider what the established church was and how its past should be understood Milton presents a compelling case for rethinking England's religious history Lectures in Divinity.
