Public Theology in Korea? Minseok Kim, 2021 Public Theology is one of the most important topics in the field of theology across the world but not in Korea There are several historical and theological reasons for this indifference of Korean Reformed Christianity as the mainstream in Korea In order to dispel doubts of Korean Reformed Christianity to the public theological approaches it is necessary to demonstrate a coherence between some characteristics of public theology and Reformed theology This study analyses and utilises the six characteristics of public theology presented by Heinrich Bedford Stroh as a lens to engage aspects of John Calvin's theology and the period of the Reformation in Geneva Based on this work the author re-examines the history of Korean Christianity with a public theological point of view and asserts the justification for Korean Reformed Christianity to actively embrace public theological approaches

Calvin's Doctrine of the State Mark J. Larson, 2009-01-08 Contemporary treatments of Calvin's political views often imply that he embraced a theocratic civil polity and that he was committed to holy war doctrine On the basis of the primary sources the first half of this volume argues that neither position is correct Calvin in his political thought maintained the superiority of a republic as a civil polity In addition he placed himself firmly within the medieval just war tradition that was established by Augustine of Hippo and later reaffirmed by Thomas Aquinas In terms of his commitment to classical just war teaching Calvin stood in continuity with Martin Luther even while he distanced himself from the holy war perspective of the Zurich Reformers Henry Bullinger and Peter Martyr Vermigli In the thinking of Calvin a war could only be authorized by the state not the church War had to be prosecuted with humanity and restraint and not in

the tradition of the medieval crusade The second half of the book sets forth what Calvin actually believed on the matter of government and war Here we examine his teaching on parliamentary resistance to monarchical tyranny and the full dimensions of his commitment to justice of war categories Unlike Luther and Bullinger Calvin provided a parliamentary remedy for the perennial evil of tyranny With Vermigli and Theodore Beza siding with Calvin on this right a body of Reformed doctrine was established to which succeeding generations could appeal for teaching direction and justification for taking up arms It is clear that Calvin s political legacy is profoundly evident in the American Revolutionary War and in the constitutional determination for a republic in the United States of America Calvin s ecclesiastical republicanism as it came to fruition in Presbyterian church government was a powerful impetus toward the creation of republican institutions in civil government

Changing Church and State Relations in Hong Kong, 1950-2000 Beatrice Leung, Shun-hing Chan, 2003-08-01 The transition of the Churches from the traditional colonial setting of Hong Kong in the aftermath of World War II to the mature Christian community of post industrial post colonial Hong Kong is analysed with considerable skill by Beatrice Leung Kit fun and Shun hing Chan The two authors add significantly to our understanding of the dilemmas which confronted not only the Churches in adjusting to the transition from British rule but the wider community as well The book gave detailed account of Hong Kong s church state relationship in metamorphosis It should be an important text for students in both political science and China studies and especially in the history of Hong Kong A timely effort to fill a major gap in the study of Hong Kong society church state relations Students of Hong Kong research will find it most informative and useful But its relevance goes beyond Hong Kong this is a major reference for those who are interested in the areas of sociology of religion civil society political science and East Asian studies The book is the first piece of substantial research to analyze Church State relations in Hong Kong during the critical period of the handover from British to Chinese governance It is certainly an original contribution in such scale to raise the attention on an under studied controversial and important area which may critically affect the changing socio political dynamics in Hong Kong This manuscript is an informative insightful and timely study of Church State relations in Hong Kong over the past 50 years

The Globalization of Christianity Gordon L. Heath, Steven M. Studebaker, 2015-01-20 While Christianity appears to be in decline in the West it is growing robustly in the global South What does this mean for the Christianity that was once considered to be the religion of the West The new contexts and trajectories require innovative responses and relevant theological reflection in the church This volume addresses these changes through identifying and analyzing global shifts highlighting practical innovations in the

church that attempt to deal with new trajectories and proposing theological positions intended to help face the issues and challenges of the twenty first century Contributors to this volume include Philip Jenkins *The Next Christendom* The New Faces of Christianity God's Continent Steven M Studebaker Gordon L Heath Bradley K Broadhead Christof Sauer Lee Beach Michael P Knowles Peter Althouse Michael Wilkinson John H Issak David K Taurus and Seongho Kang *Justification* Paul ChulHong Kang, 2006 This book returns to the true nature of the gospel justification by grace alone through faith alone because of Christ alone Fundamental to the book's argument is a rejection of the biblical truth and the faithful heritage of the gospel By tracing the development of Reformation theology in Luther and Calvin the giants in the American Great Awakening and the Korean revivals are brought up for analysis Jonathan Edwards Timothy Dwight Sun Ju Kil Ik Doo Kim Yong Do Lee and Sung Bong Lee Paul ChulHong Kang makes clear what can be at stake not merely for academic theologians but for all Christians the gospel itself *World Philosophies* Ninian Smart, 1999 *World Philosophies* is a comprehensive survey of the world's philosophical and religious traditions by one of our foremost religious thinkers Ninian Smart discusses notable figures such as Plato and Kierkegaard in the West the Buddha and Mao Zedong in Asia Tempels and Knibanga in Africa and Rodo and Royce in America Covering a wide range of topics including Indian ideas of testimony and evidence Chinese notions of moral development Buddhist concepts of cosmology and Latin American critiques of materialism Smart sheds new light on the astonishing diversity of philosophies that have developed throughout history
