Regalo De Un Poeta a Gift From A Poet:

The Boy Who Loved Rain Gerard Kelly, 2014-11-21 The anger runs deep from some untraceable darkness and it is stealing his will to live Colom had the perfect childhood the much loved son of a church pastor Yet he wakes screaming from dreams in which his sister is drowning and he can't save her Fiona turns to her husband desperate to help their son But David will not acknowledge that help is needed and certainly not help from beyond the church Then they find the suicide pledge Fiona in panic takes Colom and flees but when will she acknowledge that the unnamed demons Colom faces might be of her and David's own creation This beautifully written and searching novel by poet Gerard Kelly explores the toxicity of secrets the nature of healing and the ever present power of rain **The Publishers Weekly**, 2000 **Library Journal**, 2001 *Críticas*, 2001 *Women Poets of Spain, 1860-1990* John Chapman Wilcox, 1997 This is the first volume in English or Spanish to analyze the work of the principal women poets of Modern Spain In it John Wilcox draws on recent feminist critical theory and shows how Spanish poetry by women is not just a modern phenomenon but an ignored tradition whose roots reach back to the very beginnings of poetry of the Iberian Peninsula *Latin American Women Writers: An Encyclopedia* María Claudia André, Eva Paulino Bueno, 2014-01-09 Latin American Women Writers An Encyclopedia presents the lives and critical works of over 170 women writers in Latin America between the sixteenth and twentieth centuries This features thematic entries as well as biographies of female writers whose works were originally published in Spanish or Portuguese and who have had an impact on literary political and social studies Focusing on drama poetry and fiction this work includes authors who have published at least three literary texts that have had a significant impact on Latin American literature and culture Each entry is followed by extensive bibliographic references including primary and secondary sources Coverage consists of critical appreciation and analysis of the writers' works Brief biographical data is included but the main focus is on the meanings and contexts of the works as well as their cultural and political impact In addition to author entries other themes are explored such as humor in contemporary Latin American fiction lesbian literature in Latin America magic realism or mother images in Latin American literature The aim is to provide a unique thorough scholarly survey of women writers and their works in Latin America This Encyclopedia will be of interest to both to the student of literature as well as to any reader interested in understanding more about Latin American culture literature and how women have represented gender and national issues throughout the centuries *Juan Luis Martínez's Philosophical Poetics* Scott Weintraub, 2014-12-11 Juan Luis Martínez's Philosophical Poetics is the first English language monograph on this Chilean visual artist and poet 1942-1993 It has two principal aims first to introduce Martínez's poetry and radical aesthetics to English speaking audiences and second to carefully analyze key aspects of his literary production The readings undertaken in this book explore Martínez's intricate textual formalisms the self-effacement that characterizes his poetry and the tension between his local Latin American Chilean aspect and the cosmopolitanism or transnationalism that insists on the global

relevance of his work Through his artistic engagement with a number of esoteric concepts for example his recuperation of pataphysical logic and Oulipian combinatorics mathematical reasoning Eastern thought and the historical avant gardes Mart nez creates a rigorous quasi system of citation and erasure that is a philosophical poetics as well as a poetic philosophy Juan Luis Mart nez s Philosophical Poetics thus addresses all major publications by this groundbreaking Chilean artist and poet in order to read his difficult experimental texts by focusing on the tension he creates between philosophical political literary and scientific discourses Las caracolas de Pablo Neruda Cecilia Osorio,2006 Moving Reflections Jo Evans,1996 Volume exploring the important but neglected Spanish female poet Angela Figuera Aymerich Angela Figuera Aymerich 1902 84 remains an obscure figure among the Spanish social poets of the Franco regime her work almost entirely eclipsed by male contemporaries This book attempts both to bring her poetry to the attention of a wider audience and to show how her work anticipates the generation of women writers and poets who have emerged since the coming of democracy Focusing primarily on a selection of poems published between 1948 and 1962 Dr Evans shows how her work has been mistakenly ignored as maternal in essence and so of little interest to the poetry of social protest in general Using feminist and psychoanalytical theories of language to suggest that identity and poetic identity in particular is constructed as the effect of mirror images the author argues that the moving reflections of gender faith and aesthetics mirror Figuera s struggle with a fragmented poetic identity through these concepts her work can be read not only as a moving reflection of maternal femininity and social injustice but as an active attempt to retrace the boundaries of female identity JO EVANS teaches in the Department of Hispanic Studies Edinburgh University **Spanish Cultural Index** Spain. Dirección General de Relaciones Culturales,1949
