Researching Anthropology On The Internet

Kitty Te Riele, Rachel Brooks

Researching Anthropology On The Internet:

Researching Anthropology on the Internet David Lee Carlson, 2003 Written by David Carlson this online guide is designed to assist anthropology students in all of their needs when doing research on the Internet Part One contains general information necessary to get started and answers questions about security the type of anthropology material available on the Internet the information that is reliable and the sites that are not and the best links to take students where they want to go Part Two looks at each main subfield in anthropology and refers students to sites where the most enlightening research can be obtained Available online only [Using the Internet as a Research Tool for Social Work and Human Services](#) Goutham M Menon, 2002-05-15 Researchers and instructors examine ways to make the Internet work to your advantage Using the Internet as a Research Tool for Social Work and Human Services examines the exciting benefits for social workers of using the Internet to facilitate their studies By introducing various methodologies and insights this book explains how the Web can be a valuable and legitimate form of research This vital book examines the problems associated with studying virtual communities and cyber culture and offers innovative ways to administer experiments by measuring response time over the Web This informative book explores new and innovative trends in Internet research including methodologies for data collection sampling and representation of the subjects psychological testing and using the Internet for training developing and deploying Internet studies by replacing traditionally administered questionnaires with online surveys the use of technology to enhance the development of research skills of undergraduate level multicultural mental health researchers

Ethnography for the Internet Christine Hine, 2020-05-11 The internet has become embedded into our daily lives no longer an esoteric phenomenon but instead an unremarkable way of carrying out our interactions with one another Online and offline are interwoven in everyday experience Using the internet has become accepted as a way of being present in the world rather than a means of accessing some discrete virtual domain Ethnographers of these contemporary Internet infused societies consequently find themselves facing serious methodological dilemmas where should they go what should they do there and how can they acquire robust knowledge about what people do in through and with the internet This book presents an overview of the challenges faced by ethnographers who wish to understand activities that involve the internet Suitable for both new and experienced ethnographers it explores both methodological principles and practical strategies for coming to terms with the definition of field sites the connections between online and offline and the changing nature of embodied experience Examples are drawn from a wide range of settings including ethnographies of scientific institutions television social media and locally based gift giving networks [Researching Digital Media and Society](#) Simon Lindgren, Moa Eriksson Krutrök, 2024-01-05 We live in an increasingly digitised society In an age of digital identities rapid developments in Artificial Intelligence and ever more sophisticated software available our methods for researching digital media must be flexible and adaptable This book will help you to understand why researchers in this field choose and use particular research methods

equipping you to put these methods into practice across the whole range of undergraduate media courses This book shows you how research methods can help us to make sense of the myriad of information we encounter online every day from Tiktok influencers to viral Twitter posts Complete with case studies in each chapter the book covers both well established methods such as network analysis and cutting edge ones such as interface analysis It provides a crucial foundation for research in digital media demonstrating the scope and potential of these tools The book adopts an easy to navigate structure taking you through specific methods in a systematic way It shows you examples of classic uses of each method and directs you towards further resources after each chapter

SAGE Internet Research Methods Jason Hughes, 2012-06-25 Historically social researchers have shown a willingness to exploit new technologies to enhance facilitate and support their various activities However arguably no other technological development has influenced the landscape of social research as rapidly and fundamentally as the Internet This collection avoids both uncritical embrace and wholesale dismissal by considering some of the key literature in the field of Internet research methods Volume One Core Issues Debates and Controversies in Internet Research introduces themes and issues that run across all four volumes such as epistemology ontology and methodology in the online world access social divisions and the digital divide and the ethics of online research Volume Two Taking Research Online Internet Survey and Sampling addresses the range of resources digital archives and Internet based data sources that exist online from relatively straightforward and practical guides to such material through to more polemical pieces which consider problems relating to the use access and analysis of online data and resources Volume Three Taking Research Online Qualitative Approaches considers the broad range of approaches to conducting researching via or in the Internet The focus is on conventional methods that have been taken online and which in doing so have become transformed in scope and character Volume Four Research On and In the Internet Investigating the Online World follows logically from that which precedes it in exploring how social research has been taken online not simply through the deployment of existing methods and techniques via the Internet but in researchers increasing recognition and investigation of the online world as a sphere of human interaction a socio cultural arena to be explored from the desktop as it were

Doing Ethnographic and Observational Research Michael Angrosino, 2007-12-30 Including coverage of the selection of cases observation and interviewing recording data and takes into account ethical issues *Doing Ethnographic and Observational Research* introduces the reader to the practice of producing data through ethnographic fieldwork and observational research

The SAGE Handbook of Online Research Methods Nigel G Fielding, Raymond M Lee, Grant Blank, 2016-09-30 Online research methods are popular dynamic and fast changing Following on from the great success of the first edition published in 2008 The SAGE Handbook of Online Research Methods Second Edition offers both updates of existing subject areas and new chapters covering more recent developments such as social media big data data visualization and CAQDAS Bringing together the leading names in both qualitative and quantitative online research this new edition is organised into nine sections 1 Online Research Methods 2

Designing Online Research 3 Online Data Capture and Data Collection 4 The Online Survey 5 Digital Quantitative Analysis 6 Digital Text Analysis 7 Virtual Ethnography 8 Online Secondary Analysis Resources and Methods 9 The Future of Online Social Research The SAGE Handbook of Online Research Methods Second Edition is an essential resource for anyone interested in the contemporary practice of computer mediated research and scholarship *Researching Memory and Identity in Russia and Eastern Europe* Jade McGlynn, Oliver T. Jones, 2022-10-06 This book offers a collection of innovative methodological approaches to Memory Studies in Russia and Eastern Europe Providing insights into the relationship between memory and identity the twelve chapters provide multidisciplinary analysis of how history is used to reinforce remould and reinvent national and group identities This analysis includes a strong emphasis on interrogating the role of the researcher and the impact of methodology exploring the field s most pressing challenges such as the subjectivity of remembrance reception versus production of discourse and the inclusion of marginal perspectives By focussing on countries in which the past is highly politicised including Serbia Ukraine Poland Russia and the Baltic States the volume also analyses the diverse and often conflicting ways in which historical narratives emerge from these states efforts to create new pasts that shape their respective visions of the future with pressing ramifications across this region and beyond **A Guide to Conducting Online Research** Ted J Gaiser, Anthony E Schreiner, 2009-03-18 A Guide to Conducting Online Research is designed to support students academics and research practitioners in using technology to conduct their research The book begins by looking at what questions to ask and how to prepare to conduct online research then concentrates on particular technologies and how to employ them effectively before concluding with a discussion of the peculiarities of conducting research in the online environment Practical advice is offered on common issues and problems such as How to decide which application is best for your research purposes What can be done to guarantee the anonymity of research participants What kinds of challenges do firewalls present and how can they be mitigated A Guide to Conducting Online Research provides a wealth of advice explanation instruction self help tips and examples making this a helpful resource for anyone using technology in conducting their research [Researching the Creative and Cultural Industries](#) Simone Wesner, 2024-08-01 Research into creative and cultural organisations has proliferated benefitting from insights from a range of disciplinary perspectives Starting a research journey can be daunting in such a diverse field This book provides expert insights into research process and practice with a qualitative focus The book helps readers to plan execute and analyse research turning their work into data results and new knowledge Taking an individual perspective the author addresses a trio of paradigms methodologies and methods and applies them to the whole research process from start to finish The book seamlessly links theoretical and conceptual aspects with best research practice along the way A book for researchers at all stages of their work the resources are also valuable for students and reflective cultural practitioners who want to know how to plan implement and evaluate their research project **Researching Online** David P. Dolowitz, Steve Buckler, Fionnghuala Sweeney, 2017-09-16 This book

offers a clear and comprehensive introduction to the use of internet technology in research It provides full accounts of the different ways in which online resources can help with research projects in any area of the social sciences or humanities along with useful hints and tips as to how you can make the internet work for you *Methodological Reflections on Researching Communication and Social Change* Norbert Wildermuth, Teke Ngomba, 2016-11-01 This book identifies the strengths and weaknesses of different methodological approaches to research in communication and social change It examines the methodological opportunities and challenges occasioned by rapid technological affordances and society wide transformations This study provides grounded insights on these issues from a broad range of proficient academics and experienced practitioners Overall the different contributions address four key themes a critical evaluation of different ethnographic approaches in researching communication for and social change a critical appraisal of visual methodologies and theatre for development research a methodological appraisal of different participatory approaches to researching social change and a critical examination of underlying assumptions of knowledge production within the dominant strands of methodological approaches to researching social change In addressing these issues through a critical reflection of the methodological decisions and implications of their research projects the contributors in this book offer perspectives that are highly relevant for students researchers and practitioners within the broad field of communication for and social change

Im/Tb Ess Physical Anthro Jurmain, 2003-07 **Researching the Visual** Michael Emmison, Philip Smith, Margery Mayall, 2012-12-18 This second edition provides an excellent overview of the field by covering the traditional themes and current trends in image centred photographic visual inquiry but extends this by demonstrating the rich possibilities available through the analysis of everyday objects places and interactions The book includes chapters on researching 2D and 3D visual data along with lived and living visual data and also features a brand new chapter on researching the virtual world of the internet Drawing on theoretical traditions as diverse as semiotics ethnomethodology symbolic interactionism and material culture studies the second edition provides an invaluable guide for researchers interested in conducting innovative visual inquiry Packed with exercises and projects the book makes it easy for students to undertake their own research with limited resources and budget The new edition also features helpful icons alerting researchers to important ethical considerations that are vital in the field of visual research Generously illustrated with images and diagrams this new edition is the perfect companion to those doing projects dissertations or theses involving visual research **Researching Risk and Uncertainty** Anna Olofsson, Jens O. Zinn, 2018-09-27 Understanding and managing risk and uncertainty is a central task in contemporary societies characterised by rapid social technological and environmental change This book presents research approaches used by scholars who all share a passion to gain new insights in how individuals organisations and societies approach uncertain futures and their potential dangers The contributions illustrate the usefulness of particular methods and methodologies for researching risk in order to advance the understanding and management of social technological and environmental

challenges With research strategies and approaches from sociology psychology history linguistics anthropology and gender studies *Researching Risk and Uncertainty* provides guidance and inspiration to students and scholars across a range of disciplines interested in risk disaster and social crisis *Being Available and Reachable* Primus Mbeanwoah Tazanu,2012 The book investigates what have become of Cameroonian transnational family and friendship ties in the age of the mobile phone and the internet that make people readily available and reachable Most theoretical literature states that these tools of sociality cement transnational social relationships through instantaneous interaction To capture the different experiences and impressions on the significance of these media in easing communication for migrants and non migrants Tazanu draws on ethnographic accounts based on his fieldwork in Freiburg Germany and Buea Cameroon He argues that it is mainly the migrants who maintain or are expected to maintain ties with non migrants back in Cameroon through calls and material support The main finding of the study is that cell phones and the internet have facilitated discontents grudges insults fights avoidance arguments and estrangement of relationships much more than they have contributed to binding friends or families through direct mediation Underlying these aspects of distancing are the high expectations and sometimes contradictory motives for instant virtual interaction Non migrants accounts suggest that direct availability and reachability should lead to uninterrupted transnational interaction and also that the cultural practices of remittances from migrants are easily requested and coordinated Such motives are generally contrary to migrants wishes willingness or ability to support friends and families in Cameroon These unexpected outcomes arising from rapid speed of interaction questions the advantages that are often associated with instant sociality across space and time The finding is a call for the cultural background and life world experiences of media users to be taken into consideration when theorising the significance of information technology in the debate on media globalisation *Researching Social Life* Nigel Gilbert,2008-03-17 This new edition of this excellent guide maintains the standard of the original whilst taking full account of developments in both methodological discussion and the techniques of social research The organization of the text around the research process is a great strength of the text David Byrne University of Durham Preview the Third Edition s opening chapter and guide to its teaching and learning features designed to stimulate student engagement with the content here The Third Edition of Nigel Gilbert s hugely successful *Researching Social Life* covers the whole range of methods from quantitative to qualitative in a down to earth and unthreatening manner Gilbert s text offers the best coverage of the full scope of research methods of any of the leading textbooks in the field making this an essential text for any student starting a research methods course or doing a research project This thoroughly revised text is driven by the expertise of a writing team comprised of internationally renowned experts in the field New to the Third Edition are chapters on Searching and Reviewing the Literature Refining the Question Grounded Theory and Inductive Research Mixed Methods Participatory Action Research Virtual Methods Narrative Analysis A number of useful features such as worked examples case studies discussion questions project ideas and checklists are

included throughout the book to help those new to research to engage with the material Researching Social Life follows the life cycle of a typical research project from initial conception through to eventual publication Its breadth and depth of coverage make this an indispensable must have textbook for students on social research methods courses in any discipline

Negotiating Ethical Challenges in Youth Research Kitty Te Riele, Rachel Brooks, 2013 This title brings together contributors from across the world to explore real life ethical dilemmas faced by researchers working with young people in a range of social science disciplines A careful selection of chapters addresses a range of ethical challenges particularly relevant to contemporary youth researchers

Readings in Virtual Research Ethics Elizabeth A. Buchanan, 2004-01-01 Provides an in depth look at the emerging field of online research and the corresponding ethical dilemmas Issues covered include autonomy justice and benevolence informed consent privacy ownership of data research with minors and respect for persons

The Routledge Companion to Digital Ethnography Larissa Hjorth, Heather Horst, Anne Galloway, Genevieve Bell, 2017-01-20 With the increase of digital and networked media in everyday life researchers have increasingly turned their gaze to the symbolic and cultural elements of technologies From studying online game communities locative and social media to YouTube and mobile media ethnographic approaches to digital and networked media have helped to elucidate the dynamic cultural and social dimensions of media practice The Routledge Companion to Digital Ethnography provides an authoritative up to date intellectually broad and conceptually cutting edge guide to this emergent and diverse area Features include a comprehensive history of computers and digitization in anthropology exploration of various ethnographic methods in the context of digital tools and network relations consideration of social networking and communication technologies on a local and global scale in depth analyses of different interfaces in ethnography from mobile technologies to digital archives

Researching Anthropology On The Internet Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Researching Anthropology On The Internet free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Researching Anthropology On The Internet free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Researching Anthropology On The Internet free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Researching Anthropology On The Internet. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu,

provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Researching Anthropology On The Internet any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Researching Anthropology On The Internet Books

What is a Researching Anthropology On The Internet PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Researching Anthropology On The Internet PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Researching Anthropology On The Internet PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Researching Anthropology On The Internet PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Researching Anthropology On The Internet PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
