Researching Change In Caribbean Education

David Phillips, Michele Schweisfurth

Researching Change In Caribbean Education:

Dialects, Englishes, Creoles, and Education Shondel J. Nero, 2012-11-12 This volume brings together a multiplicity of voices both theoretical and practical on the complex politics challenges and strategies of educating students in North America and worldwide who are speakers of diverse or nonstandard varieties of English creoles and hybrid varieties of English such as African American Vernacular English Caribbean Creole English Tex Mex West African Pidgin English and Indian English among others The number of such students is increasing as a result of the spread of English internal and global migration and increased educational access Dialects Englishes Creoles and Education offers a sociohistorical perspective on language spread and variation analysis of related issues such as language attitudes identities and prescribed versus actual language use and practical suggestions for pedagogy Pedagogical features Key points at the beginning of each chapter help focus the reader and provide a framework for reading writing reflection and discussion chapter end questions for discussion and reflective writing engage and challenge the ideas presented and encourage a range of approaches in dealing with language diversity Collectively the chapters in this volume invite educators researchers and students across the fields of TESOL applied linguistics sociolinguistics English literacy and language education to begin to consider and adopt context specific policies and practices that will improve the language development and academic performance of linguistically diverse students

Handbook of Research on Teachers of Color and Indigenous Teachers Conra D. Gist, Travis J. Bristol, 2022-10-15 Teachers of Color and Indigenous Teachers are underrepresented in public schools across the United States of America with Black Indigenous and People of Color making up roughly 37% of the adult population and 50% of children but just 19% of the teaching force Yet research over decades has indicated their positive impact on student learning and social and emotional development particularly for Students of Color and Indigenous Students A first of its kind the Handbook of Research on Teachers of Color and Indigenous Teachers addresses key issues and obstacles to ethnoracial diversity across the life course of teachers careers such as recruitment and retention professional development and the role of minority serving institutions Including chapters from leading researchers and policy makers the Handbook is designed to be an important resource to help bridge the gap between scholars practitioners and policy makers In doing so this research will serve as a launching pad for discussion and change at this critical moment in our country s history The volume s goal is to drive conversations around the issue of ethnoracial teacher diversity and to provide concrete practices for policy makers and practitioners to enable them to make evidence based decisions for supporting an ethnoracially diverse educator workforce now and in the future

Higher Education in The Caribbean Austin Ezenne, 2012-12-01 This book on Higher Education in the Caribbean explores the key issues facing Higher Education institutions in the twenty first century and its emphasis is on the financial and social commitments of Higher Education The book examined research tendencies experiences challenges and practices to rethink and propose new routes for the interchange of values between Higher

Education institutions and the Caribbean society **Researching Change in Caribbean Education** Tony Bastick, Minister Of Education Maxine Henry-Wilson, Austin Ezenne, 2003 The Hon Maxine Henry Wilson is Minister of Education Youth and Culture for Jamaica and holds the firm belief that education is the tool for effective change To teachers in the classroom We have to equip ourselves with the most up to date methodologies and the latest thinking The issues raised in these essays all speak to the diversity of challenges you face To the authors You have identified many of the significant issues which will guide us at all levels but which policymakers especially need in order to make informed and rational decisions To the editors Thank you for compiling such a coherent volume which in its limited number of pages has covered such a wide space of issues The potential for education is the richer for the collaborative effort reflected in this publication Maxine Henry Wilson MP Minister for Education Youth and Culture Jamaica **Urban Teacher Education and Teaching** R. Patrick Solomon, Dia N. R. Sekayi, 2020-07-24 This volume illuminates the most pressing challenges faced by urban schools teachers teacher candidates and teacher training programs and offers a range of insights and possibilities for urban teacher education and teaching Covering issues spanning the broadly theoretical to the urgently practical it goes beyond the traditional discourses in teacher education to focus on diversity social justice democratic schooling and community building What emerges is an emphatic message of hope for those committed to the ongoing project of improving urban teacher education and working in urban settings Contributors from Canada the United States and the Caribbean bring rich and divergent knowledges perspectives and cultural experiences to their discussion of the three central themes around which the book is organized the conceptual framing of key issues in urban schooling pre service teacher preparation for urban transformation and culturally relevant pedagogy and advocacy in urban settings This book is intended for all students practitioners and researchers involved in urban education It is appropriate as a text for student teaching and field experience seminars and for courses dealing with social issues educational policy curriculum development and multicultural teacher education **The Languages of Africa and the Diaspora** Jo Anne Kleifgen, George C. Bond, 2009 This book takes a fresh look at subordinated vernacular languages in the context of African Caribbean and US educational landscapes highlighting the social cost of linguistic exceptionalism for speakers of these languages Chapters describe contravening movements toward various forms of linguistic diversity and offer a comprehensive approach to language awareness in educative settings **Register of Educational Research in the United Kingdom** National Foundation For Educational Research, 2005-11-30 First published in 1998 Routledge is an imprint of Taylor Francis an informa company Researching Language and Literacy in Social Context David Graddol, Janet Maybin, Barry Stierer, 1994 This volume shows how experienced researchers have approached investigations of talk or reading and writing behaviour and what they have discovered about the social and cultural embeddedness of language and literacy practices **International Handbook of Educational Leadership and Social (In)Justice** Ira Bogotch, Carolyn M. Shields, 2013-11-11 The International Handbook on Educational Leadership and Social In

Justice creates a first of its kind international forum on conceptualizing the meanings of social justice and leadership research approaches in studying social justice and combating social injustices school university and teacher leadership for social justice advocacy and advocates for social justice socio cultural representations of social injustices global policies and leadership development as interventions The Handbook is as much forward looking as it is a retrospective review of educational research literatures on social justice from a variety of educational subfields including educational leadership higher education academic networks special education health education teacher education professional development policy analyses and multicultural education The Handbook celebrates the promises of social justice while providing the educational leadership research community with concrete contextualized illustrations on how to address inequities and combat social political and economic injustices through the processes of education in societies and educational institutions around the world

Changing American Education Kathryn M. Borman, Nancy P. Greenman, 1994-01-01 This book examines social changes affecting education amplifies case studies of school change and analyzes the gap between the rhetoric and reality of educational reform

Researching Families and Communities Rosalind Edwards, 2008-04-29 Researching Families and Communities Social and Generational Change explores the concepts and perspectives that guide research and the methods used to explore change during the last half of the 20th century and into the new millennium It highlights the complexities of continuities alongside change the importance of the perspectives that shape investigation and the need to engage with situated data

Ethnicity, Religion, and Muslim Education in a Changing World Karamat Iqbal, Tahir Abbas, 2024-06-14 This novel and contemporary anthology brings important topics about race religion and identity to the foreground to address the challenges facing Muslim schoolchildren today Through interviews and case studies the chapters explore topics such as multiethnic education teacher diversity and culturally responsive pedagogy providing insights into necessary changes and ways to enhance schools Taking into account cultural touchstones such as the Black Lives Matter movement and the Trojan Horse affair the book argues for an urgent transformative accommodation of Muslims to take place within schooling in order to improve the educational standards of Muslim children within the United Kingdom including several chapters that focus on Muslim education in locations such as Yorkshire Peterborough High Wycombe and Tower Hamlets and further afield This book will be of importance to scholars researchers and postgraduate students studying religious education secondary education and multicultural education more broadly Policymakers interested in education policy and politics as well as race and ethnicity in educational contexts may potentially benefit from the volume

Educational Research for Social Justice Alistair Ross, 2021-06-22 This book presents a series of analyses of educational policies largely in the UK but some also in Europe researched by a team of social scientists who share a commitment to social justice and equity in education We explore what social justice means in educational policy and practice and how it impacts on our understanding of both educational science and the public good Using a social constructivist approach the book argues that social justice requires a

particular and critical analysis of the meaning of meritocracy and of the way this term turns educational policies towards treating learning as a competition in which many young people are constructed as losers We discuss how many terms in education are essentialised and have specific and different meanings for particular social groups and how this may create issues in both quantitative survey methods and in determining what is the public good We discuss social justice across a range of intersecting social characteristics including social class ethnicity and gender as they are applied across the educational policy spectrum from early years to postgraduate education We examine the ways that young people construct their identities and the implications of this for understanding the public good in educational practice We consider the responsibilities of educational researchers to acknowledge these issues and offer examples of researching with such a commitment We conclude by considering how educational policy might contribute to a socially just equitable and inclusive public good

Learning to Read Critically in Educational Leadership and Management Mike Wallace, Louise Poulson, 2003-04-14 Learning to Read Critically in Educational Leadership and Management is a unique resource which combines a teaching text with exemplary reports of small scale research and a literature review conducted by international scholars Part One gives the reader a framework for the critical analysis of any text and explains how to incorporate it into a literature review for a course assignment dissertation or thesis

Perspectives in Transnational Higher Education Emmanuel Jean Francois, Mejai B. M. Avoseh, Wendy Griswold, 2016-03-22 This volume brought together scholars from various parts of the world to provide the readers with the latest research in transnational higher education and transcultural learning and teaching theories as well as findings best practices and emerging trends Practitioners will find best practice cases that they can cross culturally adapt to develop implement and assess their own courses and programs This book can serve as a good companion for faculty administrators and leaders in postsecondary institutions to plan develop implement and evaluate programs and courses related to transnational higher education and learning The book includes conceptual and theoretical frameworks that can inform studies to provide leaders and administrators in colleges and universities with research based support to make decisions related to transnational education in a systemic way Topics include but are not limited to Definitions of transnational higher education Theories on transnational higher education Delivery models Transcultural learning Critical pedagogy for transnational education and learning Transcultural consciousness in transnational education Inter institutional joint degree curriculum experiences Issues and topics in transnational higher education requiring further research

Social Justice and Third World Education Timothy J. Scrase, 2021-12-12 First Published in 1997 In much of the comparative education literature questions of educational inequality and lack of educational opportunity in the developing world stand as perplexing complex and difficult problems Yet while inequality in education remains one of the most researched and written about topics in the discipline the question of social justice and its relationship to education remains implicit This volume aims to reverse this trend to make the issue of social justice both in

theory and practice central and explicit

Social Change in the History of British Education Joyce Goodman, Gary McCulloch, WILLIAM RICHARDSON, 2013-09-13 This work provides an overall review and analysis of the history of education and of its key research priorities in the British context It investigates the extent to which education has contributed historically to social change in Britain how it has itself been moulded by society and the needs and opportunities that remain for further research in this general area Contributors review the strengths and limitations of the historical literature on social change in British education over the past forty years ascertain what this literature tells us about the relationship between education and social change and map areas and themes for future historical research They consider both formal and informal education different levels and stages of the education system the process and experience of education and regional and national perspectives They also engage with broader discussions about theory and methodology The collection covers a large amount of historical territory from the sixteenth century to the present including the emergence of the learned professions the relationship between society and the economy the role of higher technological education the historical experiences of Ireland Scotland and Wales the social significance of teaching and learning and the importance of social class gender ethnicity and disability It involves personal biography no less than broad national and international movements in its considerations This book will be a major contribution to research as well as a general resource in the history and historiography of education in Britain

Register of Educational Research in the United Kingdom, 1992-1995 National Foundation For Educational Research, 1995 This latest volume of the Register of Educational Research in the United Kingdom lists all the major research projects being undertaken in Britain during the latter months of 1992 the whole of 1993 and 1994 and the early months of 1995 Each entry provides names and addresses of the researchers a detailed abstract the source and amount of the grant where applicable the length of the project and details of published material about the research

Comparative and International Education David Phillips, Michele Schweisfurth, 2014-03-13 This revised and updated second edition of Comparative and International Education An Introduction to Theory Method and Practice provides a comprehensive and authoritative introduction to the key themes definitions and approaches in this important field It covers the history theory and methods of comparative and international education as well as the relationship with education and national development and outlines what we can learn from comparative studies Clear explanations are complemented with examples of real research in the field including work on policy borrowing learner centred pedagogy and university internationalization

Globalization and Education Nelly P. Stromquist, Karen Monkman, 2000-09-06 The effects of globalization have long been dealt with in terms of economic and technological consequences but what about the influence on education Though still not a precise concept what we understand as Globalization is bringing forth numerous and profound changes in the economic cultural and political life of nations With increased opportunities for interaction and learning education around the world is rapidly becoming transformed The essays contained in this comprehensive yet

readable book strive to provide a thorough examination of the impact these changes are having on how education is defined whom it serves and how it is assessed around the world Globalization and Education is organized into three sections The first addresses conceptual and theoretical issues underlying such notions as globalization internationalization and multilateralism The second presents empirical data from various countries and provides examples of shifts and transformations within a specific level or modality of the educational system The third looks at the totality of educational changes taking the nation as the unit of analysis

Eventually, you will definitely discover a further experience and carrying out by spending more cash. nevertheless when? complete you acknowledge that you require to get those every needs in imitation of having significantly cash? Why dont you attempt to get something basic in the beginning? Thats something that will lead you to understand even more in relation to the globe, experience, some places, similar to history, amusement, and a lot more?
