Reshaping Education In The 1990s Perspectives On Secondary Schooling:

Reshaping Education in the 1990s Rita Chawla-Duggan, Christopher John Pole, 1996 Reflects on changes in British secondary education since the 1988 Education Reform Act in 11 papers derived from a spring 1994 conference at the University of Warwick Pivoting on the themes of schooling and the market changing school governance and experiencing local management they critically evaluate issues central to today's schools and how teachers headteachers parents and school governors work within the context of the changing relationship between schools and the state that the Act brought about Distributed in the US by Taylor and Francis Annotation copyrighted by Book News Inc Portland OR

The Governance of Schooling Margaret A. Arnott, Charles D. Raab, 2002-11 This book looks at the effects of devolved management on secondary schools in several countries and how recent reforms have affected roles relationships and decision making both within the school and with the wider community

Education, Exclusion and Citizenship Carl Parsons, 2002-03-11 *Education Exclusion and Citizenship* provides a hard hitting account of the realities of exclusion examining the behaviour which typically results in exclusion and asks questions about a society which communally neglects those most in need Permanent exclusions from schools continue to rise As schools compete with neighbouring schools for good pupils managers and heads are choosing to exclude disruptive pupils who might affect school image The book looks at the experience of excluded children the law regulating exclusion the obligations of the LEAs and focuses on prevention and early intervention strategies

Geography of the 'New' Education Market Chris Taylor, 2018-02-06 This title was first published in 2000 A series of major reforms during the 1980s and 1990s have led to the transformation of the Education System in England and Wales The new system is now based on market principles in schooling resources Parents now have the opportunity to state a preference over the school they would like their children to attend This fascinating book sets out the new geographies of education focusing on the spatial organization of the new market system Using Geographical Information Systems GIS it examines patterns of competition and choice based on pupil home postcodes and relates these to the decision making process of parents It also makes comparisons between different LEAs and schools in urban and rural areas analyzing the constraints created by space and geography In considering the effectiveness and impact of this new form of provision the book plays an important role in understanding and appreciating the impact of the education market upon social mobility and community structure

Education Policy Paul Trowler, 2003 In this up to date introduction to a key policy area Paul Trowler puts current education policy into context by showing how it has evolved over time and in response to different political ideals He examines what education policy is how it is formulated and crucially how implementation processes affect outcomes He looks at the key issues facing the government today and at how the research process feeds into policy making This concise guide suitable for student or professional features policy landmark tables illustrative case studies summaries of key points guides to further reading useful websites and addresses a glossary of key terms

Social Work

with Children Eric Blyth, 2018-10-08 The recent review of the Diploma in Social Work highlighted the fact that children and young people who are in care have less successful records of educational achievement than their peers Social Work with Children encourages students to view the educational experiences of the young people they will work with seriously and to provide them with the necessary information to do so with confidence and authority It takes account of the problems associated with inter agency and inter professional work drawing upon the authors own practical experience and research Illustrative case studies are provided *Sustainable Development and Learning* William Scott, Stephen Gough, 2003 This book examines the difficult and wide ranging issues relating to how we understand our environment our place in it and how we choose to act This comprehensive text provides an overview of these developing key issues illustrating how through schooling higher education professional training and development and awareness raising people can bring about change as well as engaging in debate and critique of issues The book builds on existing work across a number of fields as well as on original international research in order to model the complexity of the problems the institutional contexts in which they arise and the interrelationships between these Areas explored include the policy context the links between sustainable development and learning the economic and moral interdependence of humans and nature the management assessment and evaluation of learning and globalisation The book suggests ways in which those responsible for learning can target their efforts appropriately matching straightforward solutions to simple problems and designing complex interventions only where these are needed This text will be a valuable resource for anyone studying Masters degrees and MBAs that focus on environment or sustainable development and for professionals dealing with problems on a day to day basis Though a free standing text its analysis is supported by a companion reader Key Issues in Sustainable Development and Learning a critical review *Sustainable Development and Learning: Framing the Issues* Stephen Gough, William Scott, 2003-12-16 In this important new book the authors explore the role of learning in sustainable development The book sets out the key issues and raises concepts for discussion reflection and ongoing consideration by all stakeholders in this crucial field The New Management of British Local Governance Gerry Stoker, 1999-02-02 This book presents a detailed analysis of the new management of public services at the local level drawing on the work of the ESRC Local Governance Programme The radical transformation of public service delivery is assessed in terms of its overall impact as well as its operation in particular service areas Efficiency has improved and services have gained a user focus yet the new management appears to be full of contradictions and distortions in many respects creating as many problems as it solves **Departmental Leadership In Higher Education** Knight, Peter, Trowler, Paul, 2001-04-01 This book is primarily aimed at those who have or will have a role in leading departments or teams in higher education institutions It examines the ways in which mainstream leadership thinking does and does not apply to departments and teams in HEIs and suggests that departmental leadership is critical to institutional well being Resources in Education , 2000-10 **School Effectiveness and Educational Management**

Nikša Alfirević, Josip Burušić, Jurica Pavičić, Renata Relja, 2016-05-18 This book analyzes educational management in the context of developing effective schools in South Eastern European countries and situates the discussion within ongoing education debates in EU countries The book revolves around the specific role and practices of school principals who are positioned as a nexus of educational management in each school Presenting innovative research in the field of educational management and effectiveness this volume will be invaluable for a range of education specialists *Exclusion From School* Eric Blyth, Judith Milner, 2002-05-03 The number of pupils excluded from school has risen sharply over the past few years To a great extent this can be directly attributed to the increased competition between schools following the introduction of the 1988 Education Reform Act Many schools are concerned that children with behavioural problems will damage the image of the school and so can be reluctant to admit these pupils to the classroom However little has been done to follow up what happens to these pupils once they have been excluded from school or to examine ways in which their exclusion might be prevented This collection written from a range of professional perspectives examines current trends in exclusion including the consequences of exclusion It also gives practical guidance on preventative strategies based on real life experiences and examines how professionals such as teachers social workers and other support agencies can work together to help to avoid exclusion **Elites on Trial** Glenn Morgan, Sigrid Quack, Paul Hirsch, 2015-02-18 Elites are on trial firstly for their role in the past and shaping the context for the crisis secondly in terms of how they responded to the crisis and finally in terms of what role they are playing in the aftermath This book is concerned with what happens when elites are challenged by crisis and helps us understand elites on trial **Professionals & New Managerialism** Exworthy, 1998-12-01 Throughout the 1980s and 1990s there have been substantial changes to public sector organization and management A key aspect of this change has been the emergence of a new managerialism which appears to have challenged many widely held and established principles and practices within the public sector This book explores the relationship between professionals and professionalism and the new managerialism by using in depth studies from education social work and medicine **EBOOK: PROFESSIONALS & NEW MANAGERIALISM** N/A Exworthy, 1998-12-16 What do managerialism and professionalism mean in today s public sector How do managers and professionals relate to each other What are the implications of changing notions of managerialism and professionalism And of changing relations between managers and professionals Throughout the 1980s and 1990s there have been substantial changes to public sector organization and management A key aspect of this change has been the emergence of a new managerialism which appears to have challenged many widely held and established principles and practices within the public sector Not least this new managerialism has been seen to pose a significant threat across the public sector to the traditional dominance of professionalism and professionals This book explores the relationship between professionals and professionalism and the new managerialism by using in depth studies from education social work and medicine It shows that in practice the relationship is characterized by a range of outcomes from conflict to patterns of

compromise and collaboration This challenges the often taken for granted assumptions about the distinctiveness even oppositional nature of managerialism and managers on the one hand and professionalism and professionals on the other and sheds new light on long standing debates **Reshaping Education In The 1990s** Rita Chawla-Duggan, Christopher J. Pole, 2002-11-01 This study focuses on the National Curriculum and its impact on primary teaching and learning Included is a look at international practices a review of educational reform and a debate upon professionalism and primary school teaching

Gender, Policy and Educational Change Sheila Riddell, Jane Salisbury, 2003-05-20 Gender equality has been a major educational theme for the past two decades and has become interwoven with other policy themes including those of marketisation and managerialism Contributors to this strong collection are key researchers in their fields and seek to address the following questions What patterns are discernible in the educational attainment of girls and boys over the past two decades To what extent are changes attributable to gender equality policies What form have gender equality policies taken in different parts of the UK What has been the impact of European equality policies How have gender equality policies been experienced by particular groups including pupils from ethnic minority and working class backgrounds This book aims to take an overall look at how significant have been the changes in experiences aspirations and culture of girls and boys and male and female teachers It explores how attempts to improve equal opportunities in education have fared and examines the tensions and contradictions in recent policies Academic Tribes And Territories Becher, Tony, Trowler, Paul, 2001-10-01 Acclaim for the first edition of *Academic Tribes and Territories* Becher's insistence upon in depth analysis of the extant literature while reporting his own sustained research doubled the thickness of the material to be covered *Academic Tribes and Territories* is a superb addition to the literature on higher education There is here an education to be had Burton R Clark Higher Education Becher's landmark work The higher education community both practitioners and educational researchers need to assimilate and to heed the message of this important and insightful book Alan E Bayer Journal of Higher Education a bold approach to a theory of academic relations The result is a debt to him Becher for all students of higher education The Times Educational Supplement a classic in its field The book is readily accessible to any member of the academic profession but it also adds significantly to a specialist understanding of the internal life of higher education institutions in Britain and North America I confidently predict that it will appear prominently on citation indices for many years Gareth Williams Studies in Higher Education How do academics perceive themselves and colleagues in their own disciplines and how do they rate those in other subjects How closely related are their intellectual tasks and their ways of organizing their professional lives What are the interconnections between academic cultures and the nature of disciplines *Academic Tribes and Territories* maps academic knowledge and explores the diverse characteristics of those who inhabit and cultivate it This second edition provides a thorough update to Tony Becher's classic text first published in 1989 and incorporates research findings and new theoretical perspectives Fundamental changes in the nature of higher education and in the academic's role are reviewed and

their significance for academic cultures is assessed This edition moves beyond the first edition's focus on elite universities and the research role to examine academic cultures in lower status institutions internationally and to place a new emphasis on issues of gender and ethnicity This second edition successfully renews a classic in the field of higher education The Primary School in Changing Times Tony Townsend, 2002-09-11 Australian system is similar to UK so will be a cross over market International interest in restructuring and management of schools High calibre contributors from across Australia
