The Cambridge Handbook of Social Sciences in Australia Ian McAllister, Steve Dowrick, Riaz Hassan, 2003-08-07 First published in 2003 The Cambridge Handbook of Social Sciences in Australia is a high quality reference on significant research in Australian social sciences. The book is divided into three main sections covering the central areas of the social sciences: economics, political science and sociology. Each section examines the significant research in the field, placing it within the context of broader debates about the nature of the social sciences and the ways in which institutional changes have shaped how they are defined, taught and researched.

IBSS: Economics: 2002 Vol. 51 Compiled by the British Library of Political and Economic Science, 2013-05-13 First published in 1952 the International Bibliography of the Social Sciences (anthropology, economics, political science and sociology) is well established as a major bibliographic reference for students, researchers and librarians in the social sciences worldwide. Key features: Authority: Rigorous standards are applied to make the IBSS the most authoritative selective bibliography ever produced. Articles and books are selected on merit by some of the world's most expert librarians and academics. Breadth: today the IBSS covers over 2000 journals more than any other comparable resource. The latest monograph publications are also included. International Coverage: the IBSS reviews scholarship published in over 30 languages including publications from Eastern Europe and the developing world. User friendly organization: all non-English titles are in word sections. Extensive author, subject and place name indexes are provided in both English and French. Handbook of Institutional Approaches to International Business Geoffrey Wood, Mehmet Demirbag, 2012-01-01 The latest generation of research in comparative institutional analysis of business is impressively captured in this volume. Readers find depth in theory, development, breadth in application to practice and policy, and insight on the big research issues ahead. Both generalist and specialist readers will find much of value here. Bruce Evan Kaufman, Georgia State University, US. This inspiring Handbook brings together alternative perspectives from a range of disciplines to shed light on the nature of institutions and their relationship to firm level practices and outcomes across a wide

range of national settings Expertly written by leading scholars from a range of different starting points this compendium presents a synthesis of recent work relating to institutionally informed accounts from transitional and emerging markets as well as from mature economies It specifically focuses on the linkage between institutions and what goes on inside firms and the relationship between setting strategic choice and systemic outcomes The Handbook is explicitly multi disciplinary encompassing perspectives from a range of the functional areas of management studies It will prove invaluable for postgraduate students and faculty in international business and the wider research community in the areas of international business corporate governance socio economics and comparative HRM *Diversity and Unity in Federal Countries* John Kincaid,César Colino,2010 In *Diversity and Unity in Federal Countries* leading scholars and practitioners analyse the current political socio economic spatial and cultural diversity in the countries under consideration before delving into the role that social historical and political factors have had in shaping the balance of diversity and unity The authors assess the value placed on diversity by examining whether present institutional arrangements and public policies restrict or enhance diversity and address the future challenges of balancing diversity and unity in an increasingly populated and mobile world

Planning in an Uncanny World Nicholas A. Phelps,Judy Bush,Anna Hurlimann,2022-12-23 This book places Australian conditions and urban planning centrally within comparative analysis of planning systems and cultures around the world to address issues including urban governance climate change transportation planning regional development and migration planning Australian urban conditions and their associated planning responses can and often have been seen as unique or exceptional They are seldom discussed in the same breath as conditions and associated planning systems internationally Yet as well as being somewhat different from those elsewhere in the world Australian urban conditions and planning responses are also somewhat similar They are uncanny strangely familiar yet unfamiliar In this book Australian urban conditions and their planning policies and practices are informally compared and contrasted with those existing internationally If Australian urban planning policy and practice have had limited influence internationally the partial familiarity of challenges posed by its urban conditions ensure that Australia is a more important global reference point for scholarship and practice than commonly is appreciated In this book the authors assert the potential and actual originality of urban planning scholarship arising from the Australian context It will be useful for students and faculty planners working in Australia as well as anyone interested in international planning debates

Asia-Pacific Trade Policies (In 2 Volumes) Kym Anderson,2019-12-19 Protectionism has been placed under the media spotlight with news headlines generated by populist anti globalization movements and Donald Trump s term as US President Such a policy stance is putting at risk unilateral trade reform efforts in the Asia Pacific region and elsewhere This two volume reference work provides a timely update on how far the region has come in opening markets It analyzes the motivations or

ostensible objectives of policies adopted in the past the changing extent of the domestic price distortions involved the economic effects of those policies at home and abroad the political economy forces at work that brought about those policies and their subsequent reform their consequences for international trade economic welfare and poverty alleviation and prospects for sustainable improvements in current policies Case studies of major East Asian economies and Australia reveal how government priorities to assist farmers versus manufacturers changed over the past century but especially since the 1980s and how that has affected trade between natural resource poor and resource rich economies This set is highly recommended for those who are interested in the economics and politics of trade policies agricultural economics economic development and food and nutrition security in the Asia Pacific region and beyond *distortions to agricultural incentives in australia since world war II* , **Douglas Copland** Marjorie Harper,2013-09-01 In Australia the name Copland is one to be conjured with The Canadian ambassador to China was addressing the diplomatic corps gathered to farewell Professor Douglas Copland Australia s second Minister to China It was early 1948 and Copland was leaving China to become founding Vice Chancellor of the new Australian National University in Canberra The compliment was a reference to Copland s outstanding career in Australia as an academic applied economist administrator and public intellectual His academic writings were numerous and timely his newspaper articles were widely syndicated and he was constantly in demand as a public speaker and broadcaster Copland s name is perpetuated by a lecture theatre at the University of Melbourne a building at ANU a secondary college in the Canberra suburb of Melba and by a series of lectures sponsored by the Committee for Economic Development of Australia **Creativity and Innovation in Business and Beyond** Leon Mann,Janet Chan,2011-02-01 In many modern economies creativity the essential prerequisite for innovation tends to be assumed or neglected while the catchphrase innovation dominates the field of business as the key to national performance and competitiveness Creativity and Innovation in Business and Beyond illustrates the ways in which creativity spurs innovation and innovation enables creativity not only in the realms of business and management where the innovation is regularly acknowledged and discussed but throughout the social sciences With contributions from experts in fields as far flung as policy history economics economic geography sociology law psychology social psychology and education in addition to business and management this volume explores the manifold avenues for creativity and innovation at many levels including nation region city institution organisation and team across a multitude of sectors and settings **Weighing Up Australian Values** Brian Howe,2007 Explains why so many Australians feel a greater sense of risk and discusses new directions in social policy to anticipate and help people address risk New Regionalism in Australia Mardelene Grobbelaar,2018-01-18 New Regionalism promoted as a new paradigm of development by the OECD suggests that globalization is bringing together new technologies management employees and communities to form new patterns of local governance However despite the growing influence of New Regionalism in regional development policy in the West and increasingly in Australia there has

been little debate about the relevance and application of these ideas in Australia Bringing together contributions from academics practitioners and policy makers this book redresses this imbalance by examining the theoretical and empirical foundations of this powerful and growing school of thought locating the debate firmly in the Australian context With an opening chapter by Kevin Morgan Cardiff University who has been at the heart of the New Regionalism debate the book provides important insights into the theory and practice of New Regionalism in this vibrant region

Banking Systems in the Crisis Suzanne J. Konzelmann, Marc Fovargue-Davies, 2013 The 2008 financial crisis has severely shaken confidence in liberal economic theory and policy However the sharply divergent experiences of the six Anglo Saxon liberal market economies LMEs suggest that the reality is not so simple This book traces the evolution of liberal capitalism from its rebirth amidst the challenges of the 1970s to its role in the genesis of the 2008 crisis and debates the assumptions underpinning the liberal capitalist paradigm Close examination reveals variety within liberal capitalism Not only was there the familiar hands off libertarian approach adopted by the US UK and Ireland but more bounded better regulated and apparently more stable varieties of economic liberalism also emerged through the more pragmatic approach taken by Canada Australia and New Zealand The evidence is compelling Whereas the American British and Irish financial systems were severely damaged by the crisis those of Canada Australia and New Zealand proved more robust This volume explores the degree to which these divergent experiences were a result of better and more intensive supervision differences in business or political culture broader commitment to social norms and the pace of liberalisation Detailed comparative case studies reveal fundamental differences in the economic and political environments in which economic liberalisation took place in approaches to finance and in the degree to which it was seen to be an engine for growth The book concludes that this had a major influence on the evolving economic and financial systems and consequently their relative resilience when confronted with the challenges of the 2008 crisis

Community and Local Governance in Australia Paul Smyth, Tim Reddel, Andrew Jones, 2005 This book examines the resurgence in Australia of locality based social policy concerned with the spatial dimensions of disadvantage after the political failures of the market oriented approach to regional reform The book proposes that these trends are leading to a new post competition policy regime in Australia that mirrors global policy trends

Global Instability S. McBride, L. Dobuzinkis, Marjorie Griffin Cohen, J. Busumtwi-Sam, 2012-12-06 Global Instability Uncertainty and New Visions in Political Economy presents a series of papers that address the political consequences of globalization for states and their populations while exploring the issue of alternatives to the model of globalization we are presently experiencing The focus moves from the world of international agreements to the national and sub national dilemmas that are posed by attempting to manage a set of global developments within a given territory The initial chapter by Daniel Drache explores a still born post war international organization the International Trade Organization that offers a different vision of how a globally integrated economy might operate A number of papers then explore the challenges posed by today s globalization including currency

instability in an environment of financial deregulation the rights conferred on investors by the North American Free Trade Agreement and the progressive liberalization of trade in services built into the General Agreement on Trade in Services

The Asia Pacific Journal of Economics & Business, 2001 Sustainable Development Indicators in Ecological Economics Philip A. Lawn, 2006-01-01 The book covers a wide range of concepts pertaining to the sustainable development and successfully captures the inter connectivity of environmental preservation and sustainable development International Journal of Ecological Economics and Statistics this book is authoritative objective and essential reading for academics and policymakers concerned with the application of indicators of sustainable development It takes great care to emphasize what has worked what has not and what should be our future priorities for research the combination of these features certainly sets it apart from some other texts in the field Lee M Stapleton Journal of Environmental Planning and Management This book presents a comprehensive collection of essays from some of the world's leading experts surveying and highlighting both the potential and the limitations of a number of indicators specifically designed to measure sustainable development Illustrative applications are presented throughout in order to demonstrate the value of the approaches discussed This book is highly recommended for all those who are interested in a better understanding of what sustainable development is and its likely associated indicators and ultimately aims to contribute to a better foundation for public decision making Paulo A L D Nunes Venice International University C Foscari University Fondazione Eni Enrico Mattei Venice Italy and Vrije Universiteit Amsterdam The Netherlands Since the late 1980s and early 1990s national governments have introduced a range of policy measures designed to steer their economies along a more sustainable path Yet how are we to know how successful these have been This significant new book discusses the ways in which sustainable development indicators can be improved in order to both assess the impact of past policies and avoid the repetition of previous failings Covering a broad range of indicators relating to national accounts aggregate welfare natural capital ecosystem health and human environment interactions this volume provides an important assessment of the strengths and weaknesses of each With contributions from some of the most eminent scholars in the field the book competently analyses the various methods of measuring the sustainable development performance of nations and suggests many ways in which these can be developed and improved While the contributors might offer conflicting views the message they convey is universal the quest for appropriate sustainable development indicators is critically important if we are ever to bring about a fairer sustainable and more efficient world *Spheres of Governance* Harvey Lazar, Christian Leuprecht, 2007 Local governments are becoming increasingly important around the world and functions are being shifted across levels of government This timely comparative analysis breaks new ground in the study of multilevel governance intergovernmental relations and municipal government *Spheres of Governance* systematically compares the challenges faced by municipalities in Australia France Germany Mexico South Africa Spain Switzerland and the United States with emphasis on the relationship between the municipal and federal levels

Each chapter analyzes a municipality in relation to its responsibilities functions and organization constitutional and fiscal position relations with the central government provincial and state governments mediation of these relationships and public policy development especially with regard to emergency planning and immigration and settlement The chapters also highlight the tensions and pressures for change in the systems
