**Resistance in the Desert** Ross E. Dunn, 2018-05-01 This work first published in 1977 is a study of African responses to European conquest in the late nineteenth and early twentieth centuries. It centers on the Muslim pastoral tribes and oasis communities which inhabited southeastern Morocco, a semi arid region on the northern fringe of the Sahara Desert. Between 1881 and 1912 the French army, advancing from Algeria, invaded and occupied this region. This book examines the decades of French conquest as an episode in African rather than European colonial or military history. *A History of Modern Morocco* Susan Gilson Miller, 2013-04-15 Morocco is notable for its stable and durable monarchy, its close ties with the West, its vibrant cultural life, and its centrality to regional politics. This book by distinguished historian Susan Gilson Miller offers a richly documented survey of modern Moroccan history. Arguing that pragmatism rather than ideology has shaped the monarchy's response to crisis, the book begins with the French invasion of Algeria in 1830 and Morocco's abortive efforts at reform, the deal with colonial powers, and the loss of independence in 1912, the burdens and benefits of France's forty-four year dominion, and the stunning success of the nationalist movement leading to independence in 1956. In the post-independence era, the book traces the monarchy's gradual monopolization of power and the resulting political paralysis, with a postscript bringing events up to 2012. This concise, readable book will inform and enthral students and all those searching for the background to present-day events in the region. *Rebel and Saint* Julia Ann Clancy-Smith, 1994 A very fine book, contemporary and sophisticated without being trendy. R. Steven Humphreys, author of *Islamic History: A Framework for Inquiry*. *North Africa* Allan MacKay Findlay, Richard Lawless, 2015-05-15 This book covers the contemporary politics and economic development of the four countries of North Africa: Morocco, Algeria, Tunisia, and Libya. The first part is devoted to contemporary politics and political systems in each of these countries. It traces their political development since independence, with the emphasis on the last ten to fifteen years. The second part concentrates on economic developments in each of the four countries. A separate chapter on each state provides a comprehensive analysis of the economic strategies adopted since independence. They discuss the impact of the planning strategies on the structure of the national economies and the social consequences resulting from these economic policies, notably in the field of employment and income distribution. First published in 1984.

This set will be of particular interest to students of world history. *Murder in Marrakesh* Jonathan G. Katz, 2006-11-16 In Morocco, nobody dies without a reason. Susan Gilson Miller, Harvard University. In the years leading up to World War I, the Great Powers of Europe jostled one another for control over Morocco, the last sovereign nation in North Africa. France beat out its rivals and added Morocco to its vast colonial holdings.

through the use of diplomatic intrigue and undisguised force But greed and ambition alone do not explain the complex story of imperialism in its entirety Amid fears that Morocco was descending into anarchy Third Republic France justified its bloody conquest through an appeal to a higher ideal France's self-proclaimed civilizing mission eased some consciences but led to inevitable conflict and tragedy *Murder in Marrakesh* relates the story of the early days of the French conquest of Morocco from a new perspective that of *Mile Mauchamp* a young French doctor his compatriots and some justifiably angry Moroccans In 1905 the French foreign ministry sent Mauchamp to Marrakesh to open a charitable clinic He died there less than two years later at the hands of a mob Reviled by the Moroccans as a spy Mauchamp became a martyr for the French His death a tragedy for some created opportunity for others and set into motion a chain of events that changed Morocco forever As it reconstructs Mauchamp's life this book touches on many themes medicine magic vengeance violence mourning and memory It also considers the wedge French colonialism drove between Morocco's Muslims and Jews This singular episode and compelling human story provides a timely reflection on French Moroccan relations colonial pride and the clash of civilizations
