Myths of Exile Anne Katrine Gudme, Ingrid Hjelm, 2015-06-05 The Babylonian exile in 587-539 BCE is frequently presented as the main explanatory factor for the religious and literary developments found in the Hebrew Bible The sheer

number of both historical and narrative exiles confirms that the theme of exile is of great importance in the Hebrew Bible. However, one does not do justice to the topic by restricting it to the exile in Babylon after 587 BCE. In recent years, it has become clear that there are several discrepancies between biblical and extra-biblical sources on invasion and deportation in Palestine in the 1st millennium BCE. Such discrepancy confirms that the theme of exile in the Hebrew Bible should not be viewed as an echo of a single traumatic historical event but rather as a literary motif that is repeatedly reworked by biblical authors. *Myths of Exile* challenges the traditional understanding of the Exile as a monolithic historical reality and instead provides a critical and comparative assessment of motifs of estrangement and belonging in the Hebrew Bible and related literature. Using selected texts as case studies, this book demonstrates how tales of exile and return can be described as a common formative narrative in the literature of the ancient Near East, a narrative that has been interpreted and used in various ways depending on the needs and cultural contexts of the interpreting community. *Myths of Exile* is a critical study which forms the basis for a fresh understanding of these exile myths as identity-building literary phenomena.

Flesh and Fish Blood S. Shankar, 2012-07-02 In *Flesh and Fish Blood*, Subramanian Shankar breaks new ground in postcolonial studies by exploring the rich potential of vernacular literary expressions. Shankar pushes beyond the postcolonial Anglophone canon and works with Indian literature and film in English, Tamil, and Hindi to present one of the first extended explorations of representations of caste, including a critical consideration of Tamil Dalit, so-called untouchable literature. Shankar shows how these vernacular materials are often unexpectedly politically progressive and feminist and provides insight on these oft-overlooked but nonetheless sophisticated South Asian cultural spaces. With its calls for renewed attention to translation issues and comparative methods in uncovering disregarded aspects of postcolonial societies and provocative remarks on humanism and cosmopolitanism, *Flesh and Fish Blood* opens up new horizons of theoretical possibility for postcolonial studies and cultural analysis.

Imagining Palestine Tahrir Hamdi, 2022-11-17 Winner of the Counter Current Award at the 2023 Palestine Book Awards. All national identities are somewhat fluid, held together by collective beliefs and practices as much as official territory and borders. In the context of the Palestinians, whose national status in so many instances remains unresolved, the articulation and imagination of national identity is particularly urgent. This book explores the ways that Palestinian intellectuals, artists, activists, and ordinary citizens imagine their homeland, examining the works of key Palestinian and other thinkers and writers such as Edward Said, Ghassan Kanafani, Naji Al Ali, Mahmoud Darwish, Mourid Barghouti, Radwa Ashour, Suheir Hammad, and Susan Abulhawa.
