The Contemporary Caribbean Robert B. Potter, David Barker, Thomas Klak, Denis Conway, 2015-07-17 This text focuses on the contemporary economic social geographical environmental and political realities of the Caribbean region Historical aspects of the Caribbean such as slavery the plantation system and plantocracy are explored in order to explain the contemporary nature of and challenges faced by the Caribbean The book is divided into three parts dealing respectively with the foundations of the Caribbean rural and urban bases of the contemporary Caribbean and global restructuring and the Caribbean industry tourism and politics

Land and Territoriality Michael Saltman, 2020-05-26 In the past territorial conflict usually involved major powers seeking hegemony over strategic spaces and resources More recently however the decline of opposing global power blocs has elevated ethnicity to a prime cause of conflict over land This book considers the multiple roles ethnicity plays in fostering territorial conflicts both violent and non violent across the globe While land disputes relating to nationalism have resulted in the loss of human life in some regions in others ties between ethnicity and land are asserted more peacefully Nationalism and challenges to the validity of the links between people and places have caused widespread bloodshed in the disputed territory of Palestine involving competing

claims of Arabs and Jews have led to war In North America however indigenous Indians claims to land are settled in the courts rather than through violence This book shows how human behaviour is affected by the multiple ways in which people identify with land topography and natural resources In doing so it highlights the growing trend towards defining physical space in specific ethnic contexts associated with a contemporary world that facilitates global movement **The Caribbean City** Rivke Jaffe, 2008 Caribbean cities are a unique yet underexposed phenomenon Their distinctiveness results from a combination of interrelated factors including a history of slavery development under the hemispheric hegemony of the United States and spatial limitations imposed by the settings of most Caribbean urban areas This innovative volume presents a detailed introduction to the spatial socio cultural and economic characteristics of the Caribbean city followed by case studies of selected cities in the Dutch Hispanophone Francophone and Anglophone Caribbean It discusses a broad range of disciplinary approaches in examining the urban Caribbean incorporating perspectives from anthropology sociology history political science geography and literary and cultural criticism **BOOK JACKET** Communicating Globally Wallace V. Schmidt, 2007-02-13 Communicating Globally Intercultural Communication and International Business provides students with a cultural general awareness of diverse world views valuable insights on understanding and overcoming cultural differences and a clear path to international business success This text integrates the theory and skills of intercultural communication with the practices of multinational organizations and international business The book discusses the implications of these approaches and the new competencies needed for conducting international business and entering the world marketplace It examines intercultural transitions and cross cultural relationships as well as how virtual groups or teams and constant change influence multinational organizations Communicating Globally Intercultural Communication and International Business provides further insights into doing business abroad by examining significant geographic regions and emphasizing cultural themes and patterns business conduct and characteristics and emerging trends Also included is a regional resource guide that establishes a sensible foundation for readers to continue their own cross cultural or international business research personally transforming their understanding into individually instructive significance *Three Plays of Maureen Hunter* Hunter, Maureen, 2003 Book is clean and tight No writing in text Like New *Nominal and Pronominal Address in Jamaica and Trinidad* Matthias Klumm, 2021-09-15 This book examines the various patterns of nominal and pronominal address used in Jamaica and Trinidad the two most populous islands of the English speaking Caribbean Given that the Anglo Caribbean context has so far been largely neglected in address research this study aims to provide an in depth analysis of the linguistic means Jamaicans and Trinidadians have at their disposal and make use of to address each other A particular focus will be on variation in the speakers address behaviour with regard to their sex age social class ethnicity and regional background The study draws both on data from a self compiled corpus of postcolonial Jamaican and Trinidadian literary works and on questionnaire and interview data collected during fieldwork This book contributes to the ever growing body of

research in the field of nominal and pronominal address and will be relevant to researchers interested in the fields of sociolinguistics pragmatics and World Englishes

Multifunctional Agriculture Roger Leakey, 2017-04-14 In a world increasingly challenged by the need to integrate and understand highly specialized knowledge in a multidisciplinary way this book is innovative and perhaps unique in addressing this challenge It focuses on ideas strategies techniques and practices spanning many disciplines at the interface of agriculture with forestry horticulture plant physiology genetics ecology soil science food science economics and the social and environmental sciences as delivered by intensified and enriched agroforestry Multifunctional Agriculture addresses this complexity using case studies and insights from the needs of African farmers whose livelihoods are constrained by complex interactions between social environmental and economic factors and problems underlying agricultural sustainability in Africa This book therefore provides an important resource for those trying to understand the role of agriculture in the achievement of the new Sustainable Development Goals by providing easily implementable practical and effective methodologies and practices Provides a single source comprehensive insight into agroforestry multifunctional agriculture its potential challenges and progress Helps readers understand and assess potential opportunity through implementation Includes case studies and real world insights that address common situations and the practical application of best practices Explores the role of multi functional agriculture in mitigating climate change impacts providing value story beyond crop production

Contested Forms of Governance in Marine Protected Areas Natalie Bown, Tim Gray, Selina M. Stead, 2013 In this book the authors examine the governance of marine protected areas MPA and in particular they compare two different forms of governance co management CM and adaptive co management ACM CM is characterized by the decentralization of the decision making process incorporating the governed as well as the government ACM is characterized by the dynamic process whereby co management decision making is made continuously responsive to the changing ecological and socio economic circumstances of the MPA The authors carry out a comprehensive critical analysis of CM and ACM before applying these concepts to the case study of the Cayos Cochinos Marine Protected Area off Honduras to assess two successive management cycles 2004-9 and 2008-13 The area was designated as an MPA in 1993 a governmental decision which was met with resentment by local communities CM was introduced in 2004 to involve these local stakeholders in the decision making process but achieved limited success In an attempt to deal with these deficiencies ACM was adopted in the second management plan in 2008 but whereas the position of the local communities improved it tipped the scales too far away from conservation A third management plan is currently being prepared that promises to strike a better balance between ecological and socio economic objectives A central theme of the book is to examine how far the CCMPA adhered to the principles of CM and ACM respectively in its first two management plans
