K. Beale,2013-09-07 This commentary series is established on the presupposition that the theological character of the New Testament documents calls for exegesis that is sensitive to theological themes as well as to the details of the historical linguistic and textual context Such thorough exegetical work lies at the heart of these volumes which contain detailed verse by verse commentary preceded by general comments on each section and subsection of the text An important aim of the NIGTC authors is to interact with the wealth of significant New Testament research published in recent articles and monographs In this connection the authors make their own scholarly contributions to the ongoing study of the biblical text The text on which these commentaries are based is the UBS Greek New Testament edited by Kurt Aland and others While engaging the major questions of text and interpretation at a scholarly level the authors keep in mind the needs of the beginning student of Greek as well as the pastor or layperson who may have studied the language at some time but does not now use it on a regular basis

Restoration and Revelations Bryan Jones,2004-04 **The Prophecies of Daniel and the Revelations of St John** Karl August Auberlen,1856

We Gather Together Neil J. Young,2016 Tracing the interactions among evangelicals Catholics and Mormons from the 1950s to the present day We Gather Together recasts the story of the emergence of the Religious Right showing that it was not a brilliant political strategy of compromise and coalition building hatched on the eve of a history altering election Rather it was the latest iteration of a much longer religious debate that had been going on for decades Evangelicals Catholics and Mormons found common cause and pursued similar ends in debates about abortion school prayer the Equal Rights Amendment and tax exemptions for religious schools but they were far from a unified bloc cracks in the alliance shaped the movement from the very beginning This provocative book will reshape our understanding of the most important religious and political movement of the last 30 years

The New Jerusalem in the Book of Revelation Pilchan Lee, 2001 There is a development between expectation for the rebuilding of the New Jerusalem Temple in the Old Testament and the coming of the New Jerusalem Temple in Revelation In Revelation there is a dynamic relation between the New Jerusalem and the Heavenly Jerusalem the New Jerusalem is the descent of the Heavenly Jerusalem Moreover there is no Temple building which was expected as the eschatological promise in the Old Testament but rather God and the Lamb is the Temple How can this shift be explained Pilchan Lee examines the exegetical tradition which existed between the Old Testament and Revelation He assumes that as the exegetical tradition the early Jewish apocalyptic literature functions as a key element for forming the idea of the New Jerusalem in Revelation John's main argument is that the church which is symbolized by several images is placed in heaven now chapters 4-20 and the church which is symbolized by the New Jerusalem will descend to the earth from heaven in the future 21-22

Interpreting Revelation and Other Apocalyptic Literature C. Marvin Pate, 2016-11-27 Christians live in two overlapping ages this present age and the age to come By examining Revelation and other apocalyptic literature from the Gospels and the Old Testament it can be argued that end time events and the age to come have already begun This understanding however can present many challenges How do we explain this blending of present and future How do the future resurrection of the body and the return of Christ impact pastoral care and sermon preparation now C Marvin Pate provides an accessible guide to the distinctive content form and function of apocalyptic literature Key principles of interpretation specific to this genre are presented as well as steps in communicating the theological messages of apocalyptic passages in the Bible Pate's in depth explanations offer a reliable introduction to this field of literature as well as new insights into the texts

Revelation Restored Warren Johnston, 2011 An analysis of the nature of apocalyptic and millennial beliefs that reveals concerns prominent in England in the early seventeenth century had not abated after 1660 Revelation Restored is a study of apocalyptic thought in the later seventeenth century in England It explores an under examined aspect of early modern British history despite the prominence of millenarian beliefs in historians explanations of the early modern English church and state up to 1660 little has been said about these convictions in the years following the Restoration The examination of applications of prophetic language and interpretation to explain the events in England from

1660 to 1700 illustrates their continued capacity to comprehend ecclesiastical and political developments. The book demonstrates that far from having disappeared from the intellectual landscape, apocalyptic ideas still held the potential to animate opinions in the mainstream of political debate in the later seventeenth century. These responses were outlets both for demonstrations of dissent and for endorsements of authorised powers in response to crises in authority and efforts at religious settlement. In addition, this book contends that any strict periodization that segregates the concerns of early seventeenth century England from those of the later seventeenth century has been too sharply drawn. Analysis of the nature of apocalyptic and millennial beliefs reveals that the concerns prominent in England in the early seventeenth century had not abated after 1660.

WARREN JOHNSTON is an Assistant Professor at Algoma University in Ontario, Canada. **The Conversion of the Nations in Revelation** Allan J. McNicol, 2011-04-28 Allan McNicol examines the Conversion of the Nations in the book of Revelation together with the author's vision for final redemption. Allan McNicol examines the longstanding tension between the author of Revelation's description of the destruction of unrepentant nations early in the book in contrast with their final experience of salvation in Rev 21:24-26. McNicol examines how the author of Revelation interprets and refashions both scripture and the myths of the age in order to lay out his vision of redemption leading to his ultimate conclusion that human political power, Rome, will crumble before the influence of the crucified Jesus. Through careful attention to references to the pilgrimage to the Gentiles in prophetic literature, McNicol is able to draw valuable conclusions as to how the core tension examined may be resolved. This exegesis is in turn able to show how the author of Revelation's alternative voice to Rome's power emerged among a small minority community in the Eastern Roman Empire and gained plausibility. This voice not only could articulate a construct of its own vindication, thus empowering its own converts, but it also construed a new destiny for the nations themselves, separate and apart from Rome.
