Understanding Restorative Justice Pete Wallis, 2014-07-11 This unique book is a clear and detailed introduction that analyses how restorative justice nurtures empathy exploring key themes such as responsibility shame forgiveness and closure The core notion of the book is that when a crime is committed it separates people creating a gap This can only be reduced or closed through information and insight about the other person which have the potential to elicit empathy and compassion from both sides The book explores this extraordinary journey from harm to healing using the structure of a timeline from an offence through the criminal justice process and into the heart of the restorative meeting Using case studies the book offers a fresh angle on a topic that is of growing interest both in the UK and internationally It is ideal as a comprehensive introduction for those new to restorative justice and as a best practice guide for existing practitioners

its emphasis on identifying the justice needs of everyone involved in a crime is a worldwide movement of growing influence that is helping victims and communities heal while holding criminals accountable for their actions This is not soft on crime feel good philosophy but rather a concrete effort to bring justice and healing to everyone involved in a crime In *The Little Book of Restorative Justice* Zehr first explores how restorative justice is different from criminal justice Then before letting those appealing observations drift out of reach into theoretical space Zehr presents Restorative Justice practices Zehr undertakes a massive and complex subject and puts it in graspable form without reducing or trivializing it This resource is also suitable for academic classes and workshops for conferences and trainings as well as for the layperson interested in understanding this innovative and influential movement *Restorative Justice Theory and Practice* Theo Gavrielides,2007 A study examines the harmful gap between the theory of restorative justice RJ and its application in programs in the U S Europe and elsewhere Data were obtained from four surveys of restorative justice practitioners using a combination of qualitative methodologies including questionnaire responses interviews and focus groups *The Pocket Guide to Restorative Justice* Pete & Thalia Wallis,Pete Wallis,Barbara Tudor,2007-12-15 This pocket sized guide covers every stage of the process from how a facilitator should prepare for taking on a new case through initial contacts with victim and offender and facilitating meetings to recording and evaluating a case This is an invaluable companion for any professional needing to know about restorative justice *Handbook of Restorative Justice* , **Restorative Justice** Marian Liebmann,2007 Provides an accessible introduction to the philosophy of restorative justice and its application in a wide range of settings demonstrating how it can help to rehabilitate both victims and offenders when harm has been done **Restorative Justice in Prisons** Kimmet Edgar,Tim Newell,2006-03-01 This is the best leading edge information and ideas from two of the UK s most respected practitioners and authorities It is for people who want to make a difference suggests the tools for this and offering guidance wholly up to speed with what is happening in UK prisons Restorative Justice in Prisons is an entirely new and key work that explains how restorative justice can be delivered in the prison setting This book translates well rehearsed theories of restorative justice into practical outcomes and into a scenario that is primarily punishment oriented It offers a new perspective on the needs of victims in a context where offending may be quite serious Restorative Justice in Prisons opens the way for largescale expansion in this field This is a wonderfully useful tool for influencing policymakers towards a better system Meticulously researched and rationally argued throughout the authors speak direct to government police and prison service on their own terms neatly argue **Creating Restorative Justice** Gregory D. Paul,Ian M. Borton,2021-04-07 Discussion of the histories meanings and assumptions of restorative justice have enriched the development of its theory research and practices While some of this work has addressed the role of communication the treatment of communication within restorative justice remains rather under developed Communication plays a central role in processes of restoration and justice and a constitutive role in making restorative justice what it is In *Creating Restorative Justice A Communication*

Perspective of Justice Restoration and Community Gregory D Paul and Ian M Borton argue that by centering communication in restorative justice as it occurs in various contexts from families to schools to communities we can simultaneously deepen our understanding enrich our practice and amplify our study of restoration and justice From a communication perspective restorative contexts both use and are created by the communication present Any outcomes from restorative processes are thus the product of the communication both within and between restorative practices participants As the world addresses the challenges presented by injustice inequality and insecurity it is incumbent we expand our understanding of restorative processes to account for the vital role of communication *Restorative Justice Today* Katherine S. van Wormer, Lorenn Walker, 2012-08-17 *Restorative Justice Today* Applications of Restorative Interventions takes a hard look at the issues and concepts surrounding restorative justice and current restorative practices used in a broad range of areas today In a time when the cost of prisons and jails is on the rise resulting in more offenders being kept out of the community this timely and contemporary book exposes readers to a range of restorative practices that can be implemented The authors renowned experts in the area of restorative justice provide information not found in other restorative justice texts **Restorative Justice** Theo Gavrielides, 2017-09-19 The legitimacy and performance of the traditional criminal justice system is the subject of intense scrutiny as the world economic crisis continues to put pressure on governments to cut the costs of the criminal justice system This volume brings together the leading work on restorative justice to achieve two objectives to construct a comprehensive and up to date conceptual framework for restorative justice suitable even for newcomers and to challenge the barriers of restorative justice in the hope of taking its theory and practice a step further The selected articles start by answering some fundamental questions about restorative justice regarding its historical and philosophical origins and challenge the concept by bringing into the debate the human rights and equality discourses Also included is material based on empirical testing of restorative justice claims especially those impacting on reoffending rates victim satisfaction and reintegration The volume concludes with a critique of restorative justice as well as with analytical thinking that aims to push its barriers It is hoped that the investigations offered by this volume not only offer hope for a better system for abolitionists and reformists but also new and convincing evidence to persuade the sceptics in the debate over restorative justice

Debating Restorative Justice Chris Cunneen, Carolyn Hoyle, 2010-08-25 *Debating Law* is a new exciting series that gives scholarly experts the opportunity to offer contrasting perspectives on significant topics of contemporary general interest In this first volume of the series Carolyn Hoyle argues that communities and the state should be more restorative in responding to harms caused by crimes antisocial behaviour and other incivilities She supports the exclusive use of restorative justice for many non serious offences and favours approaches that by integrating restorative and retributive philosophies take restorative practices into the deep end of criminal justice While acknowledging that restorative justice appears to have much to offer in terms of criminal justice reform Chris Cunneen offers a different account contending that the theoretical cogency

of restorative ideas is limited by their lack of a coherent analysis of social and political power He goes on to argue that after several decades of experimentation restorative justice has not produced significant change in the criminal justice system and that the attempt to establish it as a feasible alternative to dominant practices of criminal justice has failed This lively and valuable debate will be of great interest to everyone interested in the criminal justice system *Restorative Justice in Practice* Joanna Shapland,Gwen Robinson,Angela Sorsby,2011-07-15 This book analyzes the practicalities of setting up and running restorative justice schemes the costs involved and the key professional and ethical issues involved such as victims and offenders needs and expectations community and desistance *Restorative Justice in China* Xiaoyu Yuan,2017-10-16 This book provides insights into the history development and practice of restorative justice methods in China Traditionally in China mediation has played an important role in criminal proceedings which has many characteristics in common with the Western concept of restorative justice Through case studies and theoretical examination the author of this timely work aims to bridge the research on restorative justice models mainly developed in the West with restorative justice as practiced in China After a Brief overview and introduction the author compares and contrasts case studies of restorative justice like practices from different districts in China The author examines cases studies from several regions within China and explores the key question can the restoration model developed in the West take root in China and if so what legal cultural and societal accommodations may need to be made This work will be of interest to researchers in Criminology and Criminal Justice particularly with an interest in alternative justice practices restorative justice and international comparative criminology as well as researchers interested in Chinese affairs or Asian Studies *New Directions in Restorative Justice* Elizabeth Elliott,Robert Gordon,2013-06-17 This book is based on papers originally presented at the 6th International Conference on Restorative Justice in Vancouver It is concerned with several new areas of practice within restorative justice with sections on restorative justice and youth aboriginal justice and restorative justice victimization and restorative justice and evaluating restorative justice **Restorative Justice and Criminal Justice** Andreas von Hirsch,Julian V Roberts,Anthony E Bottoms,Kent Roach,Mara Schiff,2003-01-06 Restorative Justice has emerged around the world as a potent challenge to traditional models of criminal justice and restorative programmes policies and legislative reforms are being implemented in many western nations However the underlying aims values and limits of this new paradigm remain somewhat uncertain and those advocating Restorative Justice have rarely engaged in systematic debate with those defending more traditional conceptions of criminal justice This volume containing contributions from scholars of international renown provides an analytic exploration of Restorative Justice and its potential advantages and disadvantages Chapters of the book examine the aims and limiting principles that should govern Restorative Justice its appropriate scope of application its social and legal contexts its practice and impact in a number of jurisdictions and its relation to more traditional criminal justice conceptions These questions are addressed by twenty distinguished criminologists and legal scholars in papers which make up this

volume These contributions will help clarify the aims that Restorative Justice might reasonably hope to achieve the limits that should apply in pursuing these aims and how restorative strategies might comport with or replace other penal strategies

Equality Matters for Restorative Justice

Theo Gavrielides, Pat Lauderdale, Annamarie Oliverio, Christa Pelikan, Vaso Artinopoulou, Rod Earle, Alison Wakefield, Borbala Fellegi, Dóra Szegő, 2018-04-01 Restorative justice was brought back into the modern world of policy research and practice in response to a growing disappointment from our criminal justice systems especially in relation to how it treats vulnerable groups such as those experiencing discrimination due to their race gender age etc Therefore it is surprising why equality hasn't featured more prominently in the restorative justice discourse This is what the Editor calls the paradox of restorative justice and the battle field where the future of restorative justice will be fought This edited collection of papers written by leading equality and restorative justice scholars aims to bring to the restorative justice debate a new dimension that is yet to be explored in its own right This refers to issues surrounding equality and restorative justice both at the normative and empirical levels Through an evidence based approach case studies from around the world are presented to develop a narrative and a practical tool for considering equality matters when applying or thinking about restorative justice Particular emphasis was given on gender and domestic violence Indigenous peoples gender equality and prisoners To cite this ebook Gavrielides T 2018 Equality Matters for Restorative Justice London RJ4All Publications ISBN 978 1 911634 03 4 DOI 10 13140 RG 2 2 26266 00969 Editor Dr Theo Gavrielides by Theo Gavrielides Author Editor Pat Lauderdale Author Annamarie Oliverio Author Christa Pelikan Author Vaso Artinopoulou Author Rod Earle Author Alison Wakefield Author Borbala Fellegi Dóra Szeg Table of Contents Preface John Braithwaite Australian National University Australia Introductions Acknowledgements Theo Gavrielides Comparing indigenous to current frameworks of restorative justice and rights Pat Lauderdale Faculty of Justice and Social Inquiry Arizona State University USA Annamarie Oliverio Adjunct Professor at Arizona State University Founder and Director of the Social Research Institute USA Partnership Violence and Restorative Justice Lessons from Austria Christa Pelikan Institut für Rechts und Kriminalsoziologie Institute for Sociology of Law and Criminology Austria Violence against women and Restorative Justice Comparative Lessons from the UK and Greece Theo Gavrielides Vaso Artinopoulou Professor of Criminology and former Vice Rector Panteion University of Social and Political Sciences Greece Restorative justice and the right to move on from the stigma of a criminal conviction Rod Earle Lecturer in Youth Justice Dept of Health and Social Care The Open University UK Alison Wakefield Senior Lecturer Director Security Institute Institute of Criminal Justice Studies University of Portsmouth UK Young females in custody and restorative justice Lessons from Greece Vaso Artinopoulou Talks behind the walls restorative encounters in prison settings Borbala Fellegi

Reconstructing Restorative Justice Philosophy Theo Gavrielides, Vasso Artinopoulou, 2016-04-08 This book takes bold steps in forming much needed philosophical foundations for restorative justice through deconstructing and reconstructing various models of thinking It challenges current debates through the consideration and integration of various disciplines such as law criminology philosophy and human rights into restorative justice theory resulting in the development of new and stimulating arguments Topics covered include the close relationship and convergence of restorative justice and human rights some of the challenges of engagement with human rights the need for the recognition of the teachings of restorative justice at both the theoretical and the applied level the Aristotelian theory on restorative justice the role of restorative justice in schools and in police practice and a discussion of the humanistic African philosophy of Ubuntu With international contributions from various disciplines and through the use of value based research methods the book deconstructs existing concepts and suggests a new conceptual model for restorative justice This unique book will be of interest to academics researchers policy makers and practitioners

Restorative Justice in Transition Kerry Clamp, 2013-09-05 This book explores how restorative justice is used and what its potential benefits are in situations where the state has been either explicitly or implicitly involved in human rights abuses Restorative justice is increasingly becoming a popular mechanism to respond to crime in democratic settings and while there is a burgeoning literature on these contexts there is less information that focuses explicitly on its use in nations that have experienced protracted periods of conflict and oppression This book interrogates both macro and micro utilisations of restorative justice including truth commissions criminal justice reform and the development of initiatives by communities and other non state actors The central premise is that the primary potential of restorative justice in responding to international crime should be viewed in terms of the lessons that it provides for problem solving rather than its traditional role as a mechanism or process to respond to conflict Four values are put forward that should frame any restorative approach engagement empowerment reintegration and transformation It is thought that these values provide enough space for local actors to devise their own culturally relevant processes to achieve longstanding peace This book will be of interest to those conducting research in the fields of restorative justice transitional justice as well as criminology in general
