Holland, 2003 An important book for clergy and lay members who are concerned with mapping the future of the Episcopal Church Reports on the findings of research that conclude there is a paradox in the Episcopal Church Restoring the Ties That Bind William Sachs, 2003-05-01 Drawing on more than 2 500 discussions with Episcopalians in focus groups and personal interviews as part of the Episcopal Church Foundation s Zacchaeus project William Sachs and Thomas Holland conclude that there is a paradox in the Episcopal Church At **The Living Church** ,2003-07 **Privilege and Prophecy** Robert Tobin, Robert Benjamin Tobin, 2022 The Episcopal Church has long been regarded as the religion of choice among America s ruling elite Yet after World War II a new generation of leaders emerged eager to shake off the church s reputation as a bastion of privilege and transform it into an agent of social reform Taking an active part in the civil rights and anti war movements of the 1960s these leaders struggled to draw the church s membership into their vision of change Despite their shortcomings these activist leaders played a pivotal role in the evolution of Episcopalianism from establishment church into a more diverse and inclusive denomination *The Heart of a Pastor* Sheryl A. Kujawa-Holbrook, 2010 When a genial red headed Texan recently ordained an Episcopal priest set off in 1959 with his wife and three young children to do missionary work in post World War II Okinawa he didn t know it was the beginning of a journey that would take him to assignments around the world and lead to his election as the twenty fourth presiding bishop of the Episcopal Church Edmond Lee Browning known for his pastoral heart and his declaration of No outcasts steered the church through challenging issues racial gender and sexual equality ordination of women to the episcopate nuclear arms proliferation war and bitter controversy as traditional understandings of faith human sexuality and America s place among the nations came under siege An unflinching advocate for the powerless he advised not only his fellow Episcopalians but U S presidents and world leaders in a ministry that spanned the continents and earned him international love and respect Sheryl A Kujawa Holbrook s authorized biography *The Heart of a Pastor A Life of Edmond Lee Browning* tells this remarkable man s story through the Browning family s own words excerpts from historical documents and the lively anecdotes and intimated recollections of those who know him and worked with him *Unmasking Latinx Ministry for Episcopalians* Carla E. Roland Guzmán, 2020-02-17 A look through a Latinx lens at how the Episcopal Anglican church can minister to and with the Latinx community *Unmasking Latinx Ministry* is a unique look at the history of the Episcopal Church in the last fifty years including a bold and insightful analysis of the institutionalization of Latinx ministries This history is contextualized within the struggles of the Episcopal Church in terms of race gender and sexuality Through a Latinx lens the author brings fresh eyes to the challenges faced by the Episcopal Church s ministry with and among Latinx persons and communities Along with the historical analysis and insight the author brings a background and formation in Episcopal churches in Puerto Rico Texas California and Central New York as well as more than fifteen years of experience in a multicultural and multiracial

monolingual and bilingual congregations in New York City Combining this history and ministry experience the author explores specific areas where Episcopal Anglican traditions speak to Latinx ministries and what Latinx persons and communities offer the Episcopal Church today **Homosexuality and the Crisis of Anglicanism** William L. Sachs,2009-08-13 Uncovers the origins of the conflict over homosexuality which has drawn worldwide interest and divided the Anglican Church *The Essential Handbook of Denominations and Ministries* George Thomas Kurian,Sarah Claudine Day,2017-03-14 Though the church universal is an ancient institution the contemporary ministry landscape is always changing That s why a new resource with useful information about Christian organizations is needed The Essential Handbook of Denominations and Ministries is an easy to use guide to more than 200 of the largest denominations and 300 ministries in the United States The entries for organizations include a brief history and summary a contemporary profile and discussion on doctrinal emphases creeds membership and interdenominational and ecumenical alliances Pastors ministry leaders community leaders and students will find this resource a helpful guide as they seek to understand Christian denominations and ministries **The Missional Church in Perspective** Craig Van Gelder,Dwight J Zscheile,Alan J. Roxburgh,2011-05 Two ministry experts map the variety of missional church visions over the past decade opening up new horizons for extending the conversation biblically and theologically **Reading the Bible in an Age of Crisis** Bruce Worthington,2015-08-03 We live in an age in which economic ecological and political crises are not the exception but the rule The Cold War polarities that shaped an earlier political exegesis have been replaced increasingly crisis is the engine of a global turbo capitalism Here biblical scholars and activists describe and exemplify the shape of a biblical interpretation that takes contemporary crisis seriously Succinct opening essays summarize the salient aspects of our critical situation in later parts contributions address themes of economic political and environmental crisis in dialogue with biblical texts **A Church Beyond Belief** William L. Sachs,Michael S. Bos,2014-10 Addresses belonging before believing and other new patterns for remaking congregations As we move beyond the emergent or missional church paradigm pastors and other church leaders are discovering a new reality people especially younger generations are coming to church not as believers but to find a place to belong with or without faith This book describes the dilemma and the distractions that currently prevent congregations from being the place where that sense of belonging can unfold and guide newcomers in the discovery of faith The authors argue that despite elaborate talk of change spirituality transformation and conflict resolution congregations are still mired in old patterns of belonging Using broad based career experiences surveys of religious life historical precedent and insights from social psychology about what it means to belong today the book suggests new and effective approaches to help churches make vital connections *People of the Way* Dwight J. Zscheile,2012-05 By exploring the Episcopal Church s mission and precepts in the context of 21st century and its challenges this thoughtful book deepens the Church s relationship with its people and makes the faith more relevant Society and culture are constantly evolving so must religion and its mission to remain meaningful The legacies

of establishment benefactor approaches to mission and the national church ideal are no longer adequate for the challenges and opportunities facing the 21st century church But if the Episcopal Church is no longer the Church of the Establishment and the benefactor model of church is dead what is the heart of Episcopal mission and identity Scholar and Episcopal priest Dwight Zscheile draws on multiple streams of Anglican thought and practice plus contemporary experience to craft a vision for mission that addresses the church's post establishment post colonial context With stories practices and concrete illustrations Zscheile engages readers in re envisioning what it means to be Anglican in America today and sends readers out to build new relationships within their local contexts

The Practicing Congregation Diana Butler Bass,2004-09-01 The conventional wisdom about mainline Protestantism maintains that it is a dying tradition irrelevant to a postmodern society unresponsive to change and increasingly disconnected from its core faith tenets In her provocative new book historian and researcher Diana Butler Bass argues that there are signs that mainline Protestant churches are indeed changing finding a new vitality intentionally grounded in Christian practices and laying the groundwork for a new type of congregation The Practicing Congregation tracks these changes by looking at the overall history of American congregations noting the cultural trends that have sparked change and providing evidence of how mainline churches are reappropriating traditional Christian practices The signs of life that Bass identifies lead the reader beyond the crumbling liberal vs conservative dualities to a more nuanced and fluid understanding of the shape of contemporary ecclesiology and faithfulness In so doing she helps readers understand tradition in new ways and creates an alternative path through the culture wars that today arrest the energies of most denominations Invigorated by stories from Bass's own experience The Practicing Congregation provides a hopeful and exciting vision for the church The imaginative retraditioning she identifies and celebrates will guide pastors and other leaders on this pilgrimage of creating church and convincingly counter the naysayers that long ago gave up on the viability of the mainline church
