*Art and Praise in Kierkegaard's Works of Love* Richard McCombs, 2023-12-19 Since art is essential to the love of one's neighbor as oneself and to love's chief goal of building up one another we cannot understand love without also understanding its art Observing that praise is ubiquitous in Søren Kierkegaard's writings Richard McCombs interprets Kierkegaard's Works of Love as a eulogy of love's arts of forgiveness peace making and building up one's neighbor in maturity and charity Kierkegaard stresses love's ability to achieve results calling love irresistible and almost magical in overcoming obstacles to its purposes living the life of faith and love involves

skillful attention to the specificity of the episodes in an individual's life and the creative imagining of new ways of enacting these virtues McCombs argues that Kierkegaard's ideas about the art of love reveal limits or exceptions to his individualism and to his anti consequentialism in ethics Art and Praise in Kierkegaard's Works of Love explores Kierkegaard's distinct praises of love through texts like Works of Love The Brothers Karamazov and Middlemarch to illustrate complement and sometimes correct Kierkegaard's profound account of love's art and wisdom suggesting ways that the art of praise bears on other questions in aesthetics ethics and religion *The Divine Universe, The book of love* Zara Borthwick, Nicholas Arnold, 2013-12-11 The Divine Universe The book of love was first published in 2013 as a hardcover with gold embossed linen and dust jacket A beautiful book for the book lover Now we are pleased to introduce the soft cover book of these spirit communications This book is a work of spirit communication that introduces themes of Love and Spirit relating with the Natural love of man and the Divine Love of God The Padgett Messages also a book of spirit communication was received by James E Padgett 1914 1923 The Divine Universe extends the experience and vision of the Divine Love from the messages that James received The Divine Universe introduces the workings of the soul the spirit body human evolution of the personality and how this evolution transitions from a human life into spirit life The vision of harmony Immortality and living Divine Love is conveyed by the spirits with illumination and a sense of wonder that introduces the living potential of love for us all

**Faith, Hope, and Love in the Kingdom of God** Robert Hernan Cubillos, 2017-04-27 We live in a world full of challenges The three graces can almost be seen as motors for Christian life in today's world but the words faith hope and love have so many everyday uses that their technical theological meanings are for many difficult to appreciate Modern life also leaves many yearning for authenticity and meaning Many religions have answered that need by calling to mind the image of a path Always profound progressions religious paths tend to be motivated either by practices the act of walking the path or focal points Christianity has a focal point an object and it sees the three graces as distinctively content filled The heart of this book is about helping people find the Christian path and their intellectual emotional and spiritual balance an equilibrium that is sustained by a strong personal faith an enduring hope for the future and genuine love that will withstand the worst of times It contributes to the category of Christian literature that provides a pattern for Christian living without surrendering the intellect to the more popular side of this genre

Works of Love Robert L. Perkins, 1999 To claim that Works of Love is an important philosophical essay is to assume hazardous burden of proof The book's title is an allusion to the Bible's injunction that we should love our neighbor as we love ourselves a far cry far instance from Diotima's ladder of erotic desire up which we climb from the love of bodies until we catch a vision of that single sea of beauty beauty itself Plato Symposium This contrast given that some of some of our neighbors may not be particularly likable or one may even be a determined enemy suggests immediately to some that a book with such an obviously religious title must be excessively moralistic and at best full of sermon helps for the harried clergy or at worst laden with rules for the unlearned laity A casual perusal of a few paragraphs however shows these put down views of the book to be unfounded

*Beyond Enlightenment* Phillip C. Reinke, 2022-11-09 The world of self improvement and motivation works diligently to take us to higher levels However most

of these efforts have been ineffective One common issue makes the true value of these plans and efforts of little value This is because these systems neglect to take a significant fact into account or worse a fact whose foundation is based on an inaccurate assumption The true fact supported by both science and irrefutable logic creates a foundation upon which an effective system can be created This fact is that an individual is exactly that an individual isolated from the universe and acting totally alone In reality everything is independent and isolated from existence The basis for this is detailed in this impactful book Beyond Enlightenment The New Path to Success and Fulfillment At this point we must question everything that has been previously said and then open our minds to the reality that we can move from existing to enlightenment and beyond and in a way that makes a real difference
