The British Study Edition of the Urantia Papers Book [eReader PDF] Edited by Tigran Aivazian, 2011-01-01 The British Study Edition of the Urantia Papers is based on the standard SRT text but uses the metric system and adds a critical apparatus of textual variants and study notes The Protoplast. A series of papers. By Mrs. E. C. C. Baillie ,1855 **The protoplast, a series of papers [by E.C.C. Baillie].** E C C. Baillie,1861 **Monthly Union Volumes. Parliament. House of Commons,1906 **Highlander** John M. Glen,2021-10-21 and racial justice during a critical era in southern and Appalachian history This volume is the first comprehensive examination of that extraordinary and often controversial institution Founded in 1932 by Myles Horton and Don West near Monteagle Tennessee this adult education center was both a vital resource for southern radicals and a catalyst for several major movements for social change During its thirty year history it served as a community folk school as a training center for southern labor and Farmers Union members and as a meeting place for black and white civil rights activists As a result of the civil rights involvement the state of Tennessee revoked the charter of the original institution in 1962 At the heart of Horton s philosophy and the Highlander program was a belief in the power of education to effect profound changes in society By working with the knowledge the poor of Appalachia and the South had gained from their experiences Horton and his staff expected to enable them to take control of their own lives and to solve their own problems John M Glen s authoritative study is more than the story of a singular school in Tennessee It is a biography of Myles Horton co founder and long time educational director of the school whose social theories shaped its character It is an analysis of the application of a particular idea of adult education to the problems of the South and of Appalachia And it affords valuable insights into the history of the southern labor and the civil rights movements and of the individuals and institutions involved in them over the past five decades **Our Paper** ,1899 **Dr. Martin Luther King Jr. and the Poor People's Campaign of 1968** Robert Hamilton,2020-12 This book introduces new audiences to Dr Martin Luther King Jr s final initiative the multiracial Poor People s Campaign PPC of 1968 Robert Hamilton depicts the experience of poor people who traveled to Washington in May 1968 to dramatize the issue of poverty by building a temporary city Resurrection City His narrative allows us to hear their voices and understand the strategies objectives and organization of the campaign In addition he highlights the campaign s educational aspect showing that significant social movements are a means by which societies learn about themselves and framing the PPC as an initiative whose example can teach and inspire current and future generations The study thus situates

Dr Martin Luther King Jr s legacy and teachings in relation to current events and further solidifies Dr King s cultural and sociopolitical relevance In the decades since 1968 we have seen increasing global inequality leading to greater social polarization including in the United States Hamilton offers the insight that the radical politics of Dr King as represented in the civil rights and human rights agendas of the PPC can help us understand and address the challenges of this polarization Hamilton highlights Dr King s commitment to ending poverty and explains why Dr King s ideas on this and related issues should be brought to the attention of a wider public who often view him almost exclusively as a civil rights but not a human rights leader

Native Activism in Cold War America Daniel M. Cobb,2008-10-24 The heyday of American Indian activism is generally seen as bracketed by the occupation of Alcatraz in 1969 and the Longest Walk in 1978 yet Native Americans had long struggled against federal policies that threatened to undermine tribal sovereignty and self determination This is the first book length study of American Indian political activism during its seminal years focusing on the movement s largely neglected early efforts before Alcatraz or Wounded Knee captured national attention Ranging from the end of World War II to the late 1960s Daniel Cobb uncovers the groundwork laid by earlier activists He draws on dozens of interviews with key players to relate untold stories of both seemingly well known events such as the American Indian Chicago Conference and little known ones such as Native participation in the Poor People s Campaign of 1968 Along the way he introduces readers to a host of previously neglected but critically important activists Mel Thom Tillie Walker Forrest Gerard Dr Jim Wilson Martha Grass and many others Cobb takes readers inside the early movement from D Arcy McNickle s founding of American Indian Development Inc and Vine Deloria Jr s tenure as executive director of the National Congress of American Indians to Clyde Warrior s leadership in the National Indian Youth Council and describes how early activists forged connections between their struggle and anticolonialist movements in the developing world He also describes how the War on Poverty s Community Action Programs transformed Indian Country by training bureaucrats and tribal leaders alike in new political skills and providing activists with the leverage they needed to advance the movement toward self determination This book shows how Native people who never embraced militancy and others who did made vital contributions as activists well before the American Indian Movement burst onto the scene By highlighting the role of early intellectuals and activists like Sol Tax Nancy Lurie Robert K Thomas Helen Peterson and Robert V Dumont Cobb situates AIM s efforts within a much broader context and reveals how Native people translated the politics of Cold War civil rights into the language of tribal

sovereignty Filled with fascinating portraits Cobb's groundbreaking study expands our understanding of American Indian political activism and contributes significantly to scholarship on the War on Poverty the 1960s and postwar politics and social movements
