Retahilas Stream Of Conversation:

Approaches to Teaching the Works of Carmen Martín Gaité Joan L. Brown, 2013-01-01 The career of Spain's celebrated author Carmen Martín Gaité spanned the Spanish Civil War Franco's dictatorship and the nation's transition to democracy. She wrote fiction, poetry, drama, screenplays for television and film, and books of literary and cultural analysis. The only person to win Spain's National Prize for Literature Premio Nacional de las Letras twice, Martín Gaité explored and blended a range of genres from social realism to the fantastic as she took up issues of gender, class, economics, and aesthetics in a time of political upheaval. Part 1: Materials of this volume provides resources for instructors and a literary historical chronology. The essays in part 2: Approaches consider Martín Gaité's best-known novel *The Back Room* *El cuarto de atrás* and other works from various perspectives: narratological, feminist, sociocultural, stylistic. In an appendix, the volume editor, who was a friend of the author, provides a new translation of Martín Gaité's only autobiographical sketch alongside the original Spanish.

Women Writers of Great Britain and Europe Katharina M. Wilson, Paul Schlueter, June Schlueter, 2013-12-16 A valuable survey and reference resource. It is hard to imagine a more needed and more useful literary reference work than this one, which gives students and readers quick access to the lives and work of a wide range of notable female writers from England and the Continent from Aphra Behn to Emily Brontë from Simone de Beauvoir to Isak Dinesen from Bridget of Sweden to Hannah Arendt. Writers in more than 30 languages are included: French, Czech, Greek, Italian, Swedish, Spanish, German, Russian, Portuguese, Serbian, Catalan, Arabic, Hebrew, Dutch, Bulgarian, Croatian, Slovak, and more. Covers 1,500 years and all major genres. Going back 15 centuries, the Encyclopedia covers the authors of novels, short stories, poetry, plays, criticism, social commentary, feminist manifestos, romances, mysteries, memoirs, children's literature, biography, and other genres. In signed entries, some of which are mini-essays, experts in the field examine writers' lives and achievements, comment on individual works, place artistic efforts in historical context, provide insights and analyses, and present more information than can be easily found elsewhere without undertaking more exhaustive research. Each entry is followed by a bibliography of primary works. Indexed by language, nationality, genre, and century. Spotlights the interesting lives of notable writers. In these pages, students and readers will meet hundreds of interesting women writers who made lasting contributions to the intellectual and popular culture of their countries while often leading fascinating lives among them: AGATHA CHRISTIE, who wrote her first book in response to her sister's demand for a detective story that was harder to solve than the popular fiction of her day and whose work has been translated in more languages than Shakespeare's; HILDEGARD VON BINGEN, the 12th-century German mystic who wrote profusely as a prophet, a poet, a dramatist, a physician, and a political moralist, often communicated with popes and princes and exerted a tremendous influence on the Western Europe of her time; MARY WOLLSTONECRAFT SHELLEY, whose 1818 masterpiece *Frankenstein, or The Modern Prometheus* became a literary sensation around the world; ILSE BLUMENTHAL WEISS, one of the few concentration camp survivors to memorialize the

victims of the Holocaust in German verse LINA WERTMULLER who in addition to her work in films has written plays for the stage and a novel and who once was a member of a short lived puppet theater that staged the works of Kafka Special features Ideal for quick reference and student research Multicultural covers over 30 languages and 15 centuries Includes many contemporary writers Provides essential biographic data on each writer Each entry is followed by a chronological listing of the writer s published book length works Offers critical evaluations of major works Indexes help find writers by country research by time period survey genres focus on languages **Homeword Bound** Cecelia Elisabeth Burke Lawless,1992 Women Writers of Contemporary Spain Joan Lipman Brown,1991 **Silence in the Novels of Carmen Martín Gaité** Adrián M. García,2000 This book explores how silences in Carmen Martín Gaité s novels affect narrative communication and the reader Focusing on *Entre visillos* 1957 *El cuarto de atrás* 1978 and *Nubosidad variable* 1992 this study shows how silences inhere in Martín Gaité s narrative style especially in the distinctive ways that her novels create interlocution and communicate feminist messages It also probes how silences in the author s narrative relate to historical and social conditions in Spain and to various literary periods and genres Silence as a literary term can be ambiguous because critics give it many different meanings and often without specifying types of silences Accordingly the book typologizes narrative silences and their roles in narrative communication This study reveals that in Martín Gaité s novels women s silences become over time more a means for creative expression and personal growth than a result of oppression **A Companion to Carmen Martín Gaité** Catherine O'Leary,Alison Ribeiro de Menezes,2008 One of Spain s most important twentieth century women writers **Romance Notes** ,1978 Revista de estudios hispánicos University of Alabama. Department of Romance Languages,1991 **MLA International Bibliography of Books and Articles on the Modern Languages and Literatures** ,1985 Vols for 1969 include ACTFL annual bibliography of books and articles on pedagogy in foreign languages 1969 **Books Abroad** Roy Temple House,1975 **Carmen Martín Gaité** Lissette Rolón-Collazo,2003 Carmen Martín Gaité is one of the most studied Spanish writers of the twentieth century This volume incorporates analyses of selected works of both fiction and nonfiction and begins with personal tributes to Martín Gaité from both friends and scholars The second section of the book consists of studies devoted to Carmen Martín Gaité s works employing a variety of critical and theoretical approaches written from differing perspectives Martín Gaité insists in *The Virtues of Reading* that writing is not drudgery but sheer pleasure and she celebrates the enjoyment derived from luring the reader or listener to embark on what is to be a shared adventure We trust that those who approach this volume will do so with a comparable sense of adventure and gain pleasure illumination and an enhanced appreciation of the work of a gifted author **Arts & Humanities Citation Index** ,1982 A multidisciplinary index covering the journal literature of the arts and humanities It fully covers 1 144 of the world s leading arts and humanities journals and it indexes individually selected relevant items from over 6 800 major science and social science journals *Letras femeninas* ,1982
