Retazos De Vidas:

Retazos de vida Nacha Pineau, 1929 *Stories of Civil War in El Salvador* Erik Ching, 2016-08-26 El Salvador's civil war began in 1980 and ended twelve bloody years later. It saw extreme violence on both sides including the terrorizing and targeting of civilians by death squads, recruitment of child soldiers, and the death and disappearance of more than 75,000 people. Examining El Salvador's vibrant life story literature written in the aftermath of this terrible conflict, including memoirs and testimonials, Erik Ching seeks to understand how the war has come to be remembered and rebattled by Salvadorans and what that means for their society today. Ching identifies four memory communities that dominate national postwar views: civilian elites, military officers, guerrilla commanders, and working class and poor testimonialists. Pushing distinct and divergent stories, these groups are today engaged in what Ching terms a narrative battle for control over the memory of the war. Their ongoing publications in the marketplace of ideas tend to direct Salvadorans' attempts to negotiate the war's meaning and legacy, and Ching suggests that a more open, coordinated reconciliation process is needed in this postconflict society. In the meantime, El Salvador, fractured by conflicting interpretations of its national trauma, is hindered in dealing with the immediate problems posed by the nexus of neoliberalism, gang violence, and outmigration. *La plenitud de Miguel Cervantes. Un Reino Inverso Bill White, 2020-04-14 In Jesus' greatest sermon, He begins with the Beatitudes, nine statements that turn our world upside down. He's establishing a counterculture, a different way to seeing reality with a shocking set of blessings. Jesus is asking us to join Him in a kingdom that challenges everything we normally believe and hold dear and offers us more than we've ever imagined. Sound intriguing? Hold on tight. Look at this modern translation: God's kind of happiness comes to those who know they are poor. Divine comfort is showered on those whose hearts are broken with grief. If you are truly meek, the whole world belongs to you. And for those of you who are suffering for doing the right thing, Awesome! It's a party time. You belong in God's hall of fame. In this book, Pastor Bill White gives us a door of understanding. If we walk through it, we'll find that these paradoxical truths turn conventional wisdom upside down and they fill our hearts with God's love, forgiveness, wisdom, and strength. **The Book in Movement** Magalí Rabasa, 2019-05-08 Over the past two decades, Latin America has seen an explosion of experiments with autonomy as people across the continent express their refusal to be absorbed by the logic and order of neoliberalism. The autonomous movements of the twenty-first century are marked by an unprecedented degree of interconnection through their use of digital tools and their insistence on the importance of producing knowledge about their practices through strategies of self-representation and grassroots theorization. *The Book in Movement* explores the reinvention of a specific form of media: the print book. Magalí Rabasa travels through the political and literary underground of cities in Mexico, Bolivia, Argentina, and Chile to explore the ways that autonomous politics are enacted in the production and circulation of books. **Asesino real** Robin Hobb, 2025-06-23 Traspi ha sobrevivido a su primera misi

importante como asesino aunque ha salido muy mal parado Ahora los Corsarios de la Vela Roja están sembrando la costa de aldeas calcinadas y victimas que pronto se transforman en verdugos Cuando la traición amenaza el trono a Traspi no le queda más remedio que desentrañar las mortíferas intrigas de la familia real Y su papel podrá exigirle el peor de los sacrificios Asesino real es el segundo tomo de la icónica trilogía del Vaticano editada ahora con ilustraciones de Magali Villeneuve Cada uno de sus libros ha encumbrado a Robin Hobb como una de las voces fundamentales y más premiadas de la literatura fantástica universal

Sarmiento, la vida, la obra, las ideas, el genio Alberto Palcos,1929 **The School of Salamanca in the Affairs of the Indies** Natsuko Matsumori,2018-09-28 The School of Salamanca in the Affairs of the Indies explores the significance of Salamancans such as Vitoria and Soto and related thinkers such as Las Casas and Sepúlveda in the formation of the early modern political order It also analyses early modern understandings of political order with a focus both on the decline of the medieval universal world through the independence and secularization of political community and the establishment of continuous and imbalanced relations between various European and non European political communities Through its investigation this book highlights how Salamancans and related thinkers clearly distinguished their understandings of political order from medieval thought and did so in a different way to contemporary and later thinkers such as Machiavelli Luther Bodin and Grotius particularly with regards to the Indies barbarian worlds It also reveals the strong contribution of the School of Salamanca in early modern political thought both internally and externally Salamancans imposed moral restrictions against interior barbarism that is power beyond law and included exterior barbarism that is barbarian societies in the common political order Situating the School of Salamanca in the mainstream history of European political thought The School of Salamanca in the Affairs of the Indies is ideal for academics and postgraduate students of intellectual history and of Spanish colonial expansion

Literaturas hispanoafricanas: realidades y contextos Inmaculada Díaz Narbona,2015-06-30 El fuerte impulso que la literatura guineoecuatorial ha sufrido desde la década de los 90 del pasado siglo la presencia cada vez mayor de la literatura saharauí y de la del norte de Marruecos ambas en España así como la emergencia de una serie de autores de origen africano que sin contacto colonial con nuestras lenguas optan por utilizarlas como herramienta de creación han determinado sin duda la formación de un corpus heterogéneo en su consolidación producción y calidad que requiere atención y difusión En este volumen con la participación de especialistas en la materia se aborda la escritura de autores y autoras que por motivos históricos derivados de la colonización por razones de exilio político u económico o por elección comunicativa han asumido el castellano el catalán o el gallego como lenguas de creación literaria Partiendo de esta realidad se analiza en qué medida estas escrituras hispanoafricanas acercan un nuevo panorama literario y social a un lectorado aún no familiarizado con él En esta misma línea y como ampliación de ella parece

igualmente importante y necesaria una aproximación al lugar que ocupa la recepción y traducción de las literaturas africanas escritas en otras lenguas en el contexto español. A todo ello se dedica el presente volumen. *La piel en la palestra* Alba del Pozo García, Alba Serrano Giménez, 2011-12-01. Nos proponemos desplegar un abanico de encuentros posibles con cuerpos que nos rodean a diario. Los textos del presente volumen reenfocan los planos filmicos que nos entretienen y las fotografías que nos hechizan reintonizan las voces que nos hacen bailar hacen reaccionar a actrices y actores en nuevos escenarios son ejemplos de una mirada cultural reformateada y capaz de palpar la piel a la que el pensamiento occidental se ha acostumbrado a dar la espalda. En primer lugar dan la razón a Stuart Hall en aquello de que los significados son móviles y por lo tanto negociables en segundo lugar llaman a la posibilidad de diálogo entre distintas disciplinas y por último ponen la identidad en el punto de mira estableciendo así una clara continuidad con el anterior volumen de esta colección dedicado a los estudios culturales.
