Rethinking The Presidency:

Rethinking the Presidency Thomas E. Cronin, 1982 *Rethinking the Rhetorical Presidency* Jeffrey Friedman, Shterna Friedman, 2013-09-13 In *The Rhetorical Presidency* Jeffrey Tulis argues that the president's relationship to the public has changed dramatically since the Constitution was enacted while previously the president avoided any discussions of public policy so as to avoid demagoguery the president is now expected to go directly to the public using all the tools of rhetoric to influence public policy This has effectively created a second Constitution that has been layered over and in part contradicts the original one In our volume scholars from different subfields of political science extend Tulis's perspective to the judiciary and Congress locate the origins of the constitutional change in the Progressive Era highlight the role of Theodore Roosevelt Woodrow Wilson and the mass media in transforming the presidency discuss the nature of demagoguery and whether in fact rhetoric is undesirable and relate the rhetorical presidency to the public's ignorance of the workings of a government more complex than the Founders imagined This book was originally published as a special issue of *Critical Review: A Journal of Politics and Society*

Rethinking Presidential Constructions of Constitutional Regimes Richard Alexander Izquierdo, 2011 ABSTRACT This dissertation assesses the design and incentive structures that link the presidency to constitutional maintenance and renewal when extraordinary times occur and posits that institutional power and historical context were priced into the presidency since its creation This finding has robust implications for understanding the presidency's role in constitutional change and in particular the construction of constitutional regimes Presidents are naturally drawn to the lure of constructing a constitutional regime by the nature of the office as presidents want to constitutionalize their priorities from rival political interests in order to secure their legacy Some fortunate presidents aided by historical context actually get the opportunity to do so After providing a theory of the presidency's role within the constitutional order and its incentive structures the study then builds upon these insights to construct a coherent model that assesses the dynamics between presidential leadership and historical context in the construction of constitutional regimes The research finds that there exists an inverse relationship between the degree of constitutional change and the president's role in initiating it The reason for this inverse dynamic is that extraordinary historical events crowd out the space typically reserved for executive leadership whenever they come to the fore Conversely the less extensive the degree of constitutional change the greater that presidential leadership plays a role in the process Reconstructive presidents are actually reactive at the level of constitutional politics despite the high praise political commentators offer to this most select group of presidents Their presidencies' collective effects on constitutional change have been greatly aided perhaps overwhelmingly destined for success at the constitutional level due to exogenous factors beyond their control The coalitional political shifts in electoral support seen during these transformative periods are just a by-product of massive historical events Presidential leadership is important but not in the actual initiation of the constitutional construction despite the institutional inclination of presidents to

chart new paths A reconstructive president chooses a set of principles ideology or commitments with which to define the content of the new regime in place but his autonomy here is limited to providing a substantive constitutional vision not the sort of initial decisive action typically associated with leadership efforts If the analysis of presidents was confined to nameless faceless institutional actors engaged in the quest for constitutional regime construction the greatest difference between the efforts of similarly situated presidents would be in the substantive content that each provided to his historic opportunity Presidential greatness at the constitutional level would not be determined by unusual skill in turning a normal opportunity into a transformative one or in providing a constitutional opening where none was to be found While the constitutional space opened by historical events crowds out the space for autonomous action by reconstructive presidents the reverse is true for presidents with a more limited constitutional opening Presidents constrained by contextual factors must exercise more extensive leadership skills in attempting any efforts to influence constitutional meaning Since non reconstructive presidents openings are smaller their efforts have to be much more exacting and tactical even though their payoffs are irredeemably smaller than those of reconstructive presidents Therefore non reconstructive presidents provide the elegance to the model of constitutional construction in that they show how presidential forays into constitutional politics exist within a continuum Presidential leadership is more institutionally creative and by necessity more entrepreneurial at the narrowest openings of constitutional space while it is least in display because less necessary at the level of reconstructive politics where the constitutional space is broadest The theoretical insight of this research therefore concludes that there exists an inverse relationship between presidential leadership and historical context in the construction of constitutional regimes

Guide to the Presidency Michael Nelson, 2015-05-01 The Guide to the Presidency is an extensive study of the most important office of the U S political system Its two volumes describe the history workings and people involved in this office from Washington to Clinton The thirty seven chapters of the Guide arranged into seven distinct subject areas ranging from the origins of the office to the powers of the presidency to selection and removal cover every aspect of the presidency Initially dealing with the constitutional evolution of the presidency and its development the book goes on to expand on the history of the office how the presidency operates alongside the numerous departments and agents of the federal bureaucracy and how the selection procedure works in ordinary and special circumstances Of special interest to the reader will be the illustrated biographies of every president from Washington to the present day and the detailed overview of the vice presidents and first ladies of each particular office Also included are two special appendices one of which gathers together important addresses and speeches from the Declaration of Independence to Clinton s Inaugural Address and another which provides results from elections and polls and statistics from each office

The Politics Presidents Make Stephen Skowronek, 1997-03-25 This study aims to demonstrate that presidents are persistent agents of change continually disrupting and transforming the political landscape The politics of the third way is also discussed in relation to Bill Clinton s political

strategies *The Politics of the Presidency* John Anthony Maltese, Andrew Rudalevige, Joseph A. Pika, 2025-02-24 Get insightful coverage and analysis of the U S presidency with this comprehensive text Never losing sight of the foundations of the office *The Politics of the Presidency* maintains a balance between historical context and contemporary scholarship on the executive branch providing a solid foundation for any presidency course In this Revised Eleventh Edition Maltese Rudalevige and Pika thoroughly analyze the change and continuity following the November 2024 presidential election **The Politics of the Presidency** Joseph A. Pika, John Anthony Maltese, Andrew Rudalevige, 2021-11-16 Get the most up to date coverage and analysis of the presidency Never losing sight of the foundations of the office *The Politics of the Presidency* maintains a balance between historical context and contemporary scholarship on the executive branch providing a solid foundation for any presidency course In this Revised Tenth Edition bestselling authors Joseph A Pika John Anthony Maltese and Andrew Rudalevige present a thorough analysis of the change and continuity following the November 2020 presidential election and Biden administration **The Politics of the Presidency, Revised 8th Edition** Joseph A. Pika, John Anthony Maltese, 2013-07-15 In the most up to date core text available on the presidency *The Politics of the Presidency* Revised Eighth Edition Joseph A Pika and John Anthony Maltese once again deliver their comprehensive and accessible analysis of the presidency Never losing sight of the foundations of the office the authors maintain a balance between historical context and contemporary scholarship on the executive A solid foundation for any presidency course the revised eighth edition features updated chapters including coverage of the 2012 election and a new chapter analyzing Obama s challenges as a second term president in an entrenched partisan environment *Rethinking Madam President* Lori Cox Han, Caroline Heldman, 2007 From the political rumour mill to pop culture all signs suggest that the United States is finally ready for a woman in the White House This text offers a critical assessment of the inroads made by female candidates into the previously male bastion of electoral success *Woman President* Kristina Horn Sheeler, Karrin Vasby Anderson, 2013-08-08 What elements of American political and rhetorical culture block the imagining and thus the electing of a woman as president Examining both major party and third party campaigns by women including the 2008 campaigns of Hillary Clinton and Sarah Palin the authors of *Woman President Confronting Postfeminist Political Culture* identify the factors that limit electoral possibilities for women Pundits have been predicting women s political ascendancy for years And yet although the 2008 presidential campaign featured Hillary Clinton as an early frontrunner for the Democratic presidential nomination and Sarah Palin as the first female Republican vice presidential nominee no woman has yet held either of the top two offices The reasons for this are complex and varied but the authors assert that the question certainly encompasses more than the shortcomings of women candidates or the demands of the particular political moment Instead the authors identify a pernicious backlash against women presidential candidates one that is expressed in both political and popular culture In *Woman President Confronting Postfeminist Political Culture* Kristina Horn Sheeler and Karrin Vasby Anderson provide a discussion of US presidentiality as

a unique rhetorical role Within that framework they review women s historical and contemporary presidential bids placing special emphasis on the 2008 campaign They also consider how presidentiality is framed in candidate oratory campaign journalism film and television digital media and political parody

Richard B. Cheney and the Rise of the Imperial Vice Presidency Bruce P. Montgomery, 2009-02-01 On taking office in 2001 Dick Cheney crowned himself the first imperial vice president in the nation s history transforming a traditionally inconsequential office into a de facto fourth branch of government Taking a less journalistic and personal approach to Cheney than previous biographers this critical new biography shows exactly how Cheney engineered his arrogation of vast executive powers and the dire consequences his power grab has had and will long continue to have for the office of the vice presidency the balance of powers the Constitution geopolitics and America s security strength and prestige Taking advantage of the administration s global war on terrorism a president inexperienced in matters of war and peace and a Republican Congress that rated party power above institutional prerogatives Vice President Cheney moved with astonishing speed and energy to assume a dominant role on the national and international stage as the effective president in proxy of the United States Cheney asserted that all constitutional checks and balances and all individual liberties under the Bill of Rights are subservient to the president s powers as commander in chief in confronting international terrorism Although former administrations had made power grabs in the past in times of national crisis no president and certainly no vice president has ever exerted such sweeping claims of executive power on so many fronts in violation of the bedrock principles of the Constitution

The Constitution in Peril: the Perpetual Growth of the Imperial Presidency During Wartime and the Subversion of Constitutional Checks and Balances Steven Morris, 2009-08-22 This thesis examines the exponential increase in the power of the presidency during wartime from the time of the Founding Fathers up until the beginning of the Obama administration It focuses on the ways in which our Nation s wartime presidents have marginalized the role of Congress and the judiciary during foreign conflicts The first half of this work analyzes the actions of wartime presidents from a historical context which is supplemented in the second half by an in depth comparative discussion of the actions taken by the Bush administration during the War on Terror This work concludes by recommending detailed courses of action to be pursued by future presidents in order to restore the fundamental maxim of checks and balances

Presidential Lightning Rods Richard J. Ellis, 1994 Choice Outstanding Title H R Haldeman President Nixon s former chief of staff is said to have boasted Every president needs a son of a bitch and I m Nixon s I m his buffer and I m his bastard I get done what he wants done and I take the heat instead of him Richard Ellis explores the widely discussed but poorly understood phenomenon of presidential lightning rods cabinet officials who take the heat instead of their bosses Whether by intent or circumstance these officials divert criticism and blame away from their presidents The phenomenon is so common that it s assumed to be an essential item in every president s managerial toolbox But Ellis argues such assumptions can oversimplify our understanding of this tool Ellis advises against indiscriminate use of the lightning rod

metaphor Such labeling can hide as much as it reveals about presidential administration and policymaking at the cabinet level The metaphor often misleads by suggesting strategic intent on the president's part while obscuring the calculations and objectives of presidential adversaries and the lightning rods themselves Ellis also illuminates the opportunities and difficulties that various presidential posts especially secretaries of state chiefs of staff and vice presidents have offered for deflecting blame from our presidents His study offers numerous detailed and instructive examples from the administrations of Truman Dean Acheson Eisenhower Richard Nixon John Foster Dulles Herbert Brownell and Ezra Taft Benson LBJ Hubert Humphrey Ford Henry Kissinger and Reagan James Watt These examples Ellis suggests should guide our understanding of the relationship between lightning rods and presidential leadership policymaking and ratings Blame avoidance he warns does have its limitations and may even backfire at times Nevertheless President Clinton and his successors may need to rely on such tools The presidency Ellis points out finds itself the object of increasingly intense partisan debate and microscopic scrutiny by a wary press Lightning rods can deflect such heat and help the president test policies gauge public opinion and protect his political power and public image Ellis's book is an essential primer for helping us understand this process

Dilemmas of Presidential Leadership Richard Ellis, Aaron B. Wildavsky, 1989-01-01 Dilemmas of Presidential Leadership challenges the widely accepted distinction between traditional and modern presidencies a dichotomy by which political science has justified excluding from its domain of inquiry all presidents preceding Franklin Roosevelt Rather than divide history into two mutually exclusive eras Richard Ellis and Aaron Wildavsky divide the world into three sorts of people egalitarians individualists and hierarchs All presidents the authors contend must manage the competition between these rival political cultures It is this commonality which lays the basis for comparing presidents across time To summarize and simplify the book addresses two general categories of presidencies The first is the president with a blend of egalitarian and individualist cultural propensities Spawned by the American revolution this anti authoritarian cultural alliance dominated American politics until it was torn asunder by what Charles Beard has called the second American revolution the Civil War The Jeffersonian and Jacksonian presidents labored with varying degrees of success to square the exercise of authority with their own and their followers' anti authoritarian principles They also were faced with intraparty conflicts that periodically flared up between egalitarian and individualist followers The president with hierarchical cultural propensities faced different problems While the precise contours of the dilemma varied all struggled in one way or another to reconcile their own and their party's preferences with the anti hierarchical ethos that inhered in the society and the polity Hierarchical presidents like Washington and Adams were hamstrung by this dilemma as were Whig leaders like Henry Clay and Daniel Webster who aspired to the presidency but never achieved it Abraham Lincoln's greatness resided in part in his ability to resolve the hierarchy's dilemma He operated in wartime when he could invoke the commander in chief clause and he created a new cultural combination in which hierarchy was subordinated to individualism This suggests the authors was a key to his

greatness The unique dimension of this volume is its use of cultural theory to explain presidential behavior It also differs from other books in that it deals with pre modern presidents who are too often treated as only of antiquarian interest in mainstream political science literature on the presidency The analysis lays the groundwork for a new basis for comparison of early presidents with modern presidents How the Obama Presidency Changed the Political Landscape Larry J. Walker, F. Erik Brooks, Ramon B. Goings, 2017-06-22 Covering key issues ranging from education to political mobilization to racial stratification this book provides a comprehensive examination of the Obama Presidency President Barack Obama s election and subsequent reelection represent a critical paradigm shift in American political history But are there lasting effects of the election of an African American to the highest office in the land in terms of the United States economic educational political and social realities A valuable resource for undergraduate and graduate students researchers state and federal policymakers and general readers this book poses critical questions and offers insightful answers from expert contributors provides a balanced critique of President Obama s accomplishments and challenges and considers the national and international impact President Obama s tenure had on politics The numerous contributors to this book provide a range of perspectives on President Obama s presidency that question conventional thinking covering key issues that include health care education political mobilization gender racial stratification voting patterns and criminal justice Readers will come away with a heightened comprehension of the complex relationships between political structures economic policies and minority interests how Congress traditional and contemporary activists and domestic and international issues all shaped the Obama Presidency and how micro and macro issues such as voting rights voting patterns and Get Out the Vote GOTV initiatives are connected

Presidential Pork John Hudak, 2014-02-27 Presidential earmarks Perhaps even more so than their counterparts in Congress presidents have the motive and the means to politicize spending for political power But do they In *Presidential Pork* John Hudak explains and interprets presidential efforts to control federal spending and accumulate electoral rewards from that power The projects that members of Congress secure for their constituents certainly attract attention Political pundits still chuckle about the Bridge to Nowhere But Hudak clearly illustrates that while Congress claims credit for earmarks and pet projects the practice is alive and well in the White House too More than any representative or senator presidents engage in pork barrel spending in a comprehensive and systematic way to advance their electoral interests It will come as no surprise that the White House often steers the enormous federal bureaucracy to spend funds in swing states It is a major advantage that only incumbents enjoy Hudak reconceptualizes the way in which we view the U S presidency and the goals and behaviors of those who hold the nation s highest office He illustrates that presidents and their White Houses are indeed complicit in distributing presidential pork and how they do it The result is an illuminating and highly original take on presidential power and public policy Presidential Mandates Patricia Heidotting Conley, 2001-06 Presidents have claimed popular mandates for more than 150 years How can they make such claims when surveys show that voters are uninformed

about the issues In this groundbreaking book Patricia Conley argues that mandates are not mere statements of fact about the preferences of voters By examining election outcomes from the politicians viewpoint Conley uncovers the inferences and strategies the politics that translate those outcomes into the national policy agenda Presidents claim mandates Conley shows only when they can mobilize voters and members of Congress to make a major policy change the margin of victory the voting behavior of specific groups and the composition of Congress all affect their decisions Using data on elections since 1828 and case studies from Truman to Clinton she demonstrates that it is possible to accurately predict which presidents will ask for major policy changes at the start of their term Ultimately she provides a new understanding of the concept of mandates by changing how we think about the relationship between elections and policy making

The President's Legislative Policy Agenda, 1789-2002 Jeffrey E. Cohen, 2012-09-10 Jeffrey E Cohen asks why US presidents send to Congress the legislative proposals that they do and what Congress does with those proposals His study covers nearly the entire history of the presidency from 1789 to 2002 The long historical scope allows Cohen to engage competing perspectives on how the presidency has developed over time He asks what accounts for the short and long term trends in presidential requests to Congress what substantive policies and issues recommendations are concerned with and what factors affect the presidential decision to submit a recommendation on a particular issue The President's Legislative Policy Agenda 1789-2002 argues that presidents often anticipate the Congressional reaction to their legislative proposals and modify their agendas accordingly

Presidential Leadership in Political Time Stephen Skowronek, 2020-01-30 In this expanded third edition renowned scholar Stephen Skowronek addresses Donald J Trump's presidency Skowronek's insights have fundamentally altered our understanding of the American presidency His political time thesis has been particularly influential revealing how presidents reckon with the work of their predecessors situate their power within recent political events and assert their authority in the service of change A classic widely used in courses on the presidency Skowronek's book has greatly expanded our understanding of and debates over the politics of leadership It clarifies the typical political problems that presidents confront in political time as well as the likely effects of their working through them and considers contemporary innovations in our political system that bear on the leadership patterns from the more distant past Drawing out parallels in the politics of leadership between Andrew Jackson and Franklin Roosevelt and between James Polk and John Kennedy it develops a new and revealing perspective on the presidential leadership of Clinton Bush Obama and now Trump In this third edition Skowronek carefully examines the impact of recent developments in government and politics on traditional leadership postures and their enactment given the current divided state of the American polity the impact of the twenty four hour news cycle of a more disciplined and homogeneous Republican party of conservative advocacy of the unitary theory of the executive and of progressive disillusionment with the presidency as an institution A provocative review of presidential history Skowronek's book brims with fresh insights and opens a window on the institution of the executive office and the workings of the

American political system as a whole Intellectually satisfying for scholars it also provides an accessible volume for students and general readers interested in the American presidency Politics in America Lance T. LeLoup, 1989

Decoding **Rethinking The Presidency**: Revealing the Captivating Potential of Verbal Expression

In a period characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its capability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Within the pages of "**Rethinking The Presidency**," a mesmerizing literary creation penned by way of a celebrated wordsmith, readers attempt an enlightening odyssey, unraveling the intricate significance of language and its enduring effect on our lives. In this appraisal, we shall explore the book's central themes, evaluate its distinctive writing style, and gauge its pervasive influence on the hearts and minds of its readership.

Rethinking The Presidency Introduction

In today's digital age, the availability of Rethinking The Presidency books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Rethinking The Presidency books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Rethinking The Presidency books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Rethinking The Presidency versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Rethinking The Presidency books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Rethinking The Presidency books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Rethinking The Presidency books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions

of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Rethinking The Presidency books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Rethinking The Presidency books and manuals for download and embark on your journey of knowledge?

FAQs About Rethinking The Presidency Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Rethinking The Presidency is one of the best book in our library for free trial. We provide copy of Rethinking The Presidency in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Rethinking The Presidency. Where to download Rethinking The Presidency online for free? Are you looking for Rethinking The Presidency PDF? This is definitely going to save you time and cash in something you should think about.
