Rethinking Corporate Crime

Rethinking Corporate Crime

**Rod Morgan, Mike Maguire, Robert
Reiner**

Rethinking Corporate Crime:

Rethinking Corporate Crime James Gobert, Maurice Punch, 2003-03 Critiques the application of the current criminal law system to corporate wrongdoing and assesses the potential for legal control of corporate criminality **International Handbook of White-Collar and Corporate Crime** Henry N. Pontell, Gilbert L. Geis, 2010-05-27 Insider trading Savings and loan scandals Enron Corporate crimes were once thought of as victimless offenses but now with billions of dollars and an increasingly global economy at stake this is understood to be far from the truth The International Handbook of White Collar and Corporate Crime explores the complex interplay of factors involved when corporate cultures normalize lawbreaking and when organizational behavior is pushed to unethical and sometimes inhumane limits Featuring original contributions from a panel of experts representing North America Asia Europe and Australia this timely volume presents multidisciplinary views on recent corporate wrongdoing affecting economic and social conditions worldwide Criminal liability and intent Stock market and financial crime Bribery and extortion Computer and identity fraud Health care fraud Crime in the professions Industrial pollution Political corruption War crimes and genocide Contributors offer case studies historical and sociopolitical analyses theoretical and legal perspectives and comparative studies featuring examples as varied as NASA Parmalat the Italian government and Watergate Criminal justice responses to these phenomena the role of the media in exposing or minimizing them prevention regulation and self policing strategies and larger global issues emerging from economic crime are also featured Richly diverse in its coverage The International Handbook of White Collar and Corporate Crime is stimulating reading for students academics and professionals in a wide range of fields from criminology and criminal justice to business and economics psychology to social policy to ethics This powerful information is certain to change many of our deeply held views on criminal behavior The Oxford Handbook of Criminology Rod Morgan, Mike Maguire, Robert Reiner, 2012-04-12 The approach of the year 2000 has made the study of apocalyptic movements trendy But groups anticipating the end of the world will continue to predict Armageddon even after the calendar clicks to triple Os

Corporate Bodies and Guilty Minds William S. Laufer, 2008-10-31 We live in an era defined by corporate greed and malfeasance one in which unprecedented accounting frauds and failures of compliance run rampant In order to calm investor fears revive perceptions of legitimacy in markets and demonstrate the resolve of state and federal regulators a host of reforms high profile investigations and symbolic prosecutions have been conducted in response But are they enough In this timely work William S Laufer argues that even with recent legal reforms corporate criminal law continues to be ineffective As evidence Laufer considers the failure of courts and legislatures to fashion liability rules that fairly attribute blame for organizations He analyzes the games that corporations play to deflect criminal responsibility And he also demonstrates how the exchange of cooperation for prosecutorial leniency and amnesty belies true law enforcement But none of these factors according to Laufer trumps the fact that there is no single constituency or interest group that strongly and consistently

advocates the importance and priority of corporate criminal liability In the absence of a new standard of corporate liability the power of regulators to keep corporate abuses in check will remain insufficient A necessary corrective to our current climate of graft and greed Corporate Bodies and Guilty Minds will be essential to policymakers and legal minds alike This timely work offers a dispassionate analysis of problems relating to corporate crime Harvard Law Review

Corporate Crime in China Zhenjie Zhou, 2014-09-19 Corporate crime in China has garnered worldwide attention and in the recent years we have witnessed positive legislative and administrative efforts by the Chinese government to prevent corporate misconducts This book first defines the meaning of corporate crime in China and answers the basic questions of what corporate crime is through real life cases Then it introduces the history of corporate crime and reviews academic studies through these key questions The book also discusses the scope of corporate crime the basis of corporate criminal liability the criminal liability of State organizations the corporate compliance programs and corporate criminal liability and the procedural issues The book also provides suggestions from a comparative perspective by referring to the latest global developments on corporate crime In the concluding chapter the book discusses the goals of corporate crime prevention policy and comes up with feasible reform proposals with a brief summary on the existing problems of the current policies through a macro perspective There is no existing book that deals with the legislation and criminal justice practices of corporate crime in China and this book will help to shed insight into the subject

Negotiated Justice and Corporate Crime Colin King, Nicholas Lord, 2018-05-21 This book argues that there is a strong normative argument for using the criminal law as a primary response to corporate crime In practice however corporate crimes are rarely dealt with through criminal sanctioning mechanisms Rather the preference for both prosecutors and corporates appears to be on negotiating out of the criminal process Reflecting this emphasis on negotiation this book examines the use of Civil Recovery Orders and Deferred Prosecution Agreements as responses to corporate crime and discusses a variety of UK case studies Drawing upon legal and criminological backgrounds and with an emphasis on the conceptual frameworks of negotiated justice and legitimacy the authors examine the law policy and practice of these enforcement responses They offer an original theoretically informed analysis which is accessible to practitioners and researchers

Corporate Criminality and Liability for Fraud Alison Cronin, 2018-03-14 Through a rational reconstruction of orthodox legal principles and reference to cutting edge neuro science this book reveals some startling truths about the criminal law its history and the fundamental doctrines that underpin the attribution of criminal fault While this has important implications for the criminal law generally the focus of this work is the development of a theory of corporate criminality that accords with modern theory of group agency itself informed by advancements in contemporary philosophy and social science The innovation it proposes is the theoretical and practical means by which criminal fault can be attributed directly to the corporate actor where liability cannot or should not be reduced to its individual members

The Routledge Handbook of White-Collar and Corporate Crime in Europe Judith van

Erp, Wim Huisman, Gudrun Vande Walle, 2015-04-10 The study of white collar crime remains a central concern for criminologists around the world and research concentrates on its nature prevalence causes and responses However most books on white collar crime tend to focus on Anglo American examples which is surprising given the amount of rich data and research taking place in mainland Europe This new handbook seeks to reset the balance and for the first time presents an overview of state of the art research on white collar crime in Europe Adding to the existing Anglo American body of knowledge the Handbook will discuss specific European topics and typical European features of white collar crime The Routledge Handbook of White Collar and Corporate Crime in Europe consists of more than thirty chapters on topics ranging from the Icelandic Banking Crisis to the origins of the study of white collar crime to contemporary topics such as white collar crime in countries post transition from communist regimes the illegal e waste trade and white collar crime in professional football Furthermore the book contains extensive case study analyses of landmark European cases of white collar crime The editors have gathered together the leading voices in the field and a final section offers commentaries on white collar crime in Europe from eminent criminologists David Friedrichs and Hazel Croall This Handbook will thus serve as a work of reference for all scholars and students engaged in the study of corporate and white collar crime and will also set out directions for new research in the future

European Developments in Corporate Criminal Liability James Gobert, Ana-Maria

Pascal, 2011-06-10 When corporations carry on their business in a grossly negligent manner or take a cavalier approach to risk management the consequences can be catastrophic The harm may be financial as occurred when such well regarded companies as Enron Lehman Brothers Worldcom and Barings collapsed or it may be environmental as illustrated most recently by the Gulf oil spill Sometimes deaths and serious injuries on a mass scale occur as in the Bhopal gas disaster the Chernobyl nuclear explosion the Paris crash of the Concorde the capsizing of the Herald of Free Enterprise and rail crashes at Southall Paddington and Hatfield in England What role can the law play in preventing such debacles and in punishing the corporate offenders This collection of thematic papers and European country reports addresses these questions at both a theoretical and empirical level The thematic papers analyse corporate criminal liability from a range of academic disciplines including law sociology criminology economics philosophy and environmental studies whilst the country reports look at the laws of corporate crime throughout Europe highlighting both common features and irreconcilable differences between the various jurisdictions

The Shifting Meaning of Legal Certainty in Comparative and Transnational Law Mark

Fenwick, Mathias Siems, Stefan Wrzeka, 2017-09-21 The principle of legal certainty is of fundamental importance for law and society it has been vital in stabilising normative expectations and in providing a framework for social interaction as well as defining the scope of individual freedom and political power Even though it has not always been fully realised legal certainty has also functioned as a normative ideal that has structured legal debates both at the national and transnational level This book presents research from a range of substantive areas regarding the meaning possibility and desirability of legal certainty

in the context of a rapidly changing global society It aims to address these issues by bringing together scholars from various jurisdictions in order to examine changes in the shifting meaning of legal certainty in a comparative and transnational context In particular the book explores some of the tensions that now exist between the conventional expectation of legal certainty and the various challenges associated with regulating highly complex late modern economies and societies The book will be of interest to lawyers concerned with understanding the transformation of core rule of law values in the context of contemporary social change as well as to political scientists and social theorists

Accountability for Collective Wrongdoing Tracy Isaacs, Richard Vernon, 2011-01-31 Ideas of collective responsibility challenge the doctrine of individual responsibility that is the dominant paradigm in law and liberal political theory But little attention is given to the consequences of holding groups accountable for wrongdoing Groups are not amenable to punishment in the way that individuals are Can they be punished and if so how or are other remedies available The topic crosses the borders of law philosophy and political science and in this volume specialists in all three areas contribute their perspectives They examine the limits of individual criminal liability in addressing atrocity the meanings of punishment and responsibility the distribution of group punishment to a group's members and the means by which collective accountability can be expressed In doing so they reflect on the legacy of the Nuremberg Trials on the philosophical understanding of collective responsibility and on the place of collective accountability in international political relations

Complete Criminal Law Janet Loveless, Mischa Allen, Caroline Derry, 2020 Complete Criminal Law provides students with choice extracts supported by clear author commentary and useful learning features The explanations and examples in this textbook have been crafted to help students hone their understanding of criminal law The Complete titles are ambitious in their scope they have been carefully developed with teachers to offer law students more than just a presentation of the key concepts Instead they offer a complete package Only by building on the foundations of the subject by showing how the law works demonstrating its application through extracts from cases and judgments and by giving students the tools and the confidence to think critically about the law will they gain a complete understanding Online Resources This book is accompanied by free to access online resources for both students and lecturers Annual updates Links to relevant websites Answer guidance on problem questions and thinking points from the text Extra exam style questions with answers guidance Test bank of 200 multiple choice questions Additional information on drugs offences

Complete Criminal Law Misch Allen, 2025

Homicide, Gender and Responsibility Kate Fitz-Gibbon, Sandra Walklate, 2016-03-22 The crime of homicide has long animated academic debate community concern and political attention The discussion has often centered on the perceived inadequacy of legal responses to homicide questions of culpability and divergent representations of victims and offenders Within this notions of gender responsibility and justice are pivotal This edited collection builds on existing scholarship by examining these concerns not only in the context of the private world of domestic murder but also in the more public world of the state the corporation war and

genocide In so doing this book draws from key frameworks of criminological thought legal analysis and empirical evidence to critically examine the relationship between homicide gender and responsibility Bringing together leading international criminology and legal scholars this collection provides a unique contribution to the academic and policy engagement with what is more often than not an ordinary and mundane crime Analysing the crime in a variety of different social contexts alongside an in depth and critical analysis of the interconnections between the ordinary act of lethal violence gender and notions of responsibility this book will be of interest to students scholars and policymakers working in criminology and socio legal studies

Student Handbook of Criminal Justice and Criminology John Muncie,2013-02 It discusses crime and criminology in relation to the media race Islam gender and politics and considers all the relevant theoretical debates that dominate criminology Chapters on the police courts probation and prisons are included along with more theoretical chapters regarding crime prevention youth justice and restorative and informal justice The Handbook also includes comparative materials and international criminal courts

Smith, Hogan, and Ormerod's Criminal Law David|Laird Ormerod (Karl|Gibson, Matthew),2024

Corporate Crime Under Attack Francis T. Cullen,Gray Cavender,William J. Maakestad,Michael L. Benson,2014-09-25 In exploring the criminalization of corporations this book uses the landmark Ford Pinto case as a centerpiece for exploring corporate violence and the long effort to bring such harm within the reach of the criminal law Corporations that illegally endanger human life now must negotiate the surveillance of government regulators and risk civil suits from injured parties seeking financial compensation They also may be charged with criminal offenses and their officials sent to prison

Crime and Regulation Fiona Haines,2017-11-30 This volume brings together key articles in the burgeoning field of regulation The collection is interdisciplinary in keeping with study of regulation itself yet the book arranges and explores these articles to make the bewildering array of issues and concepts that comprise the study of regulation comprehensible to a criminological audience It will be of interest to all scholars and students of criminology and criminal justice as well as those concerned with reducing the crimes and harms of the powerful

Locating Law, 3rd Edition Elizabeth Comack,2020-05-27T00:00:00Z Praise for the second edition This book is the best available for teaching the role of law in society and making sense of how it operates within the inter connections of race class and gender dynamics often perpetuating oppression Locating Law is essential for undergraduate students in justice sociology and criminology Margot Hurlbert University of Regina Students regularly tell me that Locating Law is their favourite book out of the selections for the Law and Society course The case studies are sufficiently different from one another that the students deepen their general knowledge and they appreciate the fact that the chapters are written in a style they can understand Jennifer Jarman Lakehead University A primary concern within the study of law has been to understand the law society relation Underlying this concern is the belief that law has a distinctly social basis it both shapes and is shaped by the society in which it operates This book explores the law society relation by locating law within the nexus of race class gender

sexuality relations in society In addition to updating the material in the theoretical and substantive chapters this third edition of *Locating Law* includes three new contributions sentencing law and Aboriginal peoples corporations and the law and obscenity and indecency legislation The analyses offered in the book are sure to generate discussion and debate and in the process enhance our understanding of law s location

Marxism and Criminological Theory Mark Cowling, 2008-11-03 This volume looks at Marxist thought in criminology the work of Willem Bonger Georg Rusche and Otto Kirchheimer and assesses the role of Marxist analysis in areas such as Critical Criminology and Left Realism Arguing that Marxism is relevant in the post Soviet era it offers a toolkit of Marxist theories and how to use them

Rethinking Corporate Crime Introduction

In the digital age, access to information has become easier than ever before. The ability to download Rethinking Corporate Crime has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Rethinking Corporate Crime has opened up a world of possibilities. Downloading Rethinking Corporate Crime provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Rethinking Corporate Crime has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Rethinking Corporate Crime. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Rethinking Corporate Crime. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Rethinking Corporate Crime, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Rethinking

Corporate Crime has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Rethinking Corporate Crime Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Rethinking Corporate Crime is one of the best book in our library for free trial. We provide copy of Rethinking Corporate Crime in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Rethinking Corporate Crime. Where to download Rethinking Corporate Crime online for free? Are you looking for Rethinking Corporate Crime PDF? This is definitely going to save you time and cash in something you should think about.
