Rethinking Development Geographies

**Alastair Greig, David Hulme, Mark
Turner**

Rethinking Development Geographies:

Rethinking Development Geographies Marcus Power, 2003 Development as a concept is notoriously imprecise vague and presumptuous Struggles over the meaning of this fiercely contested term have had profound implications on the destinies of people and places across the globe *Rethinking Development Geographies* offers a stimulating and critical introduction to the study of geography and development In doing so it sets out to explore the spatiality of development thinking and practices The book highlights the geopolitical nature of development and its origins in Empire and the Cold War It also reflects critically on the historical engagement of geographers with the Tropics the Third World and the South The dominant economic and political philosophies that shape the policies and perspectives of major institutions are discussed The interconnections between globalization and development are highlighted through an examination of local national and transnational resistance to various forms of development The text provides an accessible introduction to the complex and confusing world of contemporary global development Informative diagrams cartoons and case studies are used throughout While exploring global geographies of economic and political change *Rethinking Development Geographies* is also grounded in a concern with people and places the view from below the views of women and the view from the South

Rethinking Development Geographies Marcus Power, 2004-08-02 Development as a concept is notoriously imprecise vague and presumptuous Struggles over the meaning of this fiercely contested term have had profound implications on the destinies of people and places across the globe *Rethinking Development Geographies* offers a stimulating and critical introduction to the study of geography and development In doing so it sets out to explore the spatiality of development thinking and practices The book highlights the geopolitical nature of development and its origins in Empire and the Cold War It also reflects critically on the historical engagement of geographers with the Tropics the Third World and the South The dominant economic and political philosophies that shape the policies and perspectives of major institutions are discussed The interconnections between globalization and development are highlighted through an examination of local national and transnational resistance to various forms of development The text provides an accessible introduction to the complex and confusing world of contemporary global development Informative diagrams cartoons and case studies are used throughout While exploring global geographies of economic and political change *Rethinking Development Geographies* is also grounded in a concern with people and places the view from below the views of women and the view from the South

Rethinking Development Geographies, 2003 *Population and Development* W.T.S. Gould, 2015-05-08 The new edition of *Population and Development* offers an up to date perspective on one of the critical issues at the heart of the problems of development for all countries and especially those that seek to implement major economic and social change the reflexive relationships between a country's population and its development How does population size distribution age structure and skill base affect development patterns and prospects How has global development been affected by regional population change Retaining the

structure of the well received first edition the book has been substantially revised and updated The opening chapters of the book establish the theoretical and historical basis for examining the basic reflexive relationship with exploration of the Malthusian perspective and its critics to examine how population change affects development and exploration of the Demographic Transition Model and its critics to examine how why and to what extent development drives population change These are followed by empirically rich chapters on each of the main components of population change mortality fertility internal and international migration age structures and skill base each elaborating key ideas with detailed and contrasting case studies from all regions of the developing world There are concluding and more integrative discussions on population policies and global population futures Bringing together Population Studies Development Studies and Geography the new edition of Population and Development is a key resource for undergraduate and postgraduate students across a range of programmes with specialist modules on population change There is a large bibliography with major new sections identifying a wide range of online resources for further study Each chapter contains a reading guide with discussion questions The text is enlivened by a number of case studies from around the world most of which are new or have been substantially revised Written by a leading international scholar in population the book successfully integrates cutting edge academic research with the focus and efforts of international development agencies Postcolonialism and Development Cheryl

McEwan,2008-11-20 This book provides a valuable and unique introductory text that explains reviews and critically evaluates recent debates about postcolonial approaches and their implications for development studies **China and Africa**

Development Relations Christopher M. Dent,2010-09-13 Provides an overview of how the China Africa relationship has evolved over the years and examines whether it presents a different paradigm of development relations in the international system This book investigates what is particularly special about the development partnership between Africa and China

Doing Development Research Vandana Desai,Rob Potter,2006-03-15 Doing Development Research is a comprehensive introduction to research in development studies that provides thorough training for anyone carrying out research in developing countries It brings together experts with extensive experience of overseas research presenting an interdisciplinary guide to the core methodologies Informed by years of research experience Doing Development Research draws together many strands of action research and participatory methods demonstrating their diverse applications and showing how they interrelate The text provides an account of the theoretical approaches that underlie development work an explanation of the practical issues involved in planning development research a systematic overview of information and data collecting methods in three sub sections methods of social research and associated forms of analysis using existing knowledge and records disseminating findings research Using clear and uncomplicated language illustrated with appropriate learning features throughout the text guides the researcher through the choice of appropriate methods the implementation of the research and the communication of the findings to a range of audiences This is the essential A Z of development research

Disability and Development in Burkina Faso Lara Bezzina, 2019-11-04 This book builds upon critiques of development in the disability domain by investigating the necessity and implications of theorising disability from the Global South and how development policies and practices pertaining to disabled people in such contexts might be improved by engaging with their voices and agency The author focuses on the lived experiences of disabled people in Burkina Faso while situating these experiences where necessary in the wider national and regional contexts She explores development agencies interventions with disabled people and the need to re think these practices and ideologies which are often framed within western contexts This work will appeal to policy makers NGOs academics students and researchers in the fields of development and disability studies

Southeast Asian Development Andrew McGregor, 2008-03-03 Southeast Asia has long fascinated development practitioners and researchers for being one of the few regions of the world that has resisted global trends to become a successful developing region Divided into accessible thematic chapters this book adopts a unique perspective of equitable development to outline the strengths and weaknesses of the transformations taking place in the Southeast Asian region Focusing on four key themes equality and inequality political freedom and opportunity empowerment and participation and environmental sustainability these concepts are used to explore Southeast Asian development and trace the impacts that the growing popularity of market led and grassroots approaches are having upon economic political and social processes Whilst the diversity of the region is emphasized so are some of the homogenizing trends such as the concentration of wealth and services in urban areas and the subsequent migration of rural people into urban factories and squatter settlements The ongoing commercialization and industrialization of rural agriculture as well as the expansion of non farm income earning opportunities in rural spaces and the alarming rates of environmental degradation which threaten health and livelihoods are also exposed In highlighting how Southeast Asian development is unevenly distributing wealth opportunities and risks throughout the region this book emphasizes the need for creative new approaches to ensure that benefits of development are equitably enjoyed by all Including illustrations case studies and further reading this book provides an accessible up to date introductory text for students and researchers interested in Southeast Asian development development studies Asian studies and geography

Research and Fieldwork in Development Daniel Hammett, Chasca Twyman, Mark Graham, 2014-12-08 Research and Fieldwork in Development explores both traditional and cutting edge research methods from interviews and ethnography to spatial data and digital methods Each chapter provides the reader with an understanding of the theoretical basis of research methods reflects upon their practice and outlines appropriate analysis techniques The text also provides a cutting edge focus on the role of new media and technologies in conducting research The final chapters return to a set of broader concerns in development research providing a new and dynamic set of engagements with ethics and risk in fieldwork integrating methods and engaging development research methods with knowledge exchange practices Each chapter is supported by several case studies written by global experts within the field documenting encounters and experiences and

linking theory to practice Each chapter is also complimented by an end of chapter summary suggestions for further reading and websites and questions for further reflection and practice The text critically locates development research within the field of international development to give an accessible and comprehensive introduction to development research methods This book provides an invaluable overview to the practice of international development research and serves as an essential resource for undergraduate and postgraduate student embarking of development fieldwork It is supported by online resources including extended bibliographies for each chapter example risk and ethic forms example policy briefing notes research reports links to websites and data sources

Agriculture and Environment for Developing Countries Moyo, B.H.Z.,2014-05-08 This book is about indigenous ways of farming in Northern Malawi in the face of modernization and globalization pressures It also impacts modernization and globalization in relation to agriculture and environment in the developing countries laying bare their impacts on smallholder farmers agriculture in general industry and the environment

Disaster Risk Governance Denise Thompson,2019-07-26 Disaster Risk Governance offers the first extensive engagement with disaster risk governance in the Caribbean and Sub Saharan Africa In the last decade and a half Kenya Jamaica Dominica and Zanzibar have all suffered massive destruction from disasters caused by natural hazards Despite the tremendous investments in disaster risk reduction DRR disasters have wiped out the developmental gains of these countries In this book Denise Thompson argues that disaster risk governance DRG as a practical and academic matter has not been given the attention it deserves and as a result this neglect has undermined the time money and resources invested in DRR in developing countries since the late 1970s and early 1980s Thompson proposes that properly conceptualizing DRG based on context will help to address some of the deficiencies Consequently DRG needs to become a central focus particularly for developing countries Written with real life implications for developing countries Disaster Risk Governance is perfectly suited for practitioners and researchers in area studies disaster risk reduction and disaster governance as well as students of disaster studies

Dams, Displacement and Development Nathan Einbinder,2017-02-08 Using the case of the Chixoy Hydroelectric Dam in Guatemala constructed between 1978 and 1983 this book examines the effects of displacement on the former residents of R o Negro a community forcibly evicted and nearly eliminated by the military and paramilitary Using open ended interview discussions and testimonies it focuses on this specific incident of displacement and violence and discusses the outcomes 30 years later Guatemala s history is plagued by development projects that resulted in displacement violence and increased marginalization of its indigenous and non indigenous populations In order to make way for development initiatives such as the production of bananas African palm coffee and sugar cane the extraction of metals such as gold and nickel or in this specific case the construction of a hydroelectric dam the land based predominately Maya campesinos have been systematically uprooted from the lands of their birth and launched into uncertainty The research findings presented based on fieldwork conducted from January to April 2009 suggest that the majority of survivors from the

massacres that took place are still adversely affected by the destruction of their families and livelihoods While the circumstances pertaining to this event are unique similar struggles over land and human rights continue into the present and if policies remain unchanged in both international development agencies as well as the Guatemalan government clashes of this nature only increase in time

A Neoliberal Framework for Urban Housing Development in the Global South Sampa Chisumbe,Clinton Ohis Aigbavboa,Erastus Mwanaumo,Wellington Didibhuku Thwala,2024-03-22 A Neoliberal Framework for Urban Housing Development in the Global South highlights the factors which predict urban housing development from developing countries perspective providing a guide for countries in the sub Sahara

New Actors and Alliances in Development Lisa Ann Richey,Stefano Ponte,2016-03-17 This collection brings together an interdisciplinary group of scholars exploring how development financing and interventions are being shaped by a wider and more complex platform of actors than usually considered in the existing literature The contributors also trace a changing set of key relations and alliances in development those between business and consumers NGOs and celebrities philanthropic organizations and the state diaspora groups and transnational advocacy networks ruling elites and productive capitalists and between new donors and developing country governments Despite the diversity of these actors and alliances several commonalities arise they are often based on hybrid transnationalism and diffuse notions of development responsibility rather than being new per se they are newly being studied as engaging in practices that are now coming to be understood as development and they are limited in their ability to act as agents of development by their lack of accountability or pro poor commitment The articles in this collection point to images and representations as increasingly important in development branding and suggest fruitful new ground for critical development studies This book was originally published as a special issue of Third World Quarterly

The Language of Global Development Marcin Solarz,2014-07-11 Terms such as Third World developing countries and Global South are ubiquitous in the discipline of development studies but they are often poorly defined ideologically weighted and misleading Taking an intellectual history approach this book examines the most commonly used spatial terms in the language of development tracing their origins meanings evolution and processes of popularisation and demonstrating how geographical political and economic concepts were used or misused in creating these terms The book looks at the origins and the changing nature of fundamental development divisions from prehistoric times to the present day and analyses the process of conceptualising the contemporary North South divide focusing especially on the start of spatial development terminology in the twentieth century It uses detailed maps to assist the reader in visualising the geographical complexities of these spatial terms and discusses more recently developed terms such as emerging markets and BRIC which are key to understanding the modern world This book provides a valuable resource for students and researchers in development studies international relations geography sociology and anthropology as well as practitioners in the field of development

Routledge Handbook of Sports Development Barrie Houlihan,Mick Green,2010-12-16 Sports

development has become a prominent concern within both the academic study of sport and within the organisation and administration of sport Now available in paperback the Routledge Handbook of Sports Development is the first book to comprehensively map the wide ranging territory of sports development as an activity and as a policy field and to offer a definitive survey of current academic knowledge and professional practice Spanning the whole spectrum of activity in sports development from youth sport and mass participation to the development of elite athletes the book identifies and defines the core functions of sports development exploring the interface between sports development and cognate fields such as education coaching community welfare and policy The book presents important new studies of sports development around the world illustrating the breadth of practice within and between countries and examines the most important issues facing practitioners within sports development today from child protection to partnership working With unparalleled depth and breadth of coverage the Routledge Handbook of Sports Development is the definitive guide to policy practice and research in sports development It is essential reading for all students researchers and professionals with an interest in this important and rapidly evolving discipline

Routledge Handbook of Southeast Asian Development Andrew McGregor, Lisa Law, Fiona Miller, 2017-11-06 Southeast Asia is one of the most diverse regions in the world hosting a wide range of languages ethnicities religions economies ecosystems and political systems Amidst this diversity however has been a common desire to develop This provides a uniting theme across landscapes of difference This Handbook traces the uneven experiences that have accompanied development in Southeast Asia The region is often considered to be a development success story however it is increasingly recognized that growth underpinning this development has been accompanied by patterns of inequality violence environmental degradation and cultural loss In 30 chapters written by established and emerging experts of the region the Handbook examines development encounters through four thematic sections Approaching Southeast Asian development Institutions and economies of development People and development and Environment and development The authors draw from national or sub national case studies to consider regional scale processes of development tracing the uneven distribution of costs risks and benefits Core themes include the ongoing neoliberalization of development issues of social and environmental justice and questions of agency and empowerment This important reference work provides rich insights into the diverse impacts of current patterns of development and in doing so raises questions and challenges for realizing more equitable alternatives It will be of value to students and scholars of Asian Studies Development Studies Human Geography Political Ecology and Asian Politics

Neoliberalism, Development, and Aid Volunteering Nichole Georgeou, 2012-10-12 This work comes at an important time of global crisis and change where the world is ravaged by natural disasters wars and poverty This has increased the pressure on governments and other organisations such as volunteer sending agencies which provide aid and we have seen an upward trend in the number of people volunteering abroad Within this volatile environment neoliberal ideology on how aid should be provided and implemented has become

embedded in how policy is formulated A market driven model of aid provision has become the norm and governments are increasingly focused on international development volunteering as a form of soft diplomacy This is the first qualitative empirical study of international development volunteering The book contributes theoretical knowledge on International Volunteering Sending Agencies IVSAs and examines practitioner experience in development volunteering in the context of emerging policy developments Critical analysis highlights the impact of global and social changes and provides a nuanced understanding of development volunteer motivation and the relationship between volunteers and sending agencies The book also puts forward an agenda and model for volunteer sending that addresses the complexities and diversity of the volunteer experience

Challenging Global Inequality Alastair Greig, David Hulme, Mark Turner, 2007-01-16 This major introductory text written by 3 leading names in the field provides an accessible overview of the challenges faced in overcoming global poverty and inequality in the 21st century Through an in depth assessment of development theory and practice the authors set out to advance two key arguments the first being the importance of historically contextualizing contemporary developmental problems in order to assess policy proposals and the second that inequality matters and how this notion has continually remained a central feature of development debates from colonial times to present day Ideal for undergraduate students taking development modules as part of political science and international relations degrees this engaging text proves to be essential reading when exploring the impacts of development on today s international political economy With each chapter covering inequalities from all different angles the authors clearly outline the impact of models such as globalization and neoliberalism as well as offering alternative views on the challenges posed by the UN s Millennium Development Goals Also available is a companion website with extra features to accompany the text please take a look by clicking below https://www.palgrave.com/companion/Greig/Challenging_Global_Inequality

Embracing the Beat of Term: An Mental Symphony within **Rethinking Development Geographies**

In a world consumed by monitors and the ceaseless chatter of fast interaction, the melodic splendor and psychological symphony developed by the written term often diminish into the backdrop, eclipsed by the relentless noise and disturbances that permeate our lives. Nevertheless, set within the pages of **Rethinking Development Geographies** a wonderful fictional value filled with fresh emotions, lies an immersive symphony waiting to be embraced. Constructed by an elegant musician of language, this charming masterpiece conducts viewers on an emotional trip, skillfully unraveling the concealed melodies and profound affect resonating within each cautiously crafted phrase. Within the depths with this moving evaluation, we will investigate the book is main harmonies, analyze its enthralling writing model, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
