

Retirement Policy

INTRODUCTION

According to the Section 187(2)(b) of the Labor Relations Act 66 of 1995, a termination based on age is fair if the employee has reached fair or agreed age of retirement for the persons employed in that capacity.

[Company Name] has adopted the general retirement age of [X] years but recognizes the need to retain certain employees who performed exceptionally with high skills and productivity beyond the age of [X] Years. It accordingly allows employee extensions according to the rules of the relevant retirement funds.

PURPOSE

The purpose of this policy is to set out the procedures followed by [Company Name] for effecting employee's retirement upon reaching the age of superannuation and provide advice and guidelines related to the retirement.

SCOPE

This retirement policy is applicable to all the regular full-time and part-time employees of the company.

PRINCIPLES

- Retiring employees must be given at least one year's notice of whether or not they will be granted an extension beyond retirement, to allow for planning.
- The criteria and processes for providing extensions beyond retirement must be fair, consistent, and transparent.
- For all recommendations or decisions, all evaluation panels or committees must provide thorough justifications.

Karen Ferguson, Kate Blackwell

Retirement Policy:

The Pension Book Karen Ferguson, Kate Blackwell, 1996-05 Every pension plan has its fine print Using case studies from the Pension Rights Center Ferguson and Blackwell show what everyone in a private plan needs to know how and when their pension will vest how much their benefit will be and whether it is adjusted for inflation Is the plan overfunded or underfunded Will it survive should the company change hands or go bankrupt And what happens in the event of death or divorce Each chapter tackling these subjects is followed by a What to Do section in which the authors demonstrate point by point how we can take charge of our retirement future No retirement plan You're not alone Half of all Americans have no plan other than social security and this venerable system never intended to cover all retirement needs typically pays people 40 percent of what they were earning when they worked Or maybe you're in a do it yourself savings plan Increasingly employers are substituting these plans for traditional pensions Again Ferguson and Blackwell provide practical suggestions and reliable advice about the pros and cons of IRAs 401(k)s and the other tax sheltered savings arrangements **Reaching**
