

Russia In The Modern World

G Thomas

Russia In The Modern World:

How Russia Shaped the Modern World Steven G. Marks, 2020-11-10 In this sweeping history Steven Marks tells the fascinating story of how Russian figures ideas and movements changed our world in dramatic but often unattributed ways On Europe's periphery Russia was an early modernizing nation whose troubles stimulated intellectuals to develop radical and utopian alternatives to Western models of modernity These provocative ideas gave rise to cultural and political innovations that were exported and adopted worldwide Wherever there was discontent with modern existence or traditional societies were undergoing transformation anti Western sentiments arose Many people perceived the Russian soul as the antithesis of the capitalist imperialist West and turned to Russian ideas for inspiration and even salvation Steven Marks shows that in this turbulent atmosphere of the past century and a half Russia's lines of influence were many and reached far Russia gave the world new ways of writing novels It launched cutting edge trends in ballet theater and art that revolutionized contemporary cultural life The Russian anarchist movement benignly shaped the rise of vegetarianism and environmentalism while also giving birth to the violent methods of modern terrorist organizations Tolstoy's visions of nonviolent resistance inspired Gandhi and the U S Civil Rights movement at the same time that Russian anti Semitic conspiracy theories intoxicated right wing extremists the world over And dictators from Mussolini and Hitler to Mao and Saddam Hussein learned from the experiments of the Soviet regime Moving gracefully from Moscow and St Petersburg to Beijing and Berlin London and Luanda Mexico and Mississippi Marks takes us on an intellectual tour of the Russian exports that shaped the twentieth century The result is a richly textured and stunningly original account of the extent to which Russia as an idea and a producer of ideas has contributed to the making of the modern world Placing Russia in its global context the book better our understanding of the anti Western strivings that have been such a prominent feature of recent history

Russia in the Early Modern World Donald Ostrowski, 2022-01-25 A fundamental problem in studying early modern Russian history is determining Russia's historical development in relationship to the rest of the world The focus throughout this book is on the continuity of Russian policies during the early modern period 1450 1800 and that those policies coincided with those of other successful contemporary Eurasian polities The continuities occurred in the midst of constant change but neither one nor the other continuities or changes alone can account for Russia's success Instead Russian rulers from Ivan III to Catherine II with their hub advisors managed to sustain a balance between the two During the early modern period these Russian rulers invited into the country foreign experts to facilitate the transfer of technology and know how mostly from Europe but also from Asia In this respect they were willing to look abroad for solutions to domestic problems Russia looked westward for military weaponry and techniques at the same time it was expanding eastward into the Eurasian heartland The ruling elite and by extension the entire ruling class worked in cooperation with the ruler to implement policies The Church played an active role in supporting the government and in seeking to eliminate opposition to the government

OCR GCSE History

Explaining the Modern World: Russia 1928-1964 Terry Fiehn, 2017-06-26 Trust Ben Walsh to guide you through the new specification and motivate your students to excel with his trademark mix of engaging narrative and fascinating contemporary sources brought to you by the market leading History publisher and OCR's Publishing Partner for History. Prepares students for the demands of terminal assessment with helpful tips, practice questions and targeted advice on how to approach and successfully answer different question types. Captures learners' interest by offering a wealth of original thought-provoking source material that brings historical periods to life and enhances understanding.

Russia and the New World Disorder Bobo Lo, 2015-08-17 The Russian annexation of Crimea was one of the great strategic shocks of the past twenty-five years. For many in the West, Moscow's actions in early 2014 marked the end of illusions about cooperation and the return to geopolitical and ideological confrontation. Russia, for so long a peripheral presence, had become the central actor in a new global drama. In this groundbreaking book, renowned scholar Bobo Lo analyzes the broader context of the crisis by examining the interplay between Russian foreign policy and an increasingly anarchic international environment. He argues that Moscow's approach to regional and global affairs reflects the tension between two very different worlds: the perceptual and the actual. The Kremlin highlights the decline of the West, a resurgent Russia, and the emergence of a new multipolar order. But this idealized view is contradicted by a world disorder that challenges core assumptions about the dominance of great powers and the utility of military might. Its lesson is that only those states that embrace change will prosper in the twenty-first century. A Russia able to redefine itself as a modern power would exert a critical influence in many areas of international politics. But a Russia that rests on an outdated sense of entitlement may end up instead as one of the principal casualties of global transformation.

Russia and EU in the New World Disorder Aziz Elmuradov, 2022-11-04 This book makes an original contribution to Russia-EU literature by analyzing constructions and transformations of the Russian Self in relation to the European Other. It provides an orientation towards understanding Russian foreign policy discourse under Putin and offers a thorough analysis of the actions of key policy actors to ground the Russian discourse ideationally, historically, psychologically, and politico-sociologically. Providing a rich analysis of how Russian foreign policy toward the EU evolved from cooperation to competition and ultimately conflict, the author argues that to understand these changes and continuities we must explore concepts of sovereignty and balance of power central to the drafting of Russian foreign policy. Primarily situated in the fields of International Relations and Russian foreign policy, this book will also be of interest to scholars in the fields of Foreign Policy Analysis, Post-Soviet Studies, Eurasian Studies, Historical International Relations, Critical Security Studies, Political Sociology,

and Political Psychology Modern World History for AQA Specification B. Tony Hewitt, Jane Shuter, 2001 This student book is a foundation edition for the syllabus specific texts for GCSE Modern World History for AQA and provides simplified versions of the core textbooks It is aimed at students who are expected to gain C to G grades *Russia in the 21st century: Policy. Economy. Culture* , A Concise History of the Modern World William Woodruff, 1998-06-30 By investigating the major changes in world history during the past five hundred years Woodruff explains to what extent world forces have been responsible for shaping both the past and the present This extraordinary book tells of the rise and fall of empires and civilizations it recounts the growing communality and interdependence of nations it shows how so many problems of the contemporary world are the legacy of an unprecedented era of western domination the end of which was hastened by the two world wars In explaining how the world has come to be what it is the author examines the implications surrounding the end of the cold war the unravelling of communism in Eastern Europe and the growing challenge of the non western world to western superiority It is Woodruff's belief that we have reached a crucial transitional stage in world history in which the world will no longer be shaped by the single image of western modernism but increasingly by the image of all cultures and civilizations With the shift of geopolitical and geoeconomic power to Asia and with the growing world wide influence of religious fundamentalism and revolutionary nationalism the need for a global perspective has become acute A Concise History of the Modern World encompasses the learning and the insights gleaned by the author from a life time career as a world historian *A History of the Jews in the Modern World* Howard M. Sachar, 2007-12-18 The distinguished historian of the Jewish people Howard M Sachar gives us a comprehensive and enthralling chronicle of the achievements and traumas of the Jews over the last four hundred years Tracking their fate from Western Europe's age of mercantilism in the seventeenth century to the post Soviet and post imperialist Islamic upheavals of the twenty first century Sachar applies his renowned narrative skill to the central role of the Jews in many of the most impressive achievements of modern civilization whether in the rise of economic capitalism or of political socialism in the discoveries of theoretical physics or applied medicine in higher literary criticism or mass communication and popular entertainment As his account unfolds and moves from epoch to epoch from continent to continent from Europe to the Americas and the Middle East Sachar evaluates communities that until lately have been underestimated in the perspective of Jewish and world history among them Jews of Sephardic provenance of the Moslem regions and of Africa By the same token Sachar applies a master's hand in describing and deciphering the Jews unique exposure and functional usefulness to totalitarian movements fascist Nazi and Stalinist In the process he shines an unsparing light on the often widely dissimilar behavior of separate European peoples and on separate Jewish populations during the Holocaust A distillation of the author's lifetime of scholarly research and teaching experience A History of the Jews in the Modern World provides a source of unsurpassed intellectual richness for university students and educated laypersons alike *A Concise History of the Modern World* W. Woodruff, 2016-01-22 By investigating the major changes of

world history during the past five hundred years this book provides the necessary global perspective to understand the geopolitical and geoeconomic changes facing us today We have reached a crucial transitional stage in world history in which the world will no longer be shaped by the single image of western modernism but increasingly by the image of all cultures and civilizations The need to take a world view which this book provides has become acute

The Routledge History of Emotions in the Modern World Katie Barclay, Peter N. Stearns, 2022-08-09 The Routledge History of Emotions in the Modern World brings together a diverse array of scholars to offer an overview of the current and emerging scholarship of emotions in the modern world Across thirty six chapters this work enters the field of emotion from a range of angles Named emotions love anger fear highlight how particular categories have been deployed to make sense of feeling and their evolution over time Geographical perspectives provide access to the historiographies of regions that are less well covered by English language sources opening up global perspectives and new literatures Key thematic sections are designed to intersect with critical historiographies demonstrating the value of an emotions perspective to a range of areas Topical sections direct attention to the role of emotions in relations of power to intimate lives and histories of place as products of exchanges across groups and as deployed by new technologies and medias The concepts of globalisation and modernity run through the volume acting as foils for comparison and analytical tools The Routledge History of Emotions in the Modern World is the perfect resource for all students and scholars interested in the history of emotions across the world from 1700

The Cambridge History of Judaism: Volume 7, The Early Modern World, 1500-1815 Jonathan Karp, Adam Sutcliffe, 2017-11-30 This seventh volume of The Cambridge History of Judaism provides an authoritative and detailed overview of early modern Jewish history from 1500 to 1815 The essays written by an international team of scholars situate the Jewish experience in relation to the multiple political intellectual and cultural currents of the period They also explore and problematize the modernization of world Jewry over this period from a global perspective covering Jews in the Islamic world and in the Americas as well as in Europe with many chapters straddling the conventional lines of division between Sephardic Ashkenazic and Mizrahi history The most up to date comprehensive and authoritative work in this field currently available this volume will serve as an essential reference tool and ideal point of entry for advanced students and scholars of early modern Jewish history

The Modern World-System III Immanuel Wallerstein, 2011-06-10 Immanuel Wallerstein s highly influential multi volume opus The Modern World System is one of this century s greatest works of social science An innovative panoramic reinterpretation of global history it traces the emergence and development of the modern world from the sixteenth to the twentieth century

Modern World History, 1776-1926 Alexander Clarence Flick, 1926

Russia's Foreign Security Policy in the 21st Century Marcel De Haas, 2010-04-05 This book examines Russia s external security policy under the presidencies of Vladimir Putin Dmitry Medvedev and beyond The Russian Federation has developed from a neglected regional power into a self declared resurgent superpower Russia s background in the former Soviet Union as well as close ties with the upcoming new

powers of China and India served as spring boards towards regaining an influential status in the world Simultaneously Moscow developed an assertive policy towards the West and unwilling neighbours culminating in August 2008 in an armed conflict with Georgia Reviewing this decade of Russian international security policy this work analyses security documents military reforms and policy actions towards friends and foes such as the USA and NATO to provide an assessment of the future security stance of the Kremlin This book will be of much interest to students of Russian politics and foreign policy European politics and Security Studies and IR in general Russia: A New Beginning Pasquale De Marco, 2025-05-23

The New World, 1843 *The Jew in the Modern World* Paul R. Mendes-Flohr, Jehuda Reinharz, 1995 The last two centuries have witnessed a radical transformation of Jewish life Marked by such profound events as the Holocaust and the establishment of the state of Israel Judaism's long journey through the modern age has been a complex and tumultuous one leading many Jews to ask themselves not only where they have been and where they are going but what it means to be a Jew in today's world Tracing the Jewish experience in the modern period and illustrating the transformation of Jewish religion culture and identity from the 17th century to 1948 the updated edition of this critically acclaimed volume of primary materials remains the most complete sourcebook on modern Jewish history Now expanded to supplement the most vital documents of the first edition *The Jew in the Modern World* features hitherto unpublished and inaccessible sources concerning the Jewish experience in Eastern Europe women in Jewish history American Jewish life the Holocaust and Zionism and the nascent Jewish community in Palestine on the eve of the establishment of the State of Israel The documents are arranged chronologically in each of eleven chapters and are meticulously and extensively

annotated and cross referenced in order to provide the student with ready access to a wide variety of issues key historical figures and events Complete with some twenty useful tables detailing Jewish demographic trends this is a unique resource for any course in Jewish history Zionism and Israel the Holocaust or European and American history **Great Land Rush and the Making of the Modern World, 1650-1900** John C. Weaver, 2003-04-24 He also underscores the tragic history of the indigenous peoples of these regions and shows how they came to lose possession of their land to newly formed governments made up of Europeans with European interests at heart Weaver shows that the enormous efforts involved in defining and registering large numbers of newly carved out parcels of property for reallocation during the Great Land Rush were instrumental in the emergence of much stronger concepts of property rights and argues that this period was marked by a complete disregard for previous notions of restraint on dreams of unlimited material possibility Today while the traditional forms of colonization that marked the Great Land Rush are no longer practiced by the European powers and their progeny in the new world the legacy of this period can be seen in the western powers insatiable thirst for economic growth including newer forms of economic colonization of underdeveloped countries and a continuing evolution of the concepts of property rights including the development and increasing growth in importance of intellectual property rights **Regionalization and Globalization in the Modern World Economy** Alex E. Fernandez Jilberto, Andre Mommen, 2002-01-22 This collection explores the importance of regionalization and globalization to the world economy particularly questioning whether the world economy is characterized by increasing regionalization rather than globalization International contributors explore the processes in the Pacific area the Americas Africa and Europe and make an important contribution to current debates in development economics
