Russia Under The Old Regime With A New Foreword By The Author:

A Marxist Mosaic Jairus Banaji, 2024-07-01 Historical materialism as Marx understood this was always an integrated conception or field of research not one divided into separate disciplines The essays gathered in this volume are a remarkable example of how this works across a wide range of subjects as diverse as agrarian history capitalism Hegel's influence on Marx and class struggles in India They were written over some fifty years of both activism and academic work embodying Banaji's lifelong engagement with Marxist theory His recent papers on merchant capitalism can also be found here along with a biographical sketch that sets all of his work in context

Europe's Long Century Spencer Di Scala, 2013 The twentieth century has been interpreted as a short century marked by extremes According to this view the century lasted only from 1914 to 1989 or 1991 These dates coincide with the rise and fall of communism that came to power in Russia in 1917 and ended with the fall of the Berlin wall 1989 or that of the Soviet Union 1991 Thus the concept of a short century is unduly influenced by a Cold War perspective In Europe's Long Century Spencer Di Scala presents an alternative view that will be more helpful to undergraduate history students in the twenty first century namely that twentieth century Europe was actually a long century lasting approximately from 1900 to 2000 with patterns and antecedents discernible before the century began and that continue to be elaborated today Comprehensive current and affordable Europe's Long Century integrates the histories of Eastern Europe Scandinavia and the Balkans that are often neglected in similar treatments It also thoroughly covers the role of science in shaping modern European life and the book's biographical sketches profile the lives of important though not always well known people who influenced Europe's long century

Problems of Communism, 1990 Science, Women and Revolution in Russia Ann Hibner Koblitz, 2014-01-02

While the women's movement might seem like a relatively new concept Russian women of the 1860s deserve to be acknowledged as individuals who changed the direction of science and opened the doors of higher education to women throughout Europe The 1860s and 1870s witnessed a rise in women's consciousness and the beginnings of the Russian revolutionary movement that saw women pursue and receive doctorates in many areas of science These same women went on to become some of the brightest in their fields This book provides a look at Russian women scientists of the 1860s their personal independence and technical and literary achievements that made science the popular social movement of the time and changed the face of the Russian intellectual culture

The Russian Revolution and Civil War 1917-1921 Jonathan Smele, 2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917 1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state

Aldo Ferrari, Eleonora Tafuro Ambrosetti, 2020-06-25 Russia seems to be back in many old theatres where the Soviet Union was actively engaged More than a quarter of a century after the fall of the USSR it is clear that Russia's President Vladimir Putin has made restoring Russia's great power status a primary goal of his twenty years in power Political and historical links dating back to the Cold War have been capitalised upon to build fresh partnerships and cement or re-establish Russia's influence in Africa Latin America and the Middle East Just as the Soviet Union supported Western communist parties and ran disinformation campaigns today's Russia is accused of meddling with the electoral processes of several Western countries What are the elements of continuity and change when comparing Russia's foreign policy with the Soviet Union's This ISPI Report tackles the political historical military and economic dimensions of Russia's return to old Soviet theatres of influence In particular it delves into their implications for the development of the multipolar world order long advocated by Moscow
