

Russian Culture

Matthew Lee Miller

Russian Culture:

Russian Culture Margaret Mead, John Rickman, 2001 This volume brings together two classic works on the culture of the Russian people which have been long out of print Gorer's Great Russian Culture and Mead's Soviet Attitudes towards Authority An Interdisciplinary Approach to Problems of Soviet Character were among the first attempts by anthropologists to analyze Russian society They were influential both for several generations of anthropologists and in shaping American governmental attitudes toward the Soviet Union during the Cold War period Additionally they offer fascinating insights into the early anthropological use of psychological data to analyze cultural patterns Read as part of the history of the anthropology of complex contemporary societies they are as fascinating for their more questionable conclusions as for their accurate characterizations of Russian life *Sexuality and the Body in Russian Culture* Jane T. Costlow, Stephanie Sandler, Judith Vowles, 1993 Twelve groundbreaking essays show the varied and complex ways in which ideas about sexuality gender and the body have shaped and been influenced by Russian literature history art and philosophy from the medieval period to the present day **Russian Culture** Margaret Mead, 2001-07-01 This volume brings together two classic works on the culture of the Russian people which have been long out of print Gorer's Great Russian Culture and Mead's Soviet Attitudes towards Authority An Interdisciplinary Approach to Problems of Soviet Character were among the first attempts by anthropologists to analyze Russian society They were influential both for several generations of anthropologists and in shaping American governmental attitudes toward the Soviet Union during the Cold War period Additionally they offer fascinating insights into the early anthropological use of psychological data to analyze cultural patterns Read as part of the history of the anthropology of complex contemporary societies they are as fascinating for their more questionable conclusions as for their accurate characterizations of Russian life *The Cambridge Companion to Modern Russian Culture* Nicholas Rzhevsky, 2012-04-05 Russia's size the diversity of its peoples and its unique geographical position straddling East and West have created a culture that is both inward and outward looking Its history reflects the tension between very different approaches to what culture can and should be and this tension shapes the vibrancy of its arts today The highly successful first edition of Rzhevsky's Companion has been updated to include post Soviet trends and new developments in the twenty first century It brings together leading authorities writing on Russian cultural identity its Western and Asian connections popular culture and the unique Russian contributions to the arts Each of the eleven chapters has been revised or entirely rewritten to take account of current cultural conditions and the further reading brought up to date The book reveals for students academic researchers and all those interested in Russia the dilemmas strengths and complexities of the Russian cultural experience Foundations of Russian Culture Alexander Schmemmann, 2023-10-02 A culture that demands only freedom from politics while rejecting and shunning politics itself remains inadequate lifeless and is ultimately doomed In its turn politics that rejects the spiritual oversight of culture inevitably degenerates into tyranny or anarchy into corruption and

mediocrity Inside this deceptively modest volume will be found a remarkably prescient collection of broadcasts that are perhaps even more pertinent to the contemporary culture and politics of Russia than they were to the audience within the Soviet Union to whom they were originally addressed Schmemmann presents the complex history of Russia and analyzes trends and tendencies within its culture concisely and simply showing them to be frequently contradictory and even mutually exclusive He clarifies the multilayered meaning of foundations its underlying building blocks the spiritual the political the historical as well as the cultural assets in literature art science and philosophy In these elements he shows what Russia is grappling with in its struggle to find a synthesis that draws both from its own unique elements and its historical and ongoing interconnectedness with the West and the East

Encyclopedia of Contemporary Russian Culture Tatiana Smorodinskaya, Karen Evans-Romaine, Helena Goscilo, 2013-10-28 This addition to the highly successful Contemporary Cultures series covers the period from period 1953 with the death of Stalin to the present day Both Russian and Culture are defined broadly Russian refers to the Soviet Union until 1991 and the Russian Federation after 1991 Given the diversity of the Federation in its ethnic composition and regional characteristics questions of national regional and ethnic identity are given special attention There is also coverage of Russian speaking immigrant communities Culture embraces all aspects of culture and lifestyle high and popular artistic and material art fashion literature music cooking transport politics and economics film crime all and much else are covered in order to give a full picture of the Russian way of life and experience throughout the extraordinary changes undergone since the middle of the twentieth century The Encyclopedia of Contemporary Russian Culture is an unbeatable resource on recent and contemporary Russian culture and history for students teachers and researchers across the disciplines Apart from academic libraries the book will also be a valuable acquisition for public libraries Entries include cross references and the larger ones carry short bibliographies There is a full index

Russian Culture in the Age of Globalization Vlad Strukov, Sarah Hudspith, 2018-12-07 This book brings together scholars from across a variety of disciplines who use different methodologies to interrogate the changing nature of Russian culture in the twenty first century The book considers a wide range of cultural forms that have been instrumental in globalizing Russia These include literature art music film media the internet sport urban spaces and the Russian language The book pays special attention to the processes by which cultural producers negotiate between Russian government and global cultural capital It focuses on the issues of canon identity soft power and cultural exchange The book provides a conceptual framework for analyzing Russia as a transnational entity and its contemporary culture in the globalized world

The Cambridge Companion to Modern Russian Culture Nicholas Rzhevsky, 1999-02-25 Russia is a dominant force in the world whose culture has been shaped by its unique position on the margins of both East and West As Russia faces new cultural challenges from outside its national boundaries this volume introduces Russian culture in all its rich diversity including the historical conditions that helped shape it and the arts that express its highest achievements Newly

commissioned essays by leading scholars explore language religion geography ideological structures folk ethos and popular culture literature music theatre art and film A chronology and guides to further reading are also provided The Companion offers both historical orientation for the central processes of Russian culture and introductory surveys of the arts in their modern context Overall the volume reveals for students academic researchers and all those interested in Russia the dilemmas strengths and complexities of the Russian cultural experience

The American YMCA and Russian Culture
Matthew Lee Miller, 2012-12-14 In *The American YMCA and Russian Culture* Matthew Lee Miller explores the impact of the philanthropic activities of the Young Men s Christian Association YMCA on Russians during the late imperial and early Soviet periods The YMCA the largest American service organization initiated its intense engagement with Russians in 1900 During the First World War the Association organized assistance for prisoners of war and after the emigration of many Russians to central and western Europe founded the YMCA Press and supported the St Sergius Theological Academy in Paris Miller demonstrates that the YMCA contributed to the preservation expansion and enrichment of Eastern Orthodox Christianity It therefore played a major role in preserving an important part of pre revolutionary Russian culture in Western Europe during the Soviet period until the repatriation of this culture following the collapse of the USSR The research is based on the YMCA s archival records Moscow and Paris archives and memoirs of both Russian and American participants This is the first comprehensive discussion of an extraordinary period of interaction between American and Russian cultures It also presents a rare example of fruitful interconfessional cooperation by Protestant and Orthodox Christians

The City in Russian Culture
Pavel Lyssakov, Stephen Norris, 2018-04-19 Cities are constructed and organized by people and in turn become an important factor in the organization of human life They are sites of both social encounter and social division and provide for their inhabitants a sense of place This book explores the nature of Russian cities outlining the role played by various Russian cities over time It focuses on a range of cities including provincial cities considering both physical iconic created cities and also cities as represented in films fiction and other writing Overall the book provides a rich picture of the huge variety of Russian cities

Women and Russian Culture Rosalind Marsh, 1998-11-01 The image of women in Russian culture has undergone profound changes from the origins of modern Russian literature in the eighteenth century until the Revolution of 1917 when women were a source of fascination for Russian writers to the socialist realism period during which public discussion of the representation of women in literature rapidly declined and the woman question was declared to have been resolved to a reappraisal of the position of women since the 1980s This collection of essays by leading western and Russian specialists contains new insights and updates previous research into the role of women in Russian culture in the last two centuries and contributes to two exciting and growing research areas the feminist critique of work by Russian male authors and the study of Russian women writers Moreover whereas most previous studies have concentrated on the aesthetic qualities of works by women writers this collection includes both close textual analysis and the discussion of biographical historical and political

questions relating both to the representation of women and women's culture. The aim is not to present a unified manifesto but rather to bring together a spectrum of approaches and positions within their common focus on the relationship between women and culture in Russia. Contributors: R. Marsh, A. Barker, J. Andrew, D. Greene, I. Kazakova, C. Schuler, S. Graham, K. Hodgson, N. Kolchevska, N. Cornwell, J. Curtis, M. Katz, M. Ledkovsky, P. I. Barta, A. Darmodekhina, D. Gillespie, N. Zhuravkina, B. Lanin, S. Carsten, A. Tait.

Russian Culture in Modern Times Robert P. Hughes, Irina Paperno, 1994-01-01. The acceptance of Christianity in the tenth century is the most significant cultural event in the history of modern Russia. Ukraine and Byelorussia. Now Slavic specialists, theologians, historians, and literary scholars can turn to a collection that examines the majestic sweep of a thousand years of Slavic Christianity. This three-volume collection brings together essays from two international conferences. The present volume explores cultural history from the eighteenth to the twentieth centuries. Volume I, published in 1993, examines the history and influences of Christianization from the tenth to the seventeenth century, and Volume III will focus on the literature of the nineteenth and twentieth centuries.

Russian Culture At The Crossroads Dmitri N. Shalin, 2018-02-12. The reexamination of values that began during the USSR's last years continues today in the search for a new Russian culture, one rooted in the pre-Soviet past but dynamic and evolving. Multi-textual, polyphonic, and contradictory, the current Russian cultural discourse is richly reflected in these essays by a diverse group of authors from Russian and American academic and cultural circles. The chapters explore specific cultural domains, surveying Russian and Soviet beliefs and behaviors and highlighting the range of choices that Russians are facing at this critical juncture. During the waning years of Soviet power, glasnost laid bare the distress of people trapped in a system they despised but felt powerless to change. The reexamination of values that began then continues today in the search for a new Russian culture, one rooted in the pre-Soviet past but dynamic and evolving, enabling Russians to meet the challenges they face in the contemporary world. Multi-textual, polyphonic, and contradictory, the current Russian cultural discourse is richly reflected in these essays by a diverse group of authors from Russian and American academic and cultural circles. Each chapter focuses on a particular cultural domain, surveying the historical origins of Russian beliefs and behaviors, exploring their Soviet and post-Soviet permutations, and highlighting the range of choices that Russians are facing at this critical juncture. The decisions they make will shape their society and culture for generations to come. Illuminating the universal significance of the Soviet experience, this volume raises provocative questions about the social, political, and economic sources of cultural change.

Russian Culture George Kalbouss, 1998.

The Decembrist Myth in Russian Culture L. Trigos, 2009-12-21. This book is the first interdisciplinary treatment of the cultural significance of the Decembrists' mythic image in Russian literature, history, film, and opera, in a survey of its deployment as cultural trope since the original 1825 rebellion and through the present day.

Joseph Brodsky and Modern Russian Culture, 2024-09-23. This volume is a major contribution to the study of the life, work, and standing of Joseph Brodsky, 1987 Nobel Prize Laureate and the best-known Russian poet of the second half of the

twentieth century This is the most significant book devoted to him in the last 25 years and features work by many of the leading experts on him both in Russia and the West Every one of the chapters makes a real contribution to different aspects of Brodsky the growth of interest in his work his world view and political position and the unique aspects of his poetics Taken together the sixteen chapters offer a rounded interpretation of his significance for Russian culture today Science in Russian Culture, 1861-1917 Alexander Vucinich,1970 A Stanford University Press classic *Russian Culture and Theatrical Performance in America, 1891-1933* V. Hohman,2011-08-29 Examining the work of impresarios financiers and the press as well as the artists themselves Hohman demonstrates how a variety of Russian theatrical styles were introduced and incorporated into American theatre and dance during the beginning of the twentieth century *Jewishness in Russian Culture* Leonid Katsis,Helen Tolstoy,2013-10-24 Jewishness in Russian Culture is devoted to new approaches and methods for the study of Jewish acculturation in Russian literature and its effects It attempts to redefine criteria and borders of a discipline situated roughly between Judaica Rossica and Rossica Judaica The monograph describes a series of important literary Russian Jewish cultural events and figures belonging synchronically or diachronically to both disciplines Thus it unites within a new conceptual framework the data accumulated by scholars and disciplines that exist separately in different research spaces that do not overlap Jewish Studies and the history of Russian culture The emerging picture shows the development of a historical plot along the axis of acculturation and anti Semitism accepting and or trying to be accepted being rejected and or rejecting and being within or without *Literary Tradition and Practice in Russian Culture* ,2023-12-04 The BRILL series Studies in Slavic Literature and Poetics occupies a unique place in the academic and intellectual book market due to its emphasis on theoretically informed and interdisciplinary approaches to the study of Slavic literatures and cultures The series welcomes book proposals for monographs or edited volumes discussing questions of Slavic culture identity and history as expressed in literature film and other forms of cultural production Authors are cordially invited to submit proposals and or full manuscripts to the publisher at BRILL Masja Horn
