The Russian Ecclesiastical Mission in Peking During the Eighteenth Century Eric D. Widmer, Bic Widmer, 1976 [The Russian General Staff and Asia, 1860-1917](#) Alex Marshall, 2006-11-22 This new book examines the role of the Tsarist General Staff in studying and administering Russia's Asian borderlands. It considers the nature of the Imperial Russian state, the institutional characteristics of the General Staff and Russia's relationship with Asia. During the nineteenth century, Russia was an important player in the so-called Great Game in central Asia. Between 1800 and 1917, officers of the Russian General Staff travelled extensively through Turkey, central Asia and the Far East, gathering intelligence that assisted in the formation of future war plans. It goes on to consider tactics of imperial expansion and the role of military intelligence and war planning with respect to important regions including the Caucasus, central Asia and the Far East. In the light of detailed archival research, it investigates objectively questions such as the possibility of Russia seizing the Bosphorus Straits and the probability of an expedition to India. Overall, this book provides a comprehensive account of the Russian General Staff, its role in Asia and of Russian military planning with respect to a region that remains highly strategically significant today.

History of Humanity: From the sixteenth to the eighteenth century Peter Burke, Sigfried J. de Laet, 1994 The fifth volume of this series examines historical events and cultural, social and political structures which were introduced between the 16th and 18th centuries. **China and Japan in the Russian Imagination, 1685-1922** Susanna Soojung Lim, 2013-03-05 Throughout the centuries, as Russia strove to build itself into an imperial power equal to those in the West, China and Japan came to occupy a special place in the Russian view of the Orient. Never colonised by Russia or the West, China and Japan were linked not only to the greatest of Russian imperial fantasies but also conversely to a deep sense of insecurity regarding Russia's place in the world, a sense of insecurity which deepened as China and Japan began to modernise in the later nineteenth century. Drawing on a wide range of works by Russian writers and thinkers, Lim sets out how Russian perceptions of China and Japan were formed from Muscovy's first contacts with China in the late seventeenth century through to the aftermath of Russia's defeat by Japan in the early twentieth century. **Ferdinand Verbiest, S.J.**

(1623-1688) and the Chinese Heaven Noël Golvers, Ferdinand Verbiest, 2003 This book describes more than 220 copies of various astronomical publications by the missionary Ferdinand Verbiest S J 1623 1688 sent from Peking **The Sino-Japanese War of 1894-1895** S. C. M. Paine, 2003 Table of contents *The Russian Orthodox Community in Hong Kong* Loretta E. Kim, Chengyi Zhou, 2021-08-23 Hong Kong has been a unique society from its establishment as a political region separate from mainland China in the nineteenth century under British colonial rule until the present day as a special administrative region of the People's Republic of China A hub of interregional and international migration it has been the temporary and long term home of people belonging to many racial ethnic and cultural groups This book examines the evolution of the community established by clergy and congregants of the Russian Orthodox Church This community was first developed in the 1930s and then revived after a hiatus of over two decades from the 1970s to the 1990s with the founding of the Orthodox Parish of Apostles Saints Peter and Paul OPASPP at the turn of the twenty first century This study demonstrates how the OPASPP has become a vital provider of knowledge about Russian language and culture as well as a religious institution serving both heritage and convert believers The community formed by and around the OPASPP is important to foster Sino Russian relations based on individual to individual contact and mutual exposure to Chinese and Russian cultures in a region of China which allows spiritual and social diversity with minimal political constraints

Imperial Rivals Sarah C.M. Paine, 2023-05-31 Based on archival research this is a history of the Russo Chinese border which examines Russia's expansion into the Asian heartland during the decades of Chinese decline and the 20th century paradox of Russia's inability to sustain political and economic sway over its domains *Spies and Scholars* Gregory Afinogenov, 2020-04-14 A Financial Times Best Book of the Year The untold story of how Russian espionage in imperial China shaped the emergence of the Russian Empire as a global power From the seventeenth to the nineteenth century the Russian Empire made concerted efforts to collect information about China It bribed Chinese porcelain makers to give up trade secrets sent Buddhist monks to Mongolia on intelligence gathering missions and trained students at its Orthodox mission in Beijing to spy on their hosts From diplomatic offices to guard posts on the Chinese frontier Russians were producing knowledge everywhere not only at elite institutions like the Academy of Sciences in St Petersburg But that information was secret not destined for wide circulation Gregory Afinogenov distinguishes between the kinds of knowledge Russia sought over the years and argues that they changed with the shifting aims of the state and its perceived place in the world In the seventeenth century Russian bureaucrats were focused on China and the forbidding Siberian frontier They relied more on spies including Jesuit scholars stationed in China In the early nineteenth century the geopolitical challenge shifted to Europe rivalry with Britain drove the Russians to stake their prestige on public facing intellectual work and knowledge of the East was embedded in the academy None of these institutional configurations was especially effective in delivering strategic or commercial advantages But various knowledge regimes did have their consequences Knowledge filtered through Russian espionage and

publication found its way to Europe informing the encounter between China and Western empires Based on extensive archival research in Russia and beyond Spies and Scholars breaks down long accepted assumptions about the connection between knowledge regimes and imperial power and excavates an intellectual legacy largely neglected by historians

Beijing's Power and China's Borders Bruce Elleman, Stephen Kotkin, Clive Schofield, 2015-05-18 China shares borders with 20 other countries Each of these neighbors has its own national interests and in some cases these include territorial and maritime jurisdictional claims in places that China also claims Most of these 20 countries have had a history of border conflicts with China some of them never amicably settled This book brings together some of the foremost historians geographers political scientists and legal scholars on modern Asia to examine each of China's twenty land or sea borders

The Home Base of American China Missions, 1880-1920 Valentin Rabe, 2020-03-17 During the closing decades of the nineteenth century approximately two dozen Protestant mission societies which since 1812 had been sending Americans abroad to evangelize non Christians coordinated their enterprise and expanded their operations with unprecedented urgency and efficiency Ambitious innovations characterized the work in traditional and new foreign mission fields but the most radical changes occurred in the institutionalization of what contemporaries referred to as the home base of the mission movement Valentin Rabe focuses on the recruitment of personnel fundraising administration promotional propaganda and other logistical problems faced by the agencies in the United States When generalizations concerning the American base require demonstration or references to the field of operations China the country in which American missionaries applied the greatest proportion of the movement's resources by the 1920s is used as the primary illustration **Red at Heart** Elizabeth

Society in Late Imperial China, 1600-1900 Benjamin A. Elman, Alexander Woodside, 2023-11-15 This comprehensive volume integrates the history of late imperial China with the history of education over three centuries revealing the significance of education in Chinese social political and intellectual life A collaboration between social and intellectual historians these fifteen essays provide the most wide ranging study in English on China's education in the centuries before the modern revolution This comprehensive volume integrates the history of late imperial China with the history of education over three centuries revealing the significance of education in Chinese social political and intellectual life A collaboration between social and int *Mirrorlands* Ed Pulford, 2019-08-01 Mirrorlands is a journey through space and time to the meeting points of Russia and China the world's largest and most populous countries Charting an unconventional course southeast through Siberia Inner Mongolia the Russian Far East and Manchuria anthropologist and linguist Ed Pulford sketches a rich series of encounters with people and places unknown not only to outsiders but also to most residents of the capital cities where his journey begins and ends What Russia and China have in common goes much deeper than their status

as authoritarian post socialist states or perceived menaces to Western hegemony Their shared history can only fully be appreciated from an intimately local borderland perspective Along remote roads rivers and railways in cosmopolitan cities and indigenous villages of the northeast Asian frontiers Pulford maps the strikingly similar ways in which these two vast empires have ruled their Eurasian domains before during and after socialism With great cultural nuance *Mirrorlands* thoughtfully evokes the diverse daily interactions between residents of the Russia China borderlands and their resulting visions of Europe and Asia It is a vivid portrait of centuries of cross border encounter mimicry and conflict key to understanding the global place and identity of two leading world powers [Russian Poetry and Literary Life in Harbin and Shanghai 1930-1950](#) ,2024-09-16

Christianity in China Xiaoxin Wu,2015-07-17 Now revised and updated to incorporate numerous new materials this is the major source for researching American Christian activity in China especially that of missions and missionaries It provides a thorough introduction and guide to primary and secondary sources on Christian enterprises and individuals in China that are preserved in hundreds of libraries archives historical societies headquarters of religious orders and other repositories in the United States It includes data from the beginnings of Christianity in China in the early eighth century through 1952 when American missionary activity in China virtually ceased For this new edition the institutional base has shifted from the Princeton Theological Seminary Protestant to the Ricci Institute for Chinese Western Cultural Relations at the University of San Francisco Jesuit reflecting the ecumenical nature of this monumental undertaking

The Sichuan Frontier and Tibet Yingcong Dai,2011-07-01 During China s last dynasty the Qing 1644 1911 the empire s remote bleak and politically insignificant Southwest rose to become a strategically vital area This study of the imperial government s handling of the southwestern frontier illuminates issues of considerable importance in Chinese history and foreign relations Sichuan s rise as a key strategic area in relation to the complicated struggle between the Zunghar Mongols and China over Tibet Sichuan s neighbor to the west and consequent developments in governance and taxation of the area Through analysis of government documents gazetteers and private accounts Yingcong Dai explores the intersections of political and social history arguing that imperial strategy toward the southwestern frontier was pivotal in changing Sichuan s socioeconomic landscape Government policies resulted in light taxation immigration into Sichuan and a military market for local products thus altering Sichuan but ironically contributing toward the eventual demise of the Qing Dai s detailed objective analysis of China s historical relationship with Tibet will be useful for readers seeking to understand debates concerning Tibet s sovereignty Tibetan theocratic government and the political dimension of the system of incarnate Tibetan lamas of which the Dalai Lama is one

Science In China, 1600-1900: Essays By Benjamin A Elman Benjamin A Elman,2015-05-07 Distinguished historian Benjamin A Elman s collective volume on the history of science in imperial China brings together over 30 years of historical literature on the subject With updates to the literature and new material including transcripts of podcasts and translated interview articles *Science in China* takes the reader on a journey starting in the early

17th century with the missionary efforts of the Jesuits in China and ending with the Protestant missions in the 19th century. These two milestone encounters brought Western sciences to local Chinese scholars with great success in shaping modern Chinese science. Elman studies the interaction between Western and Chinese sciences through philological research and evidence and treats the two encounters not as separate events but as a continuum of creative exchange of scientific knowledge and discourse.

Ancient Beijing and Western Civilization Zhesheng Ouyang, 2024-10-29. This book explores the historical interactions between Beijing and the West before the Opium War. It focuses on the experiences of Western travellers, missionaries, and envoys who visited Beijing during the Yuan, Ming, and Qing dynasties. As the capital of Imperial China since the Yuan dynasty, Beijing has been central to communication between China and the West. The study uses first-hand historical materials such as travelogues, memoirs, letters, Ming and Qing archives, and scholarly works from both the West and China. It examines their journeys to Beijing, their lives in the city, and their interactions with imperial officials and ordinary people. The book reconstructs Western perceptions of Beijing and their observations of its architecture, customs, geography, and China's history, culture, and political system. It also addresses important historical issues in Sino-Western relations, including the controversy over Chinese rites between Beijing and the Vatican, attempts to trade with Beijing, sinological studies, and intelligence gathering. The insights gained greatly enhance our understanding of the history of cultural exchange between China and the West. The book will appeal to a wide readership interested in the history of the Yuan, Ming, and Qing dynasties, the history of Beijing, Sino-Western relations, and international Sinology.
