fluid furnishes a sure ticket to amiable paralysis of the lower limbs China and Japan have for centuries had their rice wine and saki The Russian made his vodka from cereals the blond Saxon his honey mead the Hawaiian his okolehao from roots or fruits We've been often to the Holy Land and have flown across to Transjordan and the rose red city of Petra and can bear witness that those grapes Moses the Lawgiver found in the Promised Land weren't all of a type suitable for raisins To any reasonable mind this past and present testimony of mankind through the ages would indicate that some sort of fluid routine will continue for many centuries to come With adventurers like Marco Polo Columbus Tavernier and Magellan there was a vast national introduction and interchange of beverages For better or worse both conquistador and native sampled discarded or adapted an incredible addition of liquid blends and formulae Through rigour or amiability of climate through physical racial and psychological characteristics of the individuals themselves from the cocoon of this pristine field work there emerged an equally incredible list of drinks mixed or otherwise which for one reason or another have stood the test of time and taste and gradually have become set in form They have become traditional accepted in ethical social intercourse And it is with the more civilized family of these that we are concerned in this volume not the pulques and warm mealie beer or fermented Thibetan yak milk      *The Gentleman's Magazine and Historical Chronicle* ,1822      **The American**
