## **Russian Radicals Look To America 1825 1894:**

Russian Radicals Look to America, 1825-1894 David Hecht, 1947      **Russian Radicals Look to America 1825-1894** Dieter Hecht, 1947      Revisiting Russian Radicals Andrew M. Drozd, Brendan G. Mooney, 2024-12-13 Revisiting Russian Radicals is a collection of ten articles that seeks to promote a revisitation of the Russian Radicals who have been somewhat unjustly forgotten in the aftermath of the fall of the Soviet Union Rather than viewing the radicals through the lens of the 1917 October Revolution the authors seek to analyze them on their own terms and explore new aspects of their legacy The chapters provide a fresh look at some well known radicals like Chernyshevsky Dobrolyubov and Pisarev as well as examinations of lesser known figures and offer an interdisciplinary approach to their investigations combining historical and literary analysis A lengthy introduction is included for those who are non Slavists and for the newer generation of Slavists who may not be as familiar with these figures      **America Through Russian Eyes, 1874-1926** Olga Peters Hasty, Susanne Fusso, Susanne Grace Fusso, 1988-01-01 Gathers travel accounts by Russian writers visiting the U S around the turn of the century and offers background information on each other      **Russian Radicals Look to America 1825-1894. Reprinted** David Hecht, 1966      *Historical Dictionary of United States-Russian/Soviet Relations* Norman E. Saul, 2008-11-18 For more than 200 years the United States and Russia have shared a multi faceted relationship Because of the rise of power the two countries enjoyed in the late 19th and through the 20th century Russian American relations have dominated much of recent world history Prior to World War II the two countries had relatively friendly contacts in culture commerce and diplomacy however as they contested for supremacy during the Cold War relations turned hostile and competitive With the apparent end of the Cold War with the collapse of the Soviet Union and of communism in 1991 the relationship continues to evolve and the future looks uncertain but promising The Historical Dictionary of United States Russian Soviet Relations identifies the key issues individuals and events in the history of U S Russian Soviet relations and places them in the context of the complex and dynamic regional strategic political and economic processes that have fashioned the American relationship with Russia This is done through a chronology a bibliography an introductory essay and several hundred cross referenced dictionary entries on key persons places events institutions and organizations      The World That Never Was Alex Butterworth, 2010-06-15 A thrilling history of the rise of anarchism told through the stories of a number of prominent revolutionaries and the agents of the secret police who pursued them In the late nineteenth century nations the world over were mired in economic recession and beset by social unrest their leaders increasingly threatened by acts of terrorism and assassination from anarchist extremists In this riveting history of that tumultuous period Alex Butterworth follows the rise of these revolutionaries from the failed Paris Commune of 1871 to the 1905 Russian Revolution and beyond Through the interwoven stories of several key anarchists and the secret police who tracked and manipulated them Butterworth explores how the anarchists were led to increasingly desperate acts of terrorism and murder Rich in anecdote and with a fascinating

array of supporting characters *The World That Never Was* is a masterly exploration of the strange twists and turns of history taking readers on a journey that spans five continents from the capitals of Europe to a South Pacific penal colony to the heartland of America It tells the story of a generation that saw its utopian dreams crumble into dangerous desperation and offers a revelatory portrait of an era with uncanny echoes of our own

[The Europecentric Historiography of Russia](#) Elizabeth Beyerly,2018-12-03 No detailed description available for *The Europecentric Historiography of Russia*

['Russian Americans' in Soviet Film](#) Marina L. Levitina,2015-09-29 Certain aspects of American popular culture had a formative influence on early Soviet identity and aspirations Traditionally Soviet Russia and the United States between the 1920s and the 1940s are regarded as polar opposites on nearly every front Yet American films and translated adventure fiction were warmly received in 1920s Russia and partly shaped ideals of the New Soviet Person into the 1940s Cinema was crucial in propagating this new social hero While open admiration of American film stars and heroes of literary fiction in the Soviet press was restricted from the late 1920s onwards many positive heroes of Soviet Socialist Realist films in the 1930s and 1940s were partially a product of Soviet Americanism of the previous decade Some of the new Soviet heroes in films of the 1930s and 1940s possessed traits noticeably evocative of the previously popular American film stars such as Douglas Fairbanks Pearl White and Mary Pickford Others cinematically represented the contemporary trope of the Russian American an ideal worker exemplifying the Stalinist marriage of Russian revolutionary sweep with American efficiency *Russian Americans in Soviet Film* analyses the content reception and underlying influences of over 60 Soviet and American films the book explores new territory in Soviet cinema and Soviet American cultural relations It presents groundbreaking archival research encompassing Soviet audience surveys Soviet film journals and reviews memoirs and articles by Soviet filmmakers and scripts among other sources The book reveals that values of optimism technological skill efficiency and self reliance perceived as quintessentially American were incorporated into new Soviet ideals through channels of cross cultural dissemination resulting in cultural synthesis

**Pillars of the Profession** Jonathan Daly,2018-09-24 Richard Pipes and Marc Raeff were two of the most prolific and influential historians of Russia that America ever produced They met at Harvard in 1946 and went on for most of the following six decades to debate history share ideas comment on each other s work and inspire one another intellectually In *Pillars of the Profession The Correspondence of Richard Pipes and Marc Raeff* Jonathan Daly presents the 158 letters these scholars and friends exchanged from 1948 until 2007 Thoughtful introductory and concluding essays detailed annotations a wealth of photographs and other illustrations a chronology of major events and four maps make this volume an important addition to Russian historiography

**The A to Z of Utopianism** James M. Morris,Andrea L Kross,2009-06-22 This reference contains more than 600 cross referenced dictionary entries on utopian thought and experimentation that span the centuries from ancient times to the present The text not only covers utopian communities worldwide but also its ideas from the well known such as those expounded in Thomas More s *Utopia* and the

ideas of philosophers and reformers from ancient times the Middle Ages the Renaissance the Enlightenment and from notable 20th century figures Included are the descriptions of utopian experiments attempted in the United States like those of the Shakers Oneida Robert Owen and the Fourierists and elsewhere throughout the world from Europe to Australia Latin America and the Far East Major utopian literary works and their literary counterparts and dystopian novels are also profiled because these have fueled the fires of time honored arguments about the feasibility of creating a perfect society From the early theoreticians and thinkers who proposed republican democratic and authoritarian innovations to those who sought equality of classes races and genders to those who insisted on hierarchy under a supreme leader or god and to those who had more practical economic social and ethical plans this reference enables the reader to explore the Western mind's desire to improve the world and the lives of the people within it as utopianism has persisted over the centuries [A History of Russia](#) George Vernadsky, 1969-01-01 Scholarly intellectually stimulating and readable It is not only a very good guide through the record of Russian development but it makes one go deeper by the way it raises interesting questions Frederick C Barghoorn Generally recognized as the standard one volume history of Russia this monumental work describes Russia's growth from the times of the nomadic tribes to the Cold War and examines the social religious and cultural as well as the political and economic aspects of Russian civilization Professor Vernadsky reviews the origins of the Russian state Kievan Russia the Mongol period the tsardom of Moscow in the sixteenth and seventeenth centuries and the Russian empire from Peter the Great to Nicholas II The last third of the book discusses the revolution of 1917 and the emergence of the Soviet Union as a world power **George Kennan and the American-Russian Relationship, 1865-1924** Frederick F. Travis, 1990 George Kennan's career as a specialist on Russian affairs began in 1865 with his first journey to the Russian empire A twenty year old telegraphic engineer at the time he was a member of the Russian American Telegraph Expedition a now virtually unknown but nevertheless remarkable nineteenth century adventure story That bold undertaking would have established telegraph service between the United States and Russia by submarine cable across the Bering Strait an event unfortunately upstaged by the successful laying of the Atlantic Cable Its directors subsequently abandoned the project But for Kennan the impact of the endeavor proved both formative and lasting his work in northeastern Siberia as a member of the expedition had so piqued his interest in Russia that over half a century later it still was not slaked By the time of his death in 1924 his various investigations of Russian subjects had resulted in numerous publications and lectures that had established his reputation as the leading American expert on Russia of his era The major concern of Frederick F Travis's book is the role of George Kennan in shaping American Russian relations in the important half century before the Russian Revolution and its immediate aftermath This study first establishes that Kennan began his career as an ardent Russophile then carefully traces his shift to hostility following his investigation of the Siberian exile system in 1885-86 and explains in some detail his subsequent influence on public opinion Kennan's later work revealed a Russia of almost unrelieved political and economic

distress in the tsarist empire and of a noble almost hopelessly outnumbered and outgunned opposition contributing significantly to the unpreparedness with which America faced the Revolution of 1917 Kennan's analysis of the October Revolution and its immediate aftermath served only to harden American attitudes toward the presumed evils of Bolshevism The picture of George Kennan that emerges from this study is the fullest to appear in any language according to him a standing in the history of American Russian relations unequaled by any official participant

**The Old World's New World** C. Vann Woodward Sterling Professor of History Yale University (Emeritus), 1992-01-02 No history of the European imagination and no understanding of America's meaning would be complete without a record of the ideas fantasies and misconceptions the Old World has formed about the New Europe's fascination with America forms a contradictory pattern of hopes and fears dreams and nightmares yearnings and forebodings America and Americans according to one of their more indulgent European critics have long been considered a fairlyland of happy lunatics and lovable monsters In The Old World's New World award winning historian C Vann Woodward has written a brilliant study of how Europeans have seen and discussed America over the last two centuries Woodward shows how the character and the image of America in European writings often depended more upon Old World politics and ideology than upon New World realities America has been seen both as human happiness resulting from the elimination of monarchy aristocracy and priesthood and as social chaos and human misery caused by their removal It was proof that democracy was the best form of government or that mankind was incapable of self government America was regularly used both as an inspiration for revolutionaries and as a stern warning against radicals of all kinds Americans have been seen as uniformly materialistic hot in pursuit of dollars Such unity of purpose wrote Mrs Trollope can I believe be found nowhere else except perhaps in an ants nest And they have been admired for their industry one young Russian Communist visited New York in 1925 and wrote that America is where the future at least in terms of industrialization is being realized Decade after decade America has been hailed for its youth and lambasted for its immaturity It has been looked to as a model of liberty and attacked for maintaining the tyranny of the majority But always it has been a metaphor for the possibilities of human society possibilities both bright and foreboding After a year of heady talk of a New World Order of American victory in the Cold War of a new American Century The Old World's New World provides a thoughtful and sobering perspective on how America has been seen in centuries past C Vann Woodward is one of America's foremost living historians His books have won every major history award including the Pulitzer Bancroft and Parkman prizes and he has served as president of the American Historical Association as well as the Organization of American Historians and the Southern Historical Association With this new book he further enhances his reputation while making his vast learning accessible to a general audience

**Socialism and American Life, Volume II** Donald Drew Egbert, Stow Persons, 2015-12-08 Easily the most comprehensive and useful work on American socialism including its history theories and impact on life culture and economic and political parties in the United States Volume 2 bibliography is as important a

contribution as the essays Hereafter students of practically all phases of American life will turn to it for help and guidance U S Quarterly Book Review Originally published in 1952 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **East-West Passage**

Dorothy Brewster,2021-07-28 First published in 1954 East West Passage is a detailed study of the literary relationship between Russia and the West Divided into two parts the book focuses both on specific literary connections as well as on broader social and political considerations It traces the gradual increase in awareness of Russian literature in England and the United States through the nineteenth and twentieth centuries and considers the material that emerged in response such as doctoral dissertations and critical essays The volume highlights changes in literary tastes over the years and explores in detail Russia s influence on the West East West Passage is ideal for those with an interest in the history of literature as well as social and cultural history Guide to Reprints Albert James Diaz,1973 **Selected Letters of Norman Mailer**

Norman Mailer,2014-12-02 A genuine literary event an illuminating collection of correspondence from one of the most acclaimed American writers of all time Over the course of a nearly sixty year career Norman Mailer wrote more than 30 novels essay collections and nonfiction books Yet nowhere was he more prolific or more exposed than in his letters All told Mailer crafted more than 45 000 pieces of correspondence approximately 20 million words many of them deeply personal keeping a copy of almost every one Now the best of these are published most for the first time in one remarkable volume that spans seven decades and it seems several lifetimes Together they form a stunning autobiographical portrait of one of the most original provocative and outspoken public intellectuals of the twentieth century Compiled by Mailer s authorized biographer J Michael Lennon and organized by decade Selected Letters of Norman Mailer features the most fascinating of Mailer s missives from 1940 to 2007 letters to his family and friends to fans and fellow writers including Truman Capote James Baldwin and Philip Roth to political figures from Henry Kissinger to Bill and Hillary Clinton and to such cultural icons as John Lennon Marlon Brando and even Monica Lewinsky Here is Mailer the precocious Harvard undergraduate writing home to his parents for the first time and worrying that his acceptances by literary magazines were all happening too easy Here too is Mailer the soldier confronting the violence of war in the Pacific which would become the subject of his masterly debut novel The Naked and the Dead I m amazed how casually it fits into daily life how very unhorrible it all is Mailer the international celebrity pledges to William Styron I m going to write every day and like Lot s Wife I m consigning myself to a pillar of salt if I dare to look back while the 1980s Mailer agonizes over the fallout from his ill fated friendship with Jack Henry Abbott the murderer who became his literary prot g The continuation of our relationship was depressing for both of us

he confesses to Joyce Carol Oates At last he finds domestic and erotic bliss in the arms of his sixth wife Norris Church We bounce into each other like sunlight Whether he is reflecting on the Kennedy assassination assessing the merits of authors from Fitzgerald to Proust or threatening to pummel William Styron the brilliant pugnacious Norman Mailer comes alive again in these letters The myriad faces of this artist and activist lover and fighter public figure and private man are laid bare in this collection as never before Praise for Selected Letters of Norman Mailer Extraordinary Vanity Fair As massive as the life they document the autobiography Mailer never wrote a kind of map from the hills and rice paddies of the Philippines through every victory and defeat for the rest of the century and beyond Esquire The shards and winks at Mailer's own past that are scattered throughout the letters are so tantalizing They glitter throughout like unrefined jewels that Mailer took to the grave The New Yorker Indispensable a subtle document of an unsubtle man's wit and erudition even or especially when it's wielded as a weapon New York Umpteen pleasures to pluck out and roll between your teeth like seeds from a pomegranate The New York Times

**American Constitutionalism Heard Round the World, 1776-1989** George Athan Billias, 2011-12 Winner of the 2010 Book Award from the New England Historical Association American constitutionalism represents this country's greatest gift to human freedom yet its story remains largely untold For over two hundred years its ideals ideas and institutions influenced different peoples in different lands at different times American constitutionalism and the revolutionary republican documents on which it is based affected countless countries by helping them develop their own constitutional democracies Western constitutionalism of which America was a part along with Britain and France reached a major turning point in global history in 1989 when the forces of democracy exceeded the forces of autocracy for the first time Historian George Athan Billias traces the spread of American constitutionalism from Europe Latin America and the Caribbean region to Asia and Africa beginning chronologically with the American Revolution and the fateful shot heard round the world and ending with the conclusion of the Cold War in 1989 The American model contributed significantly by spearheading the drive to greater democracy throughout the Western world and Billias's landmark study tells a story that will change the way readers view the important role American constitutionalism played during this era

**The Invention of Terrorism in Europe, Russia, and the United States** Carola Dietze, 2021-07-20 This book examines key cases of terrorist violence to show that the invention of terrorism was linked to the birth of modernity in Europe Russia and the United States rather than to Tsarist despotism in 19th century Russia or to Islam sects in Medieval Persia Combining a highly readable historical narrative with analysis of larger issues in social and political history the author argues that the dissemination of news about terrorist violence was at the core of a strategy that aimed for political impact on rulers as well as the general public Dietze's lucid account also reveals how the spread of knowledge about terrorist acts was from the outset a transatlantic process Two incidents form the book's centerpiece The first is the failed attempt to assassinate French Emperor Napoleon III by Felice Orsini in 1858 in an act intended to achieve Italian unity and democracy The second case study offers a new reading of John

Brown's raid on the arsenal at Harpers Ferry in 1859 as a decisive moment in the abolitionist struggle and occurrences leading to the American Civil War Three further examples from Germany Russia and the US are scrutinized to trace the development of the tactic by first imitators With their acts of violence the invention of terrorism was completed Terrorism has existed as a tactic since then and has essentially only been adapted through the use of new technologies and methods

## Unveiling the Magic of Words: A Review of "**Russian Radicals Look To America 1825 1894**"

In some sort of defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their ability to kindle emotions, provoke contemplation, and ignite transformative change is truly awe-inspiring. Enter the realm of "**Russian Radicals Look To America 1825 1894**," a mesmerizing literary masterpiece penned with a distinguished author, guiding readers on a profound journey to unravel the secrets and potential hidden within every word. In this critique, we shall delve in to the book is central themes, examine its distinctive writing style, and assess its profound impact on the souls of its readers.
