*A Russian-English Social Science Dictionary* R. E. F. Smith, 1990 The aim of this dictionary is to provide an aid to the translation of Russian social science texts into English and a guide to the significance of words used in technical or special senses within this field for social scientists historians the business community and government officials Since the original publication of this reference work in 1962 and especially over the past decade the vocabulary of Soviet life has changed dramatically reflecting the marked changes in Soviet society The new material incorporated into this second edition a result of a thorough scanning of the Soviet press and recent books in sociology politics economics law accounting public administration welfare and education addresses not only additional terminology but modification of meanings R E F Smith also takes into account the increasingly Western influence on Soviet vocabulary from the advent of words such as hippie to the Western flavor of the language of planners and politicians **The Translator's Handbook** Morry Sofer, 2006 Since 1997 this translator's guide has been the worldwide leader in its field and has elicited high praise from some of the world's best translators It has been fully updated in the 2006 edition **A Russian-English social science dictionary**, 1962

Corten, 1992 Irina H Corten's *Vocabulary of Soviet Society and Culture* is an experiment in what Soviet scholars call *lingvostranovedenie* the study of a country and its culture through the peculiarities of its language Not a conventional dictionary Corten's lexicon is selective offering a broad sampling of culturally significant words in the areas of politics ideology the economy education arts and letters social

problems and everyday life as well as language associated with the personalities and activities of individual Soviet leaders. The entries are listed alphabetically in English transliteration followed by the Cyrillic although readers familiar with Russian may prefer to use the Cyrillic alphabet listing included in this volume. In each entry the author provides a succinct but full explanation of the term and whenever possible cross references to other entries, authentic examples of its use and samples of relevant Soviet jokes. A reader may approach the lexicon either sequentially or with the aid of a subject thesaurus that divides the material into specific topics. A listing of complementary sources of reference appears in a useful bibliography. With this fascinating lexicon of Sovietisms, Corten provides an invaluable and easily accessible medium for those general readers and scholars of the Russian language and Soviet culture interested in understanding contemporary Soviet life. Selected entries from the *Vocabulary of Soviet Society and Culture* (Anekdoty) (Russian spelling: анекдоты) 1. A person who tells jokes (anekdoty) 2. coll. since the late Stalin era a person arrested and given a prison sentence for the telling of political jokes. The phenomenon indicates the important role of the political joke in Soviet culture and specifically in the dissident movement. See *Iazychniki* (dissident). The following jokes were popular during the Brezhnev era: 1. Comrade Brezhnev, what is your hobby? Collecting jokes about myself. And how many have you collected so far? Two and a half labor camps. 2. Question: What is a marked-down joke? Answer: A joke which under Stalin got you ten years in a labor camp and now gets you only five. *Ego stiki* (Russian spelling: эго стик) (lit. little egotists) coll. since the 1970s referring to headsets worn by music lovers, especially teenage fans of rock music. The idea is that by wearing headsets one shuts out the world and becomes indifferent to everything except oneself. *Zhrat* (Russian spelling: жрать) (lit. to gorge, devour) (vulg.) coll. since the 1970s denoting an eating establishment with inexpensive and often bad-tasting food. In the late 1980s the term also has been applied to new fast-food restaurants which have been built in Soviet cities by Western concerns, for example McDonald's. See *Amerikanka*, *stekliashka*, *stoiachka*. **International**
