Russian Historiography A History:

Russian Historiography George Vernadsky, 1978 **Historiography of Imperial Russia: The Profession and Writing of History in a Multinational State** Thomas Sanders, 2015-02-12 This collection of the best new and recent work on historical consciousness and practice in late Imperial Russia assembles the building blocks for a fundamental reconceptualization of Russian history and history writing Writing History in Twentieth-Century Russia A. Litvin, 2001-10-10 In this fascinating book Alter Litvin tells us what life was really like for professional Soviet historians from Lenin to Gorbachev and assesses the efforts made since 1991 to create a more truthful picture of the turbulent Russian past Passionate yet fair minded this is the first account of the subject to appear in English Designed primarily for the general reader it contains much fresh material of specialist interest and an ample up to date bibliography *Russian Historiography Outside Russia* I. I. Gapanovich, 1935 *Writing History in the Soviet Union* Arup Banerji, 2008 The history of the Soviet Union has been charted in several studies over the decades These depictions while combining accuracy elegance readability and imaginativeness have failed to draw attention to the political and academic environment within which these histories were composed Writing History in the Soviet Union Making the Past Work is aimed at understanding this environment The book seeks to identify the significant hallmarks of the production of Soviet history by Soviet as well as Western historians It traces how the Russian Revolution of 1917 triggered a shift in official policy towards historians and the publication of history textbooks for schools In 1985 the Soviet past was again summoned for polemical revision as part and parcel of an attitude of openness glasnost and in this literary figures joined their energies to those of historians The Communist regime sought to equate the history of the country with that of the Communist Party itself in 1938 and 1962 and this imposed a blanket of conformity on history writing in the Soviet Union The book also surveys the rich abundance of writing the Russian Revolution generated as well as the divergent approaches to the history of the period The conditions for research in Soviet archives are described as an aspect of official monitoring of history writing Another instance of this is the manner by which history textbooks have through the years been withdrawn from schools and others officially nursed into circulation This intervention occasioned in the present circumstance by statements by President Putin himself in the manner in which history is taught in Russian schools continues to this day In other words over the years the regime has always worked to make the past work Please note Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh Sri Lanka
