Contemporary Literary Critics NA NA,2015-12-25 A reference guide to the work of 115 modern British and American critics **The New Cambridge Bibliography of English Literature: Volume 4, 1900-1950** George Watson,I. R. Willison,1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries [Rosa Newmarch and Russian Music in Late Nineteenth and Early Twentieth-Century England](#) Philip Ross Bullock,2017-07-05 Philip Ross Bullock looks at the life and works of Rosa Newmarch 1857 1940 the leading authority on Russian music and culture in late nineteenth and early twentieth century England Although Newmarch s work and influence are often acknowledged most particularly by scholars of English poetry and of the role of women in English music the full range of her ideas and activities has yet to be studied As an inveterate traveller prolific author and polyglot friend of some of Europe s leading musicians such as Elgar Sibelius and Jan k Newmarch deserves to be better appreciated On the basis of both published and archival materials the details of Newmarch s busy life are traced in an opening chapter followed by an overview of English interest in Russian

culture around the turn of the century a period which saw a long standing Russophobia largely political and military challenged by a more passionate and well informed interest in the arts Three chapters then deal with the features that characterize Newmarch's engagement with Russian culture and society and more significantly perhaps which she also championed in her native England nationalism the role of the intelligentsia and feminism In each case Newmarch's interest in Russia was no mere instance of ethnographic curiosity rather her observations about and passion for Russia were translated into a commentary on the state of contemporary English cultural and social life Her interest in nationalism was based on the conviction that each country deserved an art of its own Her call for artists and intellectuals to play a vital role in the cultural and social life of the country illustrated how her Russian experiences could map onto the liberal values of Victorian England And her feminism was linked to the idea that women could exercise roles of authority and influence in society through participation in the arts A final chapter considers how her late interest in the music of Czechoslovakia pi

Russia in Britain, 1880-1940 Rebecca Beasley, Philip Ross Bullock, 2013-09-26 Russia in Britain offers the first comprehensive account of the breadth and depth of the British fascination with Russian and Soviet culture tracing its transformative effect on British intellectual life from the 1880s the decade which saw the first sustained interest in Russian literature to 1940 the eve of the Soviet Union's entry into the Second World War By focusing on the role played by institutions disciplines and groups libraries periodicals government agencies concert halls publishing houses theatres and film societies this collection marks an important departure from standard literary critical narratives which have tended to highlight the role of a small number of individuals notably Sergei Diaghilev Constance Garnett Theodore Komisarjevsky Katherine Mansfield George Bernard Shaw and Virginia Woolf Drawing on recent research and newly available archives Russia in Britain shifts attention from individual figures to the networks within which they operated and uncovers the variety of forces that enabled and structured the British engagement with Russian culture The resulting narrative maps an intricate pattern of interdisciplinary relations and provides the foundational research for a new understanding of Anglo Russian Soviet interaction In this it makes a major contribution to the current debates about transnationalism cosmopolitanism and global modernisms that are reshaping our knowledge of nineteenth and early twentieth century British culture **The Art of**

Comparison Catherine Brown, 2017-12-02 Comparison underlies all reading Readers compare words to words and books to all the other books which they have read Some books however demand a particular comparative effort for example novels which contain parallel plot lines In this ambitious and important study Catherine Brown compares Daniel Deronda with Anna Karenina and Women in Love in order to answer the following questions why does one protagonist in each novel fail whilst another succeeds Can their failure and success be understood on the same terms How do the novels use of comparison compare to each other How relevant is George Eliot's influence on Lev Tolstoy and Tolstoy's on D H Lawrence Does Tolstoy being a Russian make this a comparative literary study And what does the comparative in comparative literature actually mean Criticism is combined with metacriticism to explore how novels and critics compare Dostoevsky and English

Modernism 1900-1930 Peter Kaye, 1999-05-06 When Constance Garnett's translations 1910-20 made Dostoevsky's novels accessible in England for the first time they introduced a disruptive and liberating literary force and English novelists had to confront a new model and rival The writers who are the focus of this study Lawrence Woolf Bennett Conrad Forster Galsworthy and James either admired or feared Dostoevsky as a monster who might dissolve all literary and cultural distinctions Though their responses differed greatly these writers were unanimous in their inability to recognize Dostoevsky as a literary artist They viewed him instead as a psychologist a mystic a prophet and in the cases of Lawrence and Conrad a hated rival who compelled creative response This study constructs a map of English modernist novelists' misreadings of Dostoevsky and in so doing it illuminates their aesthetic and cultural values and the nature of the modern English novel

The Oxford Guide to Literature in English Translation Peter France, 2000 Translation has been a crucial process in

world culture over the past two millennia and more. In the English speaking cultures many of the most important texts are translations from Homer to Beckett, the Bible to Freud. Although recent years have seen a boom in translation studies, there has been no comprehensive yet convenient guide to this essential element of literature in English. Written by eminent scholars from many countries, the Oxford Guide to Literature in English Translation meets this need and will be essential reading for all students of English and comparative literature. It highlights the place of translation in our culture, encouraging awareness of the issues raised, making the translator more visible. Concentrating on major writers and works, it covers translations out of many languages from Greek to Korean, from Swahili to Russian. For some works, e.g. Virgil's Aeneid, which have been much translated, the discussion is historical and critical, showing how translation has evolved over the centuries and bringing out the differences between versions. Elsewhere, with less familiar literatures, the Guide examines the extent to which translation has done justice to the range of work available. The Guide is divided into two parts. Part I contains substantial essays on theoretical questions, a pioneering outline of the history of translation into English, and discussions of the problems raised by specific types of text, e.g. poetry, oral literature. The second, much longer part, consists of entries grouped by language of origin; some are devoted to individual texts, e.g. *The Thousand and One Nights*, or writers, e.g. Ibsen, Proust, but the majority offer a critical overview of a genre, e.g. Chinese poetry, Spanish Golden Age drama, or of a national literature, e.g. Hungarian, Scottish Gaelic. There is a selective bibliography for each entry and an index of authors and translators.
