**Consumer Equality** Geraldine Rosa Henderson, Anne-Marie Hakstian, Jerome D. Williams, 2016-09-26 This book provides a vivid examination of the issue of consumer inequality in America, one of society's most under-discussed and critical issues. Through the evaluation of real-life cases, the trend of consumers suing companies for discrimination, and the application of novel frameworks to establish legitimate consumer equality, everyone regardless of race, gender, or other appearance-based factors should receive equal access and equal treatment in businesses open to the public. Unfortunately, consumer equality has yet to be achieved. In fact, marketplace discrimination remains a pervasive problem in the United States in spite of racial inroads on other fronts, employment, and housing, for example. *Consumer Equality: Race and the American Marketplace* is the first book to elucidate how consumer discrimination remains an unresolved, pressing, and complex issue. Written by three well-established experts on consumer discrimination and business law who have presented their research and opinions to national and local media and as expert witnesses in court cases, this book examines the multilayered problem that results in citizens being suspected of committing a crime or detained by police or security personnel because of their ethnic/racial background. This book could be considered required reading for representatives of large corporations, small businesses, and any organization interested in avoiding charges of marketplace discrimination, as well as civil rights groups, community organizations, and organizations concerned about social justice.
