Ryan McGinley:

Ryan McGinley: Yearbook Ryan McGinley, 2024-10-29 Yearbook represents a decade's worth of Ryan McGinley's nude studio portraits documenting his vibrant community of artists and creatives. An exploration of personal identity and expanded notions of beauty, this is McGinley's work at its most powerful. Known for his outdoor photography of young people cavorting in the nude, McGinley ventures into the artist's studio, creating more intimate portraits of his models in Yearbook. Continuing the approach of previous bodies of work, his sitters are often friends, and they exude a candid awareness of the camera, creating joyful, dynamic images. As a master chronicler of downtown New York City for two decades, McGinley captures the lives of his diverse subjects, earning acclaim as the voice of his generation and indelibly capturing the contemporary zeitgeist. The book features brief interviews with many of the models, discussing their lives and work, providing an even more thoughtful understanding of the quixotic generations known as Gen Z and Millennials. Ryan McGinley Nora Burnett Abrams, 2017-03-07 The first book to examine Ryan McGinley's early photographs and Polaroids, raw visceral portraits of his coterie of friends and artists in downtown New York City. Published to accompany an exhibition at Museum of Contemporary Art, Denver. Ryan McGinley: The Kids Were Alright focuses on the photographer's early work from 1998 to 2003, the year of his solo exhibition at the Whitney Museum of American Art. These early photographs and Polaroids, many of which have never been exhibited or published, document his friends and collaborators in downtown New York City. In the process, McGinley created a powerful portrait of his generation and their often debauched lifestyle, gritty, daring, and focused on moments of both pleasure and tedium. McGinley's singular ability to capture the mood and emotional depth of a moment is evident even from the earliest years of his career. Curator Nora Burnett Abrams offers the most comprehensive consideration to date of this important work in her essay and other contributions, including an interview with McGinley and artist Dan Colen and several short reminiscences from many of his subjects and social circle at the time, which will provide context and commentary on the more than 100 works in the volume. Ryan McGinley: Way Far, 2015-10-20 the most important photographer in America. GQ magazine. Since first coming to prominence 10 years ago, Ryan McGinley has ushered in a wholly new language of photography: images that are uniquely grounded in our contemporary moment while simultaneously evoking an idyllic timelessness. In this new volume, Ryan McGinley: Way Far, the artist presents a collection of his most recent work. McGinley was the first of his generation of artists to explore the nude figure within the American landscape. With a fresh set of eyes, he embarked on an ongoing series of images that were shot during months-long summer road trips cross-country. Transfixed by the open vistas and the picturesque wilderness he found along the way, McGinley and his models, not unlike explorers from another century, set out to rediscover these unpopulated spaces. Whether hiking on peat-covered mountains, swimming in crystalline lakes, or rolling around in vast fields of tall grass, the artist's images of bodies in pastoral scenes have been his signature, and his

triumph has been his ability to evoke the almost dream like state that comes with that kind of freedom As one of the most critically acclaimed photographers working today and rightfully considered the voice of a generation no other contemporary artist s work has permeated pop culture this indelibly *Ryan McGinley*,2010 The Journey is the Destination : the Ryan McGinley Purple Book Ryan McGinley,2013 **Ryan McGinley: Way Far** ,2015-10-20 the most important photographer in America GQ magazine Since first coming to prominence 10 years ago Ryan McGinley has ushered in a wholly new language of photography images that are uniquely grounded in our contemporary moment while simultaneously evoking an idyllic timelessness In this new volume Ryan McGinley Way Far the artist presents a collection of his most recent work McGinley was the first of his generation of artists to explore the nude figure within the American landscape With a fresh set of eyes he embarked on an on going series of images that were shot during months long summer road trips cross country Transfixed by the open vistas and the picturesque wilderness he found along the way McGinley and his models not unlike explorers from another century set out to rediscover these unpopulated spaces Whether hiking on peat covered mountains swimming in crystalline lakes or rolling around in vast fields of tall grass the artist s images of bodies in pastoral scenes have been his signature and his triumph has been his ability to evoke the almost dream like state that comes with that kind of freedom As one of the most critically acclaimed photographers working today and rightfully considered the voice of a generation no other contemporary artist s work has permeated pop culture this indelibly **Ryan McGinley** Ryan McGinley,2004 **The Ryan McGinley purple book : the journey is the destination** ,2013 **Ryan McGinley** Ryan McGinley,Ariana Reines,2018-10-16 Ryan McGinley one of the most important photographers of his generation asks his friends and colleagues to take the camera into their own hands Following instructions given to them by the artist a group of individuals explore their own image Ryan McGinley since the earliest days of his unparalleled career has chronicled his friends and cohorts Whether on the now legendary annual road trips he has organized with a large coterie of twentysomethings documenting summertime exploits or documenting the early gritty years in downtown New York McGinley is known as the consummate storyteller about freedom and abandon of youth A few years ago however he wanted to challenge his creative habits and asked more than one hundred of his friends and colleagues guided by detailed instructions and a camera given to them by the artist to take nude self portraits using mirrors and other props Though related to the ubiquitous selfie the participants didn t have the benefit of seeing the image before they clicked the shutter Furthermore McGinley would make the selection of the final image to represent the photo session The experiment yielded scores of intimate and psychologically revealing photos that even though not done by his own hand bear some signature McGinley flourishes in their emotional depth and resonance **Ryan McGinley** Ryan McGinley,2002 Ryan McGinley Ryan McGinley,2011 Social Practices Chris Kraus,2018-10-30 Essays on and around art and art practices by the author of I Love Dick A border isn t a metaphor Knowing each other for over a decade makes us witnesses to each other s lives My escape is his prison We meet in a bar and smoke
