S O S Sobriety The Proven Alternative To 12 Step Programs:

AA Not the Only Way Melanie Solomon, 2008 A discussion of alternative resources for addiction treatment including a comprehensive directory of licensed professionals and treatment programs **SOS Sobriety** James Christopher, 2010-08-05 In this controversial book the founder of S O S Secular Organizations for Sobriety or Save Our Selves describes his sobriety priority approach to abstinence and attacks programs that promote controlled drinking for alcoholics and that insist alcoholism is a behavioral problem rather than a physiological and genetic one **Encyclopedia of Drug Policy** Mark A. R. Kleiman, James E. Hawdon, 2011-01-12 Spanning two volumes of approximately 450 entries in an A to Z format this encyclopedia explores the controversial drug war through the lens of varied disciplines A full spectrum of articles explains topics from Colombian cartels and Mexican kingpins to television reportage from just say no advertising to heroin production and from narco terrorism to more than 500 billion in U S government expenditures Key Themes Cases Conferences and Conventions Countries Affecting U S Drug Policy Drug Trade and Trafficking Laws and Policies Organizations and Agencies People Presidential Administrations Treatment and Addiction Types of Drugs **Lowinson and Ruiz's Substance Abuse** Pedro Ruiz, Eric C. Strain, 2011 A comprehensive authoritative text on all aspects of substance abuse and addiction medicine Scientific topics such as the biology of various addictions and all dimensions of clinical treatment and management are addressed by a wide range of leading contributors Behavioral addictions are addressed also so the text is not solely devoted to specific substances and their misuse Provided by publisher **How to Quit Drugs for Good** Jerry Dorsman, 2009-02-04 Free Yourself from Addiction Quitting drugs may be the best thing you can do for yourself and your loved ones But it can also be the toughest challenge of your life This book can help Jerry Dorsman author of the acclaimed How to Quit Drinking Without AA and a respected therapist who specializes in addiction recovery has helped thousands of people quit drugs and get on with their lives In How to Quit Drugs for Good Dorsman helps you find the best approach to beating any drug habit from barbiturates and prescription drugs to marijuana cocaine and heroin Through a series of self discovery exercises worksheets and checklists you will learn how to Determine if you have a drug problem Examine your individual reasons for using drugs Decide when and how you want to quit Develop your own treatment plan Choose the techniques that will work for you Create your own success And much much more **Circles of Recovery** Keith Humphreys, 2003-10-30 Self help organizations across the world such as Alcoholics Anonymous Croix D Or The Links Moderation Management Narcotics Anonymous and SMART Recovery have attracted tens of millions of individuals seeking to address addiction problems with drugs or alcohol This book provides an integrative international review of research on these organizations focusing in particular on the critical questions of how they affect individual members and whether self help groups and formal health care systems can work together to combat substance abuse Keith Humphreys reviews over 500 studies into the efficacy of self help groups as an alternative and voluntary form of treatment In addition to offering a critical review of the international

body of research in this area he provides practical strategies for how individual clinicians and treatment systems can interact with self help organizations in a way that improves outcomes for patients and for communities as a whole *The Quest for the Inner Human* Steven H. Propp, 2013-12-03 Psychology means the study of the soul it is the social science concerned with investigating who we are why we have certain feelings and why we do the things we do Are we no more than a vast assembly of nerve cells and their associated molecules Is biology our genetic inheritance destiny or does social upbringing play a crucial role What are the roles played by Nature and by Nurture Are we purely physical beings or is there an aspect that can be called spiritual This thought provoking novel takes you on a journey of intellectual and emotional exploration considering along the way questions that we've all asked ourselves such as Is it true that we only use 10% of our brains Does playing classical music for infants increase their intelligence Do crime rates go up during a full moon Can hypnosis or post hypnotic suggestions make us do something we wouldn't normally do Does subliminal advertising influence us to buy products Are our memories stored indelibly almost like a tape recorder What causes memory lapses as we age Can repressed traumatic memories be recovered through hypnosis Do some people have multiple personalities How can I tell if someone has a neurosis or a psychosis Do men have an inner feminine side and women an inner masculine Are there innate psychological differences between males and females The four main characters in this book will guide you through a diverse and sometimes bewildering world of differing approaches to answering such questions such as Freudian Jungian and Adlerian Humanistic Existential and Transpersonal as well as Cognitive Emotive and Behaviorist Along the way you will learn about the developmental stages proposed by psychologists such as Erikson Kohlberg Piaget and Fowler and even explore some of the questions currently being asked by both neuroscientists and philosophers of the mind Start reading to begin your study of our innermost selves **Take Control of Your Drinking** Michael S. Levy, 2021-01-12

Accepting that there is no one size fits all approach to controlling drinking the latest edition of this bestselling book will help you assess your drinking and determine whether moderation or abstinence is the best path for you For decades the standard treatment for people struggling with alcohol consumption has focused on convincing them to admit that they are an alcoholic to stop drinking entirely and to enter into a program most commonly Alcoholics Anonymous But in his more than thirty five year career as an addiction specialist working with people who want to change their drinking habits Michael S Levy has found that the routes to behavioral change actually vary And although abstinence is the successful route for many people others can moderate their drinking on their own or with professional help In this practical effective and compassionate book Levy helps people take control of their alcohol problem by teaching them how to think about and address their drinking habits Beginning with a set of self assessments that reveal whether the reader's use of alcohol is creating problems Levy explains the causes of problem drinking discusses the growing recognition of the various ways an alcohol use disorder can show itself and talks about why it is so difficult to change Offering advice for choosing between moderating your drinking or abstaining altogether

he also touches on coping with slipups fighting helplessness and the fear of failure and knowing when moderation is not achievable The book is unique in that instead of telling people what they need to do it meets people at their stage of change and level of readiness to change and helps them decide for themselves what they need to do Drawing on the latest scientific evidence this new edition includes a chapter on the concept of self medication a useful but at times overused idea a chapter on the concurrent use of drugs particularly cannabis during recovery an exploration of modern strategies for dealing with drinking including technology apps that count drinks for example and medications that curb alcohol consumption reflections on the use of stigma communication strategies for individuals seeking to share their struggle with others an exploration of common triggers additional worksheets and tips to achieve success further material about self help programs and insights about the dark side of addiction treatment Ultimately Take Control of Your Drinking empowers people to tackle their drinking problem and gives them the freedom to do so in a way that fits with their own lifestyle and values This book is useful for anyone who may find that they are drinking too much for the loved ones of such people and for clinicians who want to broaden their skills when working with people who struggle with alcohol

Overcoming Your Alcohol, Drug & Recovery Habits James DeSena, 2002-09-01 Recognizing that an addiction to 12 step programs can be just as dangerous as an addiction to alcohol or drugs this book provides techniques to counter the self defeating beliefs that lead to addiction It enables those who have gone through Alcoholics Anonymous Narcotics Anonymous and formal 12 step addiction treatments to overcome the self destructive beliefs and attitudes that these programs promote These include the idea that addicts and alcoholics are powerless the belief that addiction is an incurable disease the assertion that people who slip inevitably lose control and the notion that those who reject the 12 step approach are doomed Devoted to helping individuals indoctrinated in 12 step dogma recognize their destructiveness this book provides effective psychological techniques to vanquish negative thinking and help individuals regain control of their lives

Recovery the Native Way Dr. Alf H. Walle, 2008-11-01 This book is written in the belief that many Native substance abusers suffer because their cultural heritage is being swept away or because they have lost contact with it While Alcoholics Anonymous and Narcotics Anonymous provide wonderful leadership to millions of people they do not deal with the pain that can arise when cultures weaken and die or when people are cut off from their heritage While not seeking to replace tools of recovery such as Alcoholics Anonymous and Narcotics Anonymous this book deals with the fact that people often lose the ability to cope when their cultures are under attack The resulting pain can lead to substance abusers If strengthened however the traditions of a people can help people regain their sobriety The example of Handsome Lake a Native leader who lived many years ago demonstrates the power of tradition Handsome Lake was an alcoholic near death who at the last possible moment regained his sobriety and invented a method that helped the Iroquois people overcome their

alcoholism and restore their culture This strategy was made up of two parts 1 reaffirming and strengthening the culture and 2 living a sober life while undoing past wrongs This book is written to how how Handsome Lake s inspirational example can help today s Native people who seek recovery from substance abuse Battling the Inner Dummy David L.
