Witch-Hunt Histories Marko Nenonen, Raisa Maria Toivo, 2013-10-02 This book gives an analytical review of the history of witch hunt historiography. So far not much attention has been paid to how the European witch hunts have been studied and explained in some 150 years of academic research on the issue. The history of the approaches and explanations in witch hunt research fundamentally contributes not only to our understanding of the bizarre phenomenon in European history but also contributes to understanding of cultural as well as academic trends which heavily direct any research even when scholars are not cognisant of their underlying premises. How and why the picture of witch hunts has been changing in scholarly works and text books is as illuminating an issue as the proper explanations offered by the research works. Contributors include Rune Blix Hagen, Ronald Hutton, Gunnar W. Knutsen, Marianna G. Muravyeva, Marko Nenonen, Raisa Maria Toivo, Charles Zika.

Wicca & Enneagram 2 books in 1 Sarah Kunkel, John Heffner, 2020-06-05 Everything You Need to Know to Start Your Wiccan Journey. Learn about the history and practice of the Wiccan tradition, discover the incredible power of spellcasting for health, wealth and happiness and explore the magickal side of herbs, plants to connect with nature as the earliest shamans did in the ancient world. The world we live in today seems wholly distant from the one our ancestors lived in, a world where humans and Nature were at one, their existence intertwined in the natural cycles of life. Wicca teaches us to appreciate the Earth, celebrating the intricate changes in the seasons and everything they bring. As you'll discover in this book, Wicca is a reincarnation of the very earliest religions practiced for millennia before the advent of Christianity. Wiccans celebrate and share many of the same beliefs our ancestors held with practices that honor the old ways while being compatible with contemporary life. Interest in Wicca, Witchcraft and contemporary magic has increased exponentially over the past few decades. The dramatic rise of this Nature-based religion is due at least in part to the Internet, just twenty years ago people curious about these subjects often had little access to credible information, especially those without a good New Age or Occult bookstore nearby. But the appeal of Wicca is also growing in tandem with the increasing complexities of our modern, high pressured mainstream society. Have you ever wondered why you are the way you are? Do you want to understand the motivations and dynamics of your personality? Most likely the middle of the human personality will always retain some mystery, but with the proper tool in hand, almost anyone can start to pry away the opaque clouds of wonder and get a glimpse into the truth about themselves. If you have never heard of the Enneagram before, then it just may be the tool you have been missing. The Enneagram is a powerful ancient tool used to help individuals recognize their personality types and thus better understand their actions, thoughts and feelings more intimately. Through this understanding you will be finally able to realize, own and accept your deepest strengths and weaknesses. You will discover the origins and history of Wicca.
