Thompson,2011-10-04 The irreverent writer s long lost novel written before his nonfiction became popular chronicles a journalist s enthusiastic drunken foray through 1950s San Juan **Sack the Startup** Banudas Athreya,2017-08-30 Any conversation about startups begins with More than 90% of the startups fail You hear this you stay away from the startup ecosystem For the first time Banudas Athreya brings about a real breakthrough for success in startups and the startup ecosystem for you When you are in a startup you should look upon yourself as an investor who is investing time and energy and not just as an employee getting paid for his services An investor evaluates the performance of the companies in which money is invested and does not hesitate to exit the investment if necessary Sack the Startup is about the attitude you wear and carry to be successful in the startup ecosystem It emphasizes that you are on equal footing with the

employer and have the same power and responsibilities When you work for a startup you also need to evaluate whether the startup works for you In Sack the Startup you get to know The attitude required to be successful in startups The need to work on yourself first before working on products or markets That being the right person is more important than doing the right things That you can be successful whether the startup is successful or not The startup offers you a journey that is exciting irrespective of the destination *Papers ...* Manchester Literary Club,1913 *Cosmopolitan* ,1989-10
