Sacraments As Gods Self Giving:

Sacraments as God's Self Giving James F. White, 1983 A comprehensive look at the sacraments in today's mainline Protestant churches Shows how the church can utilize the power of physical symbolism embodied in both the outward and visible and the inward and spiritual to enrich worship **Sacraments and Worship** Maxwell E. Johnson, 2012-01-01 The church's development and use of sacraments has evolved in many ways from the days of the early church to the present This sourcebook provides key theological texts that played a role in those movements Johnson traces the history and theology of individual sacraments along with their liturgical context in the church's worship He includes materials previously developed in James F White's classic collection Documents of Christian Worship Descriptive and Interpretive Sources Westminster John Knox Press 1992 and supplements these to provide a wide range of indispensable materials He also contributes helpful background notes to give the reader the full breadth and depth of the church's thought on these important topics This book will be of great value to those studying the history of Christian worship and the development of the sacraments

Sacraments & Sacramentality Bernard J. Cooke, 1994 Identifies sacramentality as the essence of life how life's meaning reveals and makes present the saving love of God For the author the totality of Jesus' mission is the root of each Christian's ability and calling to transform and sanctify the human experience of living Introduction to Christian Worship James F. White, 2023-11-21 James White's classic Christian worship text revised and updated The book students of worship have read and re-read is now revised and updated for the first time in more than twenty years Author Ed Phillips one of White's graduate students is joined by practitioners and teachers from emerging generations who contribute timely and well-researched material from their own areas of expertise This new content brings the original up to date filling significant gaps since the original publication on topics like technology arts embodiment in and of worship pluralism and multiculturalism denominational changes and changes in the spaces and forms of worship including worship in the age of pandemics This new edition will take its place on the shelf of every student pastor and leader of Christian worship Unleashing the Work of God W. Joseph Stallings, 2019-11-07 Are we Methodists ready for the work of God to be unleashed Are we ready for Methodism to be the catalyst of yet another New Pentecost God has decisively acted in Christ and Christ says Do this Therefore there is only one real answer since not ready is not a valid response For United Methodism to be revived there can be no more such excuses Christ showed us his presence and power through Constant Word and Sacrament praxis during the time of the Acts 2 church Christ then again showed us his same divine presence and power through Constant Word and Sacrament praxis during the Methodist Evangelical Revival We have now been given two millennia to view this work of God We Methodists were born of this work of God How much more being made ready to unleash it do we require Teaching as a Sacramental Act Mary Elizabeth Moore, 2004-11-01 Moore asserts that Christian vocation and the teaching vocation in particular can be best understood as sacramental mediating the grace of God through ordinary creation for the sanctification

of human life and the well being of all creation She develops her argument through three important factors a historical theological analysis of the Christian sacraments and sacramentality a phenomenological study of teaching events and a description of six sacramental movements and corresponding teaching practices informed by Jewish Christian traditions and Eucharistic practices The nine detailed chapters include Searching for the Sacred Sacred Teaching Education as Sacrament Expecting the Unexpected Remembering the Dismembered Seeking Reversals Giving Thanks Nourishing Life Reconstructing Community and Repairing the World and Mapping the Future of Sacramental Teaching Teaching as a Sacramental Act is ideal for students pastors Christian educators spiritual directors and pastoral caregivers who want to rethink and reshape the teaching ministry of the church

Evangelicals, Worship and Participation Alan Rathe, 2016-04-22 In discussions of worship the term participation covers a lot of ground It refers not only to concrete acts in gathered liturgy but also to some of the loftiest claims of Christian theology In this book Alan Rathe probes the ways in which North American evangelicals have in recent years regarded the landscape of participation Rathe presents a broad review of evangelical worship literature through a lens borrowed from medieval theology This brings into surprising focus not only evangelical understandings but also evangelical identities and the historical traditions they reflect and offers fresh perspectives on such current theological concerns as God's triunity missio Dei and the practical theology of participation Offering a fresh contribution to a young but important discipline the liturgically informed study of evangelical worship practice this book reconnects the evangelical tradition to the Great Tradition and in the process re appropriates classic concepts that are full of promise for contemporary ecumenical dialogue

The Faith of the Christian Church Tyron Inbody, 2005-04-14 Tyron Inbody has taught the basics of Christian theology for more than twenty five years Having seen over the years what issues and questions his students bring to class he now offers this engaging accessible introduction to all the major beliefs of the Christian faith Meant especially but not exclusively for readers new to theology Inbody's Faith of the Christian Church covers twelve traditional areas of Christian teaching theology revelation faith God creation suffering and evil humankind Jesus Christ salvation church sacraments and the end times Inbody also dives into provocative topics not usually treated in introductory texts creationism the devil miracles the virgin birth and more The book's broad ranging perspective which intentionally defies labels commends it to individuals and small groups from many church traditions Quote boxes and illustrations drawn from popular culture make the text visually interesting and enjoyable to read Inbody does not hide his own stance on issues but presents a full range of interpretations and openly points readers to other possibilities they can pursue The Faith of the Christian Church offers just enough questions to provoke reflection and just enough answers to encourage readers to form their own grasp on the Christian faith

The Body of Compassion Joel Shuman, 2003-03-12 In The Body of Compassion Joel Shuman presents an important new theological treatment of contemporary bioethics weaving together personal experience a critical treatise on bioethics and an exploration of a Christian theological alternative The author first draws the reader toward a consideration of

the current state of his grandfather a hardworking man with deep attachments to family and land who died a solitary death unaccompanied by loved ones in the unfamiliar and sterile world of a hospital Troubled by the way his grandfather died Shuman takes the reader along as he explores how modern medicine has distanced itself from dealing with people as living beings beyond their immediate physicality He examines how various approaches to bioethics over the past twenty years have tried to remedy this problem by prescribing certain standards for treatment and how each of these ultimately has fallen short due to the lack of a teleological concern for the body i e a concern for what the body is actually for in a larger context From this point Shuman deftly moves to a discussion of the centrality of the body to Christianity focusing on how baptism participation in the liturgy and the partaking of the Eucharist all serve to unite Christians as one in the body of Christ For Christians the author argues the body does not just belong to the individual but rather is one with the community of the Church With this in mind Shuman proposes a new kind of bioethics for Christians where care for the body of Christ becomes the model of how we should care for and receive care from each other This fresh and thought provoking book is sure to be of interest to ethicists medical professionals and everyone who is troubled by the conflicts between science and religion The Sacrament of Eucharist John D. Lurance, 2012-11-01 In The Sacrament of the Eucharist the latest volume in the *Lex Orandi* Series John D. Lurance considers the Eucharist by way of two questions How by his first century life death and resurrection does Jesus Christ save all human beings throughout history from eternal death and make possible their permanent union with God How is that salvation made available now through the community of the church in her liturgical celebrations Soteriology and ecclesiology therefore play a prominent role in Lurance's investigation After forging a theology of the liturgy primarily out of the work of Rahner Kilmartin and Chauvet the author investigates the nature of the *lex orandi lex credendi* relationship and offers guidelines on how best to read the church's faith in her life of prayer He then uses both steps to discover the faith meaning of a particular Eucharist as typically celebrated in a modern American parish on Sunday morning

Karl Rahner Karl Rahner (S.I.), 1992 Karl Rahner's 1904-84 creative proposals in theological areas made him one of the giants of 20th century theology The depth of his contributions has made study of Rahner's writings difficult but Kelly's anthology of Rahner's writings overcomes the obstacles beautifully A select bibliography neatly organizes the vast work by and on Rahner Part of *The Making of Modern Theology* Series *To Love Is to Listen* Ray Schroeder, 2001-01-17 God's love is shown when we listen with concern and understanding to another person face to face People long to feel that they are understood and valued by someone else Jesus said His disciples would be known by this sign that they love one another God is calling the people of the church today to go into the community and listen to visit in people's homes and at their workplaces and show the love of God in person This book will show you how to do that and in the process you will grow in your faith and understanding of what it means to live the Christian life The "Supernatural Powers" in the Marriage Sacrament: Christ's Unique Saving Gift to Husband and Wife Jeff Edward Poulin, 2023-04-10 Entrenched in the teachings of

the Church and enriched by the Bible is an untapped wealth of truth and what Pope Pius XI in his encyclical *Casti Connubii* calls supernatural powers concerning sacramental marriage that awaits those willing to undergo the journey In this book *The Supernatural Powers in the Marriage Sacrament* those who seek will indeed find that through a systematic and tenable development of marriage its mystery is not only illustrated and unveiled but perpetuated in the supernatural gifts that Christ has embedded in this vocational Sacrament Throughout these pages as the marital union unfolds through the lens of Christ across the Old and New Testaments Christian spouses will be moved by the depth of their own calling and inspired with renewed vigor to pick up the torch and to live out that life a life which has been ordained by God in holiness as a truly unique and efficacious revelation of the redeeming power of Christ In Part I of *The Supernatural Powers in the Marriage Sacrament* the first seven chapters are specifically designed to lead deacons catechists and lay Catholics especially husbands and wives to learn through a gradual yet intensively biblical and theological journey towards the unveiling of the unique redeeming gift to spouses that which is seen established and empowered through Christ at the Cross Here one finds the specific dynamics of that Sacramental gift unpacked and the sound spiritual evidence laid out for why there is such an absence of this marital fruit in our modern era In Part II Poulin then unpacks in greater detail how marriage and the gender of husband and wife serve as a revelation about man salvation and the Blessed Trinity and just how the religious life falls within that plan without contradiction or constraint Lastly in Part III Jeff Poulin puts under the microscope through the lens of the Church the powerful words of St Paul in 1 Corinthians 7:14 and defends the charge that the simplest Catholic explanation that which is often dismissed merits a serious second look

Cahall,2014-12-01 This remarkable study offers a comprehensive explanation of the Catholic Church s teaching on the sacrament of marriage Incorporating the rich insights found in St John Paul II s Theology of the Body Dr Cahall presents a theology of marriage that incorporates the biblical systematic pastoral and historical traditions which have shaped our understanding of this sacrament **The Sacrament of the Word Made Flesh** Robert J. Stamps,2013-08-01

Robert Stamps offers us a compelling case for the significance of the theology of Thomas Torrance to current discussions about Trinitarian doctrine and worship. He shows that Torrance's Christology and Eucharistic thought validates the Reformed confession of a profound real spiritual presence in the Eucharist. This book serves as a helpful introduction to Torrance especially his framing of revelation. Moreover, it invigorates our understanding of the theological meaning of sacramental devotion. Its readers will be stimulated, provoked, and dare I say inspired by its insights into and critiques of one of the most important and recent Reformed thinkers. In sum, this is a timely and exciting book. It will well serve pastors, theologians, and thoughtful Christians of many theological perspectives. MARK VALERI E T Thompson, Professor of Church History, Union Theological Seminary, Virginia. One of the values of this work is that it has deliberately sought not so much to discuss a particular problem or a collection of issues as to identify Torrance as an example of an archetypal Reformed theology of the Eucharist. To say that Dr Stamps has been industrious is patently an understatement; the truth is that he has been indefatigable in his search for the least morsel that Torrance offers. Yet it is not so much as a study of Torrance that this book is to be commended; its great value is that it offers a contextualization of Torrance's thinking on the Eucharist in ecclesiology, the more general dimension of an incarnational theology, as well as his understanding of cosmology and epistemology. I hope that Dr Stamps' book will not only find grateful readers but will be repaid by profound reflection on this symbol of the heart of faith. JOHN HEYWOOD THOMAS, Emeritus Professor of Theology, University of Nottingham. Table Matters Felicia Howell LaBoy, 2017-11-09. In many churches the work of evangelism and social justice is relegated to clergy staff or special committees. Rarely do most members of the laity believe they should or even want to engage in the tasks of evangelism and social justice. In this volume LaBoy contends that participation in baptism and Eucharist mandates for all Christians and those who are Wesleyan in their orientation; in particular that evangelism and social justice are not optional but in fact integral to their worship and witness. She argues that this understanding and practice of the integration of sacraments, evangelism, and social justice are what can help churches deal with contemporary issues of decline and church disenfranchisement by both congregants and those beyond church walls. LaBoy further argues that making the sacraments central to the worship life of congregations is what made early Methodists great evangelists and advocates for social justice.
